Title: Safety and Health Requirements Related to Camp Cars.

OMB Control Number: 2130-0595.

Abstract: To carry out a 2008 Congressional rulemaking mandate, FRA issued new regulations on October 31, 2011. See 76 FR 67073. New subpart E of part 228 prescribed minimum safety and health requirements for camp cars that a railroad provides as sleeping quarters to any of its train employees, signal employees, and dispatching service employees (covered-service employees) and individuals employed to maintain its right of way.

Under separate but related statutory authority, FRA also amended its regulations at 49 CFR part 228, subpart C regarding construction of employee sleeping quarters. In particular, FRA's existing guidelines with respect to the location, in relation to switching or humping of hazardous material, of a camp car that is occupied exclusively by individual's employed to maintain a railroad's right of way are being replaced with regulatory amendments prohibiting a railroad from positioning such a camp car in the immediate vicinity of the switching or humping of hazardous material.

Finally, FRA made miscellaneous changes to part 228, clarifying its provision on applicability, removing an existing provision on the pre-emptive effect of part 228 as unnecessary, and moving, without changing, an existing provision on penalties for violation of part 228 from subpart B to subpart A.

The information collected under this rule is used by FRA to ensure that railroads operating camp cars comply with all the requirements mandated in this regulation in order to protect the health and safety of camp car occupants.

Type of Request: Revision of a currently approved information collection.

Affected Public: Businesses (Railroads).

Form(s): N/A.

Annual Estimated Burden: 1,043 hours.

Addressee: Send comments regarding this information collections to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street NW., Washington, DC 20503, Attention: FRA Desk Officer. Comments may also be sent via email to OMB at the following address: oira_submissions@omb.eop.gov.

Comments are invited on the following: Whether the proposed collections of information are necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collections; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collections of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.
