

merchandise during the POR that had been exported by TMI or TMM.

Preliminary Determination of No Shipments

As noted in the “Background” section above, TMI and TMM submitted timely-filed certifications indicating that they had no shipments of subject merchandise to the United States during the POR. In addition, CBP did not provide any evidence that contradicts TMI’s and TMM’s claims of no shipments. Further, on August 29, 2014, the Department released to interested parties the results of a CBP query to corroborate TMI and TMM’s no shipment claims.¹¹ The Department received no comments from interested parties concerning the results of the CBP query.

Based on TMI’s and TMM’s certifications and our analysis of CBP information, we preliminarily determine that TMI and TMM did not have any reviewable entries during the POR. In addition, the Department finds that consistent with its recently announced refinement to its assessment practice in non-market economy (“NME”) cases, it is appropriate not to rescind the review in this circumstance but, rather, to complete the review with respect to TMI and TMM and issue appropriate instructions to CBP based on the final results of the review.¹²

Public Comment

Interested parties are invited to comment on the preliminary results and may submit case briefs and/or written comments within 30 days of the date of publication of this notice, pursuant to 19 CFR 351.309(c)(1)(ii). Rebuttal briefs, limited to issues raised in the case briefs, will be due five days after the due date for case briefs, pursuant to 19 CFR 351.309(d). Parties who submit case or rebuttal briefs in this proceeding are requested to submit with each argument a statement of the issue, a summary of the argument not to exceed five pages, and a table of statutes, regulations, and cases cited, in accordance with 19 CFR 351.309(c)(2).

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically using Enforcement and Compliance’s Antidumping and

Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit, Room 7046 of the main Department of Commerce building. An electronically filed document must be received successfully in its entirety by the Department’s electronic records system, IA ACCESS, by 5:00 p.m. Eastern Standard Time, within 30 days after the date of publication of this notice.¹³ Requests should contain: (1) The party’s name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. The Department intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. Additionally, pursuant to a recently announced refinement to its assessment practice in NME cases, if the Department continues to determine that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the PRC-wide rate. For a full discussion of this practice, *see Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For TMI, which claimed no shipments, the cash deposit rate will remain unchanged from the rate assigned to TMI in the most recently completed review of the company; (2) for previously investigated

or reviewed PRC and non-PRC exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate (including TMM, which claimed no shipments, but has not been found to be separate from the PRC-wide entity), the cash deposit rate will be the PRC-wide rate of 141.49 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213.

Dated: November 17, 2014.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a current information collection. The National Oceanic and Atmospheric Administration's (NOAA) National Marine Fisheries Service (NMFS) established programs to reduce excess fishing capacity by paying fishermen to surrender their vessels/permits. These fishing capacity reduction programs, or buybacks, are conducted pursuant to the Magnuson-Stevens Fishery Conservation and Management Act, and the Magnuson-Stevens Reauthorization Act (Pub. L. 109-479). The buybacks can be funded by a Federal loan to the industry or by direct Federal or other funding. Buyback regulations are at 50 CFR Part 600.

The information collected by NMFS involves the submission of buyback requests by industry, submission of bids, referenda of fishery participants and reporting of collection of fees to repay buyback loans. For buybacks involving State-managed fisheries, the State may be involved in developing the buyback plan and complying with other information requirements. NMFS requests information from participating buyback participants to track repayments of the loans as well as ensure accurate management and monitoring of the loans. The fees recordkeeping and reporting requirements at 50 CFR parts 600.1013 through 600.1017 form the basis for the collection of information.

DATES: Written comments must be submitted on or before January 23, 2015.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

The purpose of this information collection is to obtain information from individuals in the seven United States (U.S.) jurisdictions containing coral reefs. Specifically, NOAA is seeking information on the knowledge, attitudes and reef use patterns, as well as information on knowledge and attitudes related to specific reef protection activities. In addition, this survey will provide for the ongoing collection of social and economic data related to the communities affected by coral reef conservation programs.

The Coral Reef Conservation Program (CRCP), developed under the authority of the Coral Reef Conservation Act of 2000, is responsible for programs intended to enhance the conservation of coral reefs. We intend to use the information collected through this instrument for research purposes as well as measuring and improving the results of our reef protection programs. Because
