Food and Drug Administration

21 CFR Part 520

[Docket No. FDA–2014–N–0002]

Oral Dosage Form New Animal Drugs; Withdrawal of Approval of New Animal Drug Application; Oxytetracycline

AGENCY: Food and Drug Administration, HHS.

ACTION: Notification of withdrawal of approval.

SUMMARY: The Food and Drug Administration (FDA) is withdrawing approval of an abbreviated new animal drug application (ANADA) for an oxytetracycline soluble powder used to make medicated drinking water for livestock and poultry. This action is being taken at the sponsor's request because this product is no longer manufactured or marketed.

DATES: Withdrawal of approval is effective December 26, 2014.

FOR FURTHER INFORMATION CONTACT: Sujaya Dessai, Center for Veterinary Medicine (HFV–212), Food and Drug Administration, 7519 Standish Pl., Rockville, MD 20855, 240–276–9075, sujaya.dessai@fda.hhs.gov.

SUPPLEMENTARY INFORMATION: Vétoquinol N.-A., Inc., 2000 chemin Georges, Lavaltrie (PQ), Canada, J5T 3S5 has requested that FDA withdraw approval of ANADA 200–305 for Oxytetracycline Hydrochloride Soluble Powder because the product is no longer manufactured or marketed. Note this ANADA was identified as being affected by guidance for industry (GFI) #213, “New Animal Drugs and New Animal Drug Combination Products Administered in or on Medicated Feed or Drinking Water of Food-Producing Animals: Recommendations for Drug Sponsors for Voluntarily Aligning Product Use Conditions with GFI #209”, December 2013.

Therefore, under authority delegated to the Commissioner of Food and Drugs and redelegated to the Center for

Veterinary Medicine, and in accordance with § 514.116 *Notice of withdrawal of approval of application* (21 CFR 514.116), notice is given that approval of ANADA 200–305, and all supplements and amendments thereto, is hereby withdrawn, effective December 26, 2014.

Elsewhere in this issue of the **Federal Register**, FDA is amending the animal drug regulations to reflect the voluntary withdrawal of approval of this application.

Dated: December 9, 2014.

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

Allocation of Assets in Single-Employer Plans; Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This final rule amends the Pension Benefit Guaranty Corporation's regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans to prescribe interest assumptions under the benefit payments regulation for valuation dates in January 2015 and interest assumptions under the asset allocation regulation for valuation dates in the first quarter of 2015. The interest assumptions are used for valuing and paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

DATES: Effective January 1, 2015.

FOR FURTHER INFORMATION CONTACT: Catherine B. Klion (Klion.Catherine@PBGC.gov), Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005, 202–326–4024. (TTY/TDD users may call the Federal relay service toll free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

SUPPLEMENTARY INFORMATION: PBGC's regulations on Allocation of Assets in Single-Employer Plans (29 CFR part 4044) and Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) prescribe actuarial

assumptions—including interest assumptions—for valuing and paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions in the regulations are also published on PBGC's Web site (<http://www.pbgc.gov>).

The interest assumptions in Appendix B to Part 4044 are used to value benefits for allocation purposes under ERISA section 4044. PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for January 2015 and updates the asset allocation interest assumptions for the first quarter (January through March) of 2015.

The first quarter 2015 interest assumptions under the allocation regulation will be 2.89 percent for the

first 20 years following the valuation date and 3.12 percent thereafter. In comparison with the interest assumptions in effect for the fourth quarter of 2014, these interest assumptions represent no change in the select period, (the period during which the select rate (the initial rate) applies), a decrease of 0.21 percent in the select rate, and a decrease of 0.17 percent in the ultimate rate (the final rate).

The January 2015 interest assumptions under the benefit payments regulation will be 1.00 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for December 2014, these interest assumptions are unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits under plans with valuation dates during January 2015, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

Regulations Governing Retirement Savings Bonds

AGENCY: Bureau of the Fiscal Service, Fiscal Service, Treasury.

ACTION: Final rule.

SUMMARY: The United States Department of the Treasury, Bureau of the Fiscal Service, offers a new nonmarketable, electronic retirement savings bond for Treasury's new retirement savings program. The bonds will be issued to a designated custodian for Roth individual retirement accounts established under Treasury's program. This new savings bond is only available to participants in the retirement savings program and will protect the principal contributed while earning interest at a rate previously available only to federal employees invested in the Government Securities Investment Fund (G Fund) of their Thrift Savings Plan.

DATES: This final rule is effective December 15, 2014.

ADDRESSES: You can download this Final Rule at the following Internet addresses: <http://www.gpo.gov>; or <http://www.regulations.gov>.

SUPPLEMENTARY INFORMATION:**I. Background**

The Secretary of the Treasury is authorized under Chapter 31 of Title 31, United States Code, to issue United States obligations and offer them for sale under such terms and conditions as the Secretary may prescribe. On January 29, 2014, the President of the United States issued a Presidential Memorandum directing the Secretary to develop a new retirement savings security focused on reaching new and small-dollar savers. In response, the Secretary is offering electronic retirement savings bonds for Treasury's retirement savings program.

This new retirement savings program allows individuals to establish Roth individual retirement accounts (Roth IRAs) with Treasury's designated custodian. These accounts will allow savers to begin investing for retirement with no start-up costs and no fees. Participants in the program can continue to make periodic electronic contributions in any amount to their account.

Amounts contributed by participants in the program will be invested exclusively in Treasury's new retirement savings bonds. The designated custodian for the program will purchase and hold these new bonds for the benefit of the participants. This new savings bond is only available to participants in Treasury's new retirement savings program and will protect the principal contributed while earning interest at a rate previously available only to federal employees invested in the Government Securities Investment Fund (G Fund) of their Thrift Savings Plan.

Individuals can continue to participate in the program until their account balance reaches \$15,000 or until they have participated in the program for 30 years, whichever occurs first. At any time, participants can transfer their balance to a commercial

financial services provider to take advantage of the broad array of retirement products available in the marketplace. Because the accounts offered through the program are Roth IRAs, participants also have the flexibility to withdraw their contributions at any time without a penalty. Participants can keep their account and can continue investing in the retirement savings bond even if they change jobs.

With the retirement savings bond and Treasury's retirement savings program, American families can begin to build for their retirement. Treasury's program serves as a stepping stone to the broader array of retirement products available in today's marketplace. This rule establishes the terms and conditions of the retirement savings bonds.

II. Procedural Requirements**A. Administrative Procedure Act (APA)**

Because this rule relates to United States securities, which are contracts between Treasury and the owner of the security, this rule falls within the contract exception to the APA at 5 U.S.C. 553(a)(2). As a result, the notice, public comment, and delayed effective date provisions of the APA are inapplicable to this rule.

B. Congressional Review Act (CRA)

This rule is not a major rule pursuant to the CRA, 5 U.S.C. 801 *et seq.* It is not expected to lead to any of the results listed in 5 U.S.C. 804(2). This rule may take immediate effect after we submit a copy of it to Congress and the Comptroller General.

C. Paperwork Reduction Act (PRA)

There is no new collection of information contained in this final rule that would be subject to the PRA, 44 U.S.C. 3501 *et seq.* Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number.
