NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On October 28, 2014, we published a notice of proposed rulemaking (NPRM) entitled “Safety Zone, Kent Narrows Draw Bridge Repairs, Kent Island Narrows; Queen Anne’s County, MD” in the **Federal Register** (79 FR 64157). We received no comments on the proposed rule. No public meeting was requested, and none was held. The bridge operation regulations for Kent Island Narrows listed in 33 CFR 117.561 do not apply to this rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Event planners did not provide the Coast Guard adequate advance notice of the event to allow 30 days after publication with an appropriate period

for public comment. Notice for this event was submitted to the Fifth Coast Guard District via letter on September 22, 2014. Details for this event were not received by the Captain of the Port Baltimore until September 30, 2014.

B. Basis and Purpose

The legal basis and authorities for this rule are found in 33 U.S.C. 1231, 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to propose, establish, and define regulatory safety zones. The purpose of this safety zone is to protect public boaters and their vessels from potential safety hazards associated with repairs conducted at the Kent Narrows (MD–18B) Draw Bridge.

C. Discussion of Comments, Changes and the Final Rule

The Coast Guard received no comments in response to the NPRM. No public meeting was requested and none was held. Accordingly, the regulatory text mirrors the proposed text published in the NPRM.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

Although this regulation will restrict access to this area, the effect of this proposed rule will not be significant because: (i) The Coast Guard will give advance notification via maritime advisories so mariners can adjust their plans accordingly, and (ii) although the safety zone will apply to the entire width of the federal navigation channel, it does not restrict the entire width of Kent Island Narrows. Accordingly, vessel traffic not constrained by draft or height may be able to transit safely around the safety zone.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule may affect the following entities, some of which may be small entities: The owners or operators of vessels intending to operate, transit through or anchor within the safety zone during the enforcement period.

This safety zone will not have a significant economic impact on a substantial number of small entities for the reasons stated under paragraph D.1., Regulatory Planning and Review.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule affects your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments,

because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishing a temporary safety zone in the Kent Island Narrows to maintain public safety during repairs to the Kent Narrows (MD–18B) Draw Bridge. This action is necessary to protect persons and property during the project. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**.

Safety Zone; Reduced Visibility, Sector St. Petersburg Captain of the Port Zone, FL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary safety zones for all of Tampa Bay during periods of reduced visibility. The safety zones will be enforced when visibility falls below one nautical mile. Tampa Bay will be categorized into seven zones in order to close only the affected areas of Tampa Bay. Heavy fog affects Tampa Bay an average of 22 days annually, mainly between the months of November through March. These safety zones are necessary to protect commercial traffic from the hazards resulting from reduced visibility. Entering, transiting within, or transiting through this safety zone is prohibited unless authorized by the Captain of the Port St. Petersburg or a designated representative.

DATES: This rule is effective without actual notice from December 15, 2014 until March 31, 2015. For purposes of enforcement, actual notice will be used from the date the rule was signed, November 26, 2014, until December 15, 2014. The rule will be enforced when visibility is reduced below one nautical mile in affected zones.

ADDRESSES: Documents mentioned in this preamble are part of docket USCG-2014-1013. NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because Tampa Bay has recently experienced periods of reduced visibility that present a hazard to vessels and people in the port. In 1980, during a period of reduced visibility, the MV Summit Venture allided with the Sunshine Skyway Bridge resulting in the death of 35

people. This rule seeks to avoid such incidents by prohibiting vessel movements when visibility is reduced to less than 1 nautical mile. Any delay in the effective date of this rule would be contrary to public interest as immediate action is needed to protect the public from hazards associated with reduced visibility.

For the same reason discussed above, under 5 U.S.C. 553(d)(3) the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

The legal basis for the rule is the Coast Guard's authority to establish regulated navigation areas and limited access areas: 33 U.S.C. 1225, 1231; 33 CFR 1.05-1, 6.04-1; Department of Homeland Security Delegation No. 0170.1.

B. Discussion of the Temporary Final Rule

The Coast Guard is establishing a temporary safety zone for all of Tampa Bay for the purpose of closing Tampa Bay's navigable waterways or sections of Tampa Bay's waterways when visibility is reduced below one nautical mile due to fog and other inclement weather conditions.

Persons and vessels are prohibited from entering, transiting through, anchoring in, or getting underway within the safety zone unless authorized by the Captain of the Port St. Petersburg or a designated representative. Persons and vessels desiring to enter, transit within, transit through, or anchor in the safety zone may contact the Captain of the Port St. Petersburg by telephone at (727) 824-7506, or a designated representative via VHF radio on channel 16, to request authorization. If authorization to enter, transit through, anchor in, or remain within the safety zone is granted by the Captain of the Port St. Petersburg or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port St. Petersburg or a designated representative. The Coast Guard will provide notice of the safety zone by Broadcast Notice to Mariners and on-scene designated representatives.

C. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.
