The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁶ and Rule 19b-4(f)(6) thereunder.⁷ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.⁸

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)⁹ of the Act to determine whether the proposed rule change should be approved or disapproved.

[File No. 500-1]

Geo Finance Corporation; Order of Suspension of Trading

December 16, 2014.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Geo Finance Corporation ("Geo Finance") because of concerns regarding the accuracy and adequacy of information in the marketplace and potentially

manipulative activity related to Geo Finance common stock. Geo Finance is a Florida corporation with its principal place of business located in Toronto, Ontario, Canada. Its stock is quoted on OTC Link, (previously "Pink Sheets") operated by OTC Markets Group Inc., under the ticker symbol: GEFI.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the period from 9:30 a.m. EST, on December 16, 2014 through 11:59 p.m. EST, on December 30, 2014.

By the Commission.

Jill M. Peterson,

Updated Call for Reviewers of the World Ocean Assessment

AGENCY: U.S. Department of State.

ACTION: Notice of a Certification.

The U.S. Department of State, in coordination with the National Ocean Council, requests expert review of the draft World Ocean Assessment.

The United Nations (UN) has embarked on a regular process for global reporting on, and assessment of, the state of the marine environment, including socioeconomic aspects, the product of which is called the World Ocean Assessment (WOA). The projected, revised completion date for the first WOA is September 2015. Subsequent WOAs are expected to be generated every five years to document trends in the state of the marine environment. The WOA includes more than fifty subjects grouped within four main themes: Marine environment and understanding of the ocean's role in the global integrated Earth system; food security and food safety; human activities that influence the ocean or are influenced by the ocean; and marine biological diversity. A scientific and technical summary will integrate content to show linkages through interdisciplinary subjects such as human impacts, ecosystem services, and habitats. More information regarding the evolution and methodology of the WOA

⁷ 17 CFR 240.19b-4(f)(6).

⁸ 17 CFR 240.19b-4(f)(6). As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

can be found at www.worldoceanassessment.org.

This fall, UN Member States will have an opportunity to review the draft WOA, which is expected to comprise 50 chapters (approximately 15 pages each) and a 70-page technical summary; the outline (http://www.un.org/Depts/los/global_reporting/Outline_eng.pdf) illustrates the very wide range of expertise needed for such review. The Department of State invites experts in relevant fields of expertise to participate in the U.S. Government review of the draft WOA. Registration at www.review.globalchange.gov, a Web-based review and comment system, is currently open for experts planning to review the draft WOA. Registered experts will have access to the draft WOA on 20 December 2014 and will have until 5:00 p.m. (EST) 6 February 2015 to submit their review comments using the Web-based review and comment system. Detailed instructions for review and submission of comments are available at www.review.globalchange.gov.

A Review Coordination Team comprising Federal scientists and program managers will develop a consolidated U.S. Government review submission. Only comments received via the Web-based review and comment system within the comment period will be considered by the Review Coordination Team for inclusion in the U.S. Government review submission.

This certification will be published in the **Federal Register**.
