

Floodway, in the City of Dallas, Dallas County, TX. The FEIS documents the existing condition of environmental resources in and around areas considered for development, and potential impacts on those resources as a result of implementing the alternatives. The alternatives considered in detail are: (1) Alternative 1, the No-Action Alternative or "Future Without Project Condition;" (2) Alternative 2, the Proposed Action. Alternative 2 evaluates two different design variations, one that anticipates potential Trinity Parkway construction within the Floodway and one that does not.

DATES: All written comments must be postmarked on or before January 18, 2015.

SUPPLEMENTARY INFORMATION: The USACE, Fort Worth District has prepared a FEIS in accordance with the National Environmental Policy Act. The FEIS has been developed as a cooperative effort by the USACE Fort Worth District, the City of Dallas, TX (non-federal sponsor), and the Federal Highway Administration (cooperating agency). The FEIS describes the anticipated environmental and socioeconomic impacts of the proposed Dallas Floodway Project, and revises the Draft EIS released April 18, 2014. The City of Dallas proposes to implement flood risk management elements, Balanced Vision Plan (BVP) ecosystem and recreation features, and Interior Drainage Plan (IDP) improvements within the Dallas Floodway. The project area is located along the Trinity River from the abandoned Atchison, Topeka and Santa Fe bridge upstream to the confluence of the West and Elm Forks, then upstream along the West Fork for approximately 2.2 miles, and upstream along the Elm Fork for about 4 miles.

Section 5141 of the Water Resources Development Act of 2007 (Pub. L. 110-114; 121 Stat.1041), as amended in 2014, provides authorization for implementation of the City of Dallas Balanced Vision Plan Study and Interior Drainage Plan improvements following the preparation of required NEPA documentation. This action is in accordance with title 33 Code of Federal Regulations section 325.2(a)(4), which

discusses NEPA procedures and documentation. The purpose of the Proposed Action is to reduce flood risk through flood risk management, enhance ecosystems, and provide greater recreation opportunities within the Dallas Floodway in Dallas, Texas. Flooding events on the Trinity River have historically caused loss of lives and damage to property and structures. Urbanization and past channelization and clearing have significantly degraded the natural terrestrial and aquatic habitat of the Dallas Floodway. Furthermore, the City of Dallas lacks sufficient recreational opportunities for citizens and visitors. Implementation of the Proposed Action is needed to comply with section 5141 of the Water Resources Development Act of 2007, as amended.

In addition to the Federal project described above, the City of Dallas has submitted an application for approval of the entire project (BVP and IDP) as a locally sponsored action under the provisions of 33 United States Code section 408 (section 408), section 404 of the Clean Water Act (CWA), and section 10 of the Rivers and Harbors Act. The Permit Number for this action is SWF-2014-00151.

USACE issued and made publicly available a Draft EIS (DEIS) on April 18, 2014. The findings of the DEIS were presented at a public meeting held on May 8, 2014, from 5:30 to 9:30 p.m., at the Dallas City Hall, L1FN Auditorium, 1500 Marilla, Dallas, Texas 75201. The DEIS was also made available via internet posting, hard copies available at local libraries, and discs provided on request. The comment period ran from April 18 through June 17, 2014. The USACE considered and responded to all relevant comments received during the Public Review Period and incorporated all relevant comments into the FEIS. Most of the comments were generally beyond the scope of the EIS and were related to the potential Trinity Parkway project, a separate project proposed by others.

Document Availability: Copies of the FEIS may be reviewed at the following location: U.S. Army Corps of Engineers, Fort Worth District Web site: <http://www.swf.usace.army.mil/Missions/WaterSustainment/DallasFloodway.aspx> Electronic copies may also be requested in writing at Marcia R. Hackett, P.O. Box 17300, Fort Worth, TX 76102-0300 or by telephone (817) 886-1373.

[Docket No.: ED-2014-ICCD-0145]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; College Affordability and Transparency Explanation Form (CATEF) 2015-2017

AGENCY: Office of Postsecondary Education (OPE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before January 20, 2015.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2014-ICCD-0145 or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will ONLY accept comments during the comment period in this mailbox when the regulations.gov site is not available. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E103, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Ashley Higgins, 202-219-7061.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested

data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: College Affordability and Transparency Explanation Form (CATEF) 2015–2017.

OMB Control Number: 1840–0822.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 655.

Total Estimated Number of Annual Burden Hours: 2,172.

Abstract: The Office of Postsecondary Education (OPE) is seeking a renewed three-year clearance for the College Affordability and Transparency Explanation Form (CATEF) data collection. OPE has collected this information since 2011–12 and the collection of information through CATEF is required by § 132 of the Higher Education Act of 1965 as amended (HEA), 20 U.S.C. 1015a with the goal of increasing the transparency of college tuition prices for consumers. This submission is for the 2014–15, 2015–16, and 2016–17 collection years. CATEF collects follow-up information from institutions that appear on the tuition and fees and/or net price increase College Affordability and Transparency Center (CATC) Lists for being in the five percent of institutions in their institutional sector that have the highest increases, expressed as a percentage change, over the three-year time period for which the most recent data are available. The information collected through CATEF is used to write a summary report for Congress which is also posted on the CATC Web site (accessible through the College Navigator).

Dated: December 16, 2014

[FE Docket No. 14–98–LNG]

SCT&E LNG, LLC; Application for Long-Term, Multi-Contract Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Countries

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on July 24, 2014, by SCT&E LNG, LLC (SCT&E LNG), requesting long-term, multi-contract authorization to export domestically produced liquefied natural gas (LNG) to any country with which the United States does not have a free trade agreement requiring national treatment for trade in natural gas and with which trade is not prohibited by U.S. law or policy (non-FTA countries). SCT&E LNG seeks authorization to export the LNG in a volume up to 12 million metric tons per annum, which SCT&E LNG states is equivalent to approximately 1.6 billion cubic feet (Bcf) per day of natural gas (or 584 Bcf per year). SCT&E LNG seeks authorization to export the LNG by
