

forms are DHS Form 0700–01, Cumulative Claim and Reconciliation Statement; DHS Form 0700–02, Contractor's Assignment of Refund, Rebates, Credits and Other Amounts; DHS Form 0700–03, Contractor's Release; and DHS Form 0700–04, Employee Claim for Wage Restitution. These four forms will be used by contractors and/or contract employees during contract administration.

The information will be used by DHS contracting officers to ensure compliance with terms and conditions of DHS contracts and to complete reports required by other Federal agencies such as the General Services Administration and the Department of Labor. If this information is not collected, the DHS could inadvertently violate statutory or regulatory requirements and the DHS's interest concerning inventions and contractor's claims would not be protected.

There has been an increase in the estimated annual burden hours previously reported for this collection. An adjustment in annual burden is necessary at this time in the amount of 902 actions and hours. The initial annual burden was based on a lower number of contract actions which related to the fact that DHS was a new agency with consolidated acquisition procedures, processes, and policies. Although, there is an increase in the estimated burdened hours, there is no change in the information being collected.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities: Regulation on Agency Protests

AGENCY: Office of Chief Procurement Officer, Acquisition Policy and Legislation Office, DHS.

ACTION: 30-Day Notice and request for comments; Extension without Change, 1600–0004.

SUMMARY: The Department of Homeland Security, Office of Chief Procurement Officer, Acquisition Policy and Legislation Office, will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. Chapter 35 DHS previously published this information collection request (ICR) in the **Federal Register** on Monday, October 6, 2014 at 79 FR 60178 for a 60-day public comment period. One comment was received by DHS. The purpose of this notice is to allow additional 30 days for public comments. **DATES:** Comments are encouraged and will be accepted until January 22, 2015. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to OMB Desk Officer, Department of Homeland Security and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395–5806.

SUPPLEMENTARY INFORMATION: The Federal Acquisition Regulation (FAR); 48 CFR Chapter 1 provides general procedures on handling protests submitted by contractors to federal agencies. This regulation provides detailed guidance for contractors doing business with acquisition offices within the Department of Homeland Security (DHS) to implement the FAR. FAR Part 33.103, Protests, Disputes, and Appeals prescribe policies and procedures for filing protests and for processing contract disputes and appeals.

DHS will not be asking for anything outside of what is already required in the FAR. Should anything outside the FAR arise, DHS will submit a request for Office of Management and Budget (OMB) approval. The prior information collect request for OMB No. 1600–004 was approved through May 31, 2014 by OMB in a Notice of OMB Action.

The information being collected will be obtained from contractors as part of their submissions whenever they file a bid protest with the Department's Components. The information will be used by DHS officials in deciding how the protest should be resolved. Failure to collect this information would result in delayed resolution of agency protests.

According to Federal Procurement Data System (FPDS), the number of protest has increased each year over the past two years in annual respondent and burden hours. This increase in current protest activity is not the result of a deliberate program change, but from a new estimate of actions that are not controllable by the Federal government. Although, the number of protest has increased, there has not been any change in the information being collected.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submissions of responses.
