

Schedule category and the polarity of the product.

5. Processing: Indicate “YES” if the Sugar is being imported for further processing in the United States by a USDA-recognized cane refiner and “NO” if it is not.

6. Quantity: Indicate in metric tons raw value and short tons raw value.

7. Date of Export License: Date that the Export License is issued.

8. Date of Expiration of the Export License: Indicate the date that the Export License expires.

9. Port of Export: Indicate the port of export.

10. Allocation to Mill: Indicate the total amount of the Export Limit allocated to the individual mill during the relevant Export Limit Period.

11. Allocation Remaining: Indicate the remaining amount available under the allocation to the individual mill during the relevant Export Limit Period.

Appendix II—Information on Exports of Sugar From Mexico

In accordance with the established format, the GOM’s license issuing authority shall collect and provide to the Department all information necessary to ensure compliance with the Agreement. This information will be provided to the Department on monthly basis. The GOM’s license issuing authority will collect and maintain data on exports to the United States on a continuous basis. Data for exports to countries other than the United States will be reported upon request. The GOM’s license issuing authority may provide a narrative explanation to substantiate all data collected in accordance with the following formats.

The GOM’s license issuing authority will provide a report or summary regarding all Export Licenses issued to entities, which shall contain the following information unless the information is unknown to the licensing authority and the licensee. Upon request, the GOM will provide copies of any Export License to the Department.

1. Export License Number: Indicate the Export License number for the shipment.

2. Name of the Licensee: Indicate the name of the Licensee, and the name of the mill, if different from the Licensee.

3. Name of the Exporter: Indicate the name of the broker/trader or mill, as applicable.

4. Complete Description of Merchandise: Include the applicable Harmonized Tariff Schedule category and the polarity of the product.

5. Processing: Indicate “YES” if the Sugar is being imported for further processing in the United States by a USDA-recognized cane refiner and “NO” if it is not.

6. Quantity: Indicate in metric tons raw value and short tons raw value.

7. Date of Export License: Date that the Export License is issued.

8. Date of Expiration of the Export License: Indicate the date that the Export License expires.

9. Port of Export: Indicate the port of export.

10. Allocation to Mill: Indicate the total amount of the Export Limit allocated to the individual mill during the relevant Export Limit Period.

11. Allocation Remaining: Indicate the remaining amount available under the allocation to the individual mill during the relevant Export Limit Period.

Certain Steel Nails From the Republic of Korea: Affirmative Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“Department”) preliminarily determines that certain steel nails (“nails”) from the Republic of Korea (“Korea”) are being, or are likely to be, sold in the United States at less than fair value (“LTFV”), as provided in section 733(b) of the Tariff Act of 1930, as amended (the “Act”). The period of investigation is April 1, 2013, through March 31, 2014. The estimated weighted-average dumping margins are shown in the “Preliminary Determination” section of this notice. Interested parties are invited to comment on this preliminary determination. We intend to issue the final determination 135 days after publication of this preliminary determination in the *Federal Register*.

DATES: *Effective Date:* December 29, 2014.

FOR FURTHER INFORMATION CONTACT: Jamie Blair-Walker or Drew Jackson, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–2615 or (202) 482–4406, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published the notice of initiation of this investigation on June 25, 2014.¹ Pursuant to section 733(c)(1)(A) of the Act, the Department postponed this preliminary LTFV

determination by 42 days until December 17, 2014.²

Scope of the Investigation

The product covered by this investigation is certain steel nails from Korea. For a full description of the scope of the investigation, *see* Appendix I to this notice.³

Scope Comments

Several interested parties (*i.e.*, IKEA Supply AG and IKEA Distributions Services Inc. (collectively “IKEA”), Target Corporation, and The Home Depot) submitted comments to the Department on the scope of the investigation as it appeared in the *Initiation Notice*, and Mid Continent Steel & Wire, Inc. (“Petitioner”) submitted rebuttal comments. For discussion of those comments and rebuttal comments, *see* the Preliminary Decision Memorandum.⁴

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. Export price (“EP”) and constructed export price (“CEP”) have been calculated in accordance with section 772 of the Act. Normal value (“NV”) has been calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).⁵ ACCESS is available to registered users at <https://access.trade.gov>, and is

available to all parties in the Department's Central Records Unit, located at room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

All Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated "all others" rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. Pursuant to section 735(c)(5)(B) of the Act, if the estimated weighted-average dumping margins established for all exporters and producers individually examined are zero, *de minimis* or determined based entirely under section 776 of the Act, the Department may use any reasonable method to establish the estimated dumping margin for all other producers or exporters.

Because we individually examined two companies in this investigation, basing the estimated dumping margin for the companies not individually examined on a weighted-average of the dumping margins for the two individually examined companies risks disclosure of business proprietary information ("BPI"). Therefore, we calculated both a weighted-average of the dumping margins calculated for the two mandatory respondents using public values for their sales of subject merchandise and a simple average of these two dumping margins, and selected, as the separate rate, the average that provides a more accurate proxy for the weighted-average margin of both companies calculated using BPI. For further discussion of this calculation, see memorandum entitled "Calculation of the All Others Rate for the Preliminary Determination of the Antidumping Duty Investigation of Certain Steel Nails from the Republic of Korea," dated concurrently with this notice.

Preliminary Determination

In accordance with section 733(d)(1)(A)(i) of the Act, the Department calculated weighted-average dumping margins for the following individually investigated exporters or producers of subject merchandise:

Daejin Steel⁶ and Jinheung Steel. The Department preliminarily determines that the following weighted-average dumping margins exist during the period April 1, 2013, through March 31, 2014:

Producer or exporter	Weighted-average dumping margin (percent)
Daejin Steel	12.38
Jinheung Steel Corporation ..	2.13
All Others	7.26

Disclosure and Public Comment

We intend to disclose the calculations performed to parties in this proceeding within five days after the date of publication of this notice in accordance with 19 CFR 351.224(b).

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for submitting case briefs.⁷ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. All documents must be filed electronically using ACCESS. An electronically filed request must be received successfully in its entirety by ACCESS, by 5:00 p.m. Eastern Standard Time, within 30 days after the date of publication of this notice.⁸ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue

NW., Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Verification

As provided in section 782(i)(1) of the Act, the Department intends to verify the information submitted by Daejin Steel and Jinheung Steel and its affiliates prior to making a final determination in this investigation.

Postponement of Final Determination and Extension of Provisional Measures

Pursuant to section 735(a)(2) of the Act, Petitioner, Daejin Steel, and Jinheung Steel requested that the Department postpone the final determination. Additionally, Daejin Steel and Jinheung Steel requested to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2), from a four-month period to a six-month period. Pursuant to requests from Petitioner, Daejin Steel, and Jinheung Steel and in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii) and (e)(2), we will make our final determination no later than 135 days after the date of publication of this preliminary determination.⁹ The suspension of liquidation described below will be extended accordingly.¹⁰

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we are directing U.S. Customs and Border Protection ("CBP") to suspend liquidation of all entries of nails from Korea as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), we will instruct CBP to require a cash deposit equal to the weighted-average amount by which the NV exceeds EP, or CEP as indicated in the chart above.¹¹ These

⁹ See also 19 CFR 351.210(b)(2) and (e); see also Letter from Daejin Steel to the Department, regarding "Certain Steel Nails from the Republic of Korea; Extension Request for Final Results," dated December 9, 2014; Letter from Jinheung Steel to the Department, regarding "Antidumping Investigation of Certain Steel Nails from Korea—Extension Request," dated December 9, 2014; see also Letter from Petitioner to the Department, regarding "Certain Steel Nails from the Republic of Korea: Extension Request for Final Determination," dated December 10, 2014.

¹⁰ *Id.*

¹¹ See *Modification of Regulations Regarding the Practice of Accepting Bonds During the Provisional Measures Period in Antidumping and*

⁶ On July 28, 2014, the Department selected Daejin Steel Co. Ltd. as a mandatory respondent. On August 4, 2014, Daejin Steel informed the Department that the correct name of the company is simply Daejin Steel.

⁷ See 19 CFR 351.309(c); see also 19 CFR 351.303 (for general filing requirements).

⁸ See 19 CFR 351.310(c).

suspension of liquidation instructions will remain in effect until further notice.

U.S. International Trade Commission (“ITC”) Notification

In accordance with section 733(f) of the Act, we will notify the ITC of our preliminary affirmative determination of sales at LTFV. Because the preliminary determination in this proceeding is affirmative, section 735(b)(2) of the Act requires that the ITC make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of nails from Korea before the later of 120 days after the date of this preliminary determination or 45 days after our final determination. Because we are postponing the deadline for our final determination to 135 days from the date of publication of this preliminary determination, as discussed above, the ITC will make its final determination no later than 45 days after our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: December 17, 2014.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of Investigation

The merchandise covered by this investigation is certain steel nails having a nominal shaft length not exceeding 12 inches.¹² Certain steel nails include, but are not limited to, nails made from round wire and nails that are cut from flat-rolled steel. Certain steel nails may be of one piece construction or constructed of two or more pieces. Certain steel nails may be produced from any type of steel, and may have any type of surface finish, head type, shank, point type and shaft diameter. Finishes include, but are not limited to, coating in vinyl, zinc (galvanized, including but not limited to electroplating or hot dipping one or more times), phosphate, cement, and paint. Certain steel nails may have one or more surface finishes. Head styles include, but are not limited to, flat, projection, cupped, oval, brad, headless, double, countersunk, and sinker. Shank styles include, but are not limited to, smooth, barbed, screw threaded, ring shank and fluted. Screw-threaded nails subject to this proceeding are driven using direct force and not by turning the nail using a tool that engages with the head. Point styles

include, but are not limited to, diamond, needle, chisel and blunt or no point. Certain steel nails may be sold in bulk, or they may be collated in any manner using any material. If packaged in combination with one or more non-subject articles, certain steel nails remain subject merchandise if the total number of nails of all types, in aggregate regardless of size, is equal to or greater than 25.

Excluded from the scope of this investigation are certain steel nails packaged in combination with one or more non-subject articles, if the total number of nails of all types, in aggregate regardless of size, is less than 25.

Also excluded from the scope of this investigation are steel nails that meet the specifications of Type I, Style 20 nails as identified in Tables 29 through 33 of ASTM Standard F1667 (2013 revision). Also excluded from the scope of this investigation are nails suitable for use in powder-actuated hand tools, whether or not threaded, which are currently classified under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7317.00.20.00 and 7317.00.30.00.

Also excluded from the scope of this investigation are nails having a case hardness greater than or equal to 50 on the Rockwell Hardness C scale (HRC), a carbon content greater than or equal to 0.5 percent, a round head, a secondary reduced-diameter raised head section, a centered shank, and a smooth symmetrical point, suitable for use in gas-actuated hand tools.

Also excluded from the scope of this investigation are corrugated nails. A corrugated nail is made up of a small strip of corrugated steel with sharp points on one side.

Also excluded from the scope of this investigation are thumb tacks, which are currently classified under HTSUS 7317.00.10.00.

Certain steel nails subject to this investigation are currently classified under HTSUS subheadings 7317.00.55.02, 7317.00.55.03, 7317.00.55.05, 7317.00.55.07, 7317.00.55.08, 7317.00.55.11, 7317.00.55.18, 7317.00.55.19, 7317.00.55.20, 7317.00.55.30, 7317.00.55.40, 7317.00.55.50, 7317.00.55.60, 7317.00.55.70, 7317.00.55.80, 7317.00.55.90, 7317.00.65.30, 7317.00.65.60 and 7317.00.75.00. Certain steel nails subject to this investigation also may be classified under HTSUS subheading 8206.00.00.00.

While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

[A–583–854]

Certain Steel Nails From Taiwan: Negative Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce (Department) preliminarily determines that certain steel nails from Taiwan are not being, or are not likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733(b) of the Tariff Act of 1930, as amended (the Act). The period of investigation is April 1, 2013, through March 31, 2014. The estimated weighted-average dumping margins are shown in the “Preliminary Determination” section of this notice. In response to a request from Mid Continent Steel & Wire, Inc. (petitioner) we are postponing the final determination. The final determination will be issued 135 days after the publication of this preliminary determination in the **Federal Register**. We invite interested parties to comment on the preliminary determination.

DATES: *Effective Date:* December 29, 2014.

Countervailing Duty Investigations, 76 FR 61042 (October 3, 2011).

¹² The shaft length of certain steel nails with flat heads or parallel shoulders under the head shall be measured from under the head or shoulder to the tip of the point. The shaft length of all other certain steel nails shall be measured overall.
