SUPPLEMENTARY INFORMATION: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969, a draft EIS will be prepared and presented to the public for review and comment, followed by preparation and availability of the final EIS. Alternatives to be developed and considered in the EIS will likely focus on strategies for the protection of Highway 12, particularly in and around the areas of Buxton village that are regularly impacted or threatened by storms. The EIS will look to identify practical solutions, such as the consideration of beach nourishment, to address these threats and ongoing impacts. Before including your address, phone number, email address, or other personal identifying information in any comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The responsible official for this EIS is the Regional Director, NPS Southeast Region, 100 Alabama Street SW., 1924 Building, Atlanta, Georgia 30303.

Dated: December 19, 2014.

Stan Austin,

Regional Director, Southeast Region.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Bureau of Reclamation is responsible for recreation development at all of its reservoirs. Presently, there are 289 designated recreation areas on our lands within the 17 Western States. We must be able to respond to emerging trends, changes in the demographic profile of users, changing values, needs, wants and desires, and conflicts between user groups. Statistically valid and up-to-date data derived from the user is essential to developing and providing recreation programs relevant to today's visitor.

The required 60-day comment period for the Recreation Visitor Use Surveys was initiated by a notice published in the **Federal Register** on August 14, 2014 (79 FR 47673). No comments were received.

II. Data

OMB Control Number: 1006-0028.

Title: Recreation Visitor Use Surveys.

Frequency: Varies by survey.

Respondents: Respondents to the surveys will be members of the public engaged in recreational activities on our lands. The surveys target people engaged in specific activities such as boating on a specific lake/river, or people camping at a developed campground. Visitors will primarily consist of local residents, people from large metropolitan areas in the vicinity of the lake/river, and visitors from out of state.

Estimated Total Number of Respondents: 6,141.

Estimated Number of Responses per Respondent: 1.0.

Estimated Total of Annual Responses: 6,141.

Estimated Total Annual Burden Hours on Respondents: 2,044.

Totals				6,141	2,044

In addition, there are an estimated 1,575 number of contacts who will not respond. These non-respondents account for 13 total burden hours per year.

III. Request for Comments

We invite comments concerning this information collection on:

(a) Whether the proposed collection of information is necessary for the proper performance of our functions, including whether the information will have practical use;

(b) The accuracy of our burden estimate for the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on respondents.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Reclamation will display a valid OMB control number on the forms.

IV. Public Disclosure of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: December 16, 2014.

Change in Discount Rate for Water Resources Planning

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of change.

SUMMARY: The Water Resources Planning Act of 1965 and the Water Resources Development Act of 1974 require an annual determination of a discount rate for Federal water resources planning. The discount rate for Federal water resources planning for fiscal year 2015 is 3.375 percent. Discounting is to be used to convert future monetary values to present values.

DATES: This discount rate is to be used for the period October 1, 2014, through and including September 30, 2015.

FOR FURTHER INFORMATION CONTACT: Max Millstein, Bureau of Reclamation, Reclamation Law Administration Division, Denver, Colorado 80225; telephone: 303-445-2853.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the interest rate to be used by Federal agencies in the formulation and evaluation of plans for water and related land resources is 3.375 percent for fiscal year 2015.

This rate has been computed in accordance with Section 80(a), Pub. L. 93-251 (88 Stat. 34), and 18 CFR 704.39, which: (1) Specify that the rate will be based upon the average yield during the preceding fiscal year on interest-bearing marketable securities of the United States which, at the time the computation is made, have terms of 15 years or more remaining to maturity (average yield is rounded to nearest one-eighth percent); and (2) provide that the rate will not be raised or lowered more than one-quarter of 1 percent for any year. The U.S. Department of the Treasury calculated the specified average to be 3.3378 percent. This rate, rounded to the nearest one-eighth percent, is 3.375 percent, which is a change of less than the allowable one-

quarter of 1 percent. Therefore, the fiscal year 2015 rate is 3.375 percent.

The rate of 3.375 percent will be used by all Federal agencies in the formulation and evaluation of water and related land resources plans for the purpose of discounting future benefits and computing costs or otherwise converting benefits and costs to a common-time basis.

Dated: November 20, 2014.

Roseann Gonzales,

Director, Policy and Administration.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under CERCLA

On December 15, 2014, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of Michigan, in the lawsuit entitled *United States v. Riverview Trenton Railroad Company, Civ. Action No. 2:14-cv-14707-PDB-MJH*.

Riverview Trenton Railroad Company ("RTRR") owns property that was formerly part of the McLouth Steel facility located near Detroit, Michigan ("RTRR Site"). The proposed settlement resolves the United States' claims against RTRR under Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9607, for recovery of response costs incurred at the RTRR Site. Under the proposed Consent Decree, RTRR will pay \$675,000.00 to resolve the Government's claims.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Riverview Trenton Railroad Company, Civ. Action No. 2:14-cv-14707-PDB-MJH*, D.J. Ref. No. 90-11-3-10709. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
