Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to

respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped chronologically, in ascending order. Enterprise TE Products Pipeline Company, LLC; Notice of Request for Emergency Relief

Take notice that on February 6, 2014, the National Propane Gas Association (NPGA) and its members filed a request for the Commission to exercise its emergency powers pursuant to Section 1(15) of the Interstate Commerce Act

(ICA), to allow, or if necessary direct, Enterprise TE Products Pipeline Company LLC (Enterprise) to temporarily provide priority treatment to propane shipments from Mont Belvieu, Texas to locations in the Midwest and Northeast. NPGA submits that due to unique weather and other circumstances beyond the control of shippers, propane supplies throughout the country, particularly the Midwest and Northeast, have reached dangerously low levels. Specifically, NPGA requests that the Commission direct Enterprise to suspend the 81,000

barrel per day (bpd) it reserves for contract shippers of diluent and instead to provide up to 75,000 bpd of capacity to propane shipments beginning immediately and extending through the first week of March 2014. In addition, if necessary NPGA requests that the Commission direct Enterprise to reverse its ATEX Pipeline to allow for shipments of propane from south to north instead of the current ethane shipments which move north to south.

Any person desiring to intervene or to protest in this proceeding must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>.
