

necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. *Performance Measures:* The Department has established the following Government Performance and Results Act of 1993 (GPRA) performance measures for this program: (1) The percentage of Native Hawaiian students in schools served by the program who meet or exceed proficiency standards in reading, mathematics, and science on the State assessments; (2) The percentage of Native Hawaiian children participating in early education programs who consistently demonstrate school readiness in literacy as measured by the Hawaii School Readiness Assessment; (3) The percentage of Native Hawaiian students in schools served by the program who graduate from high school with a regular high school diploma, as defined in 34 CFR 200.19(b)(1)(iv), in four years; and (4) The percentage of students participating in a Hawaiian language program conducted under the Native Hawaiian Education program who meet or exceed proficiency standards in reading on a test of the Hawaiian language.

All grantees will be expected to submit an annual performance report that includes data addressing these performance measures, to the extent that they apply to the grantee's project.

5. *Continuation Awards:* In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application."

This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes identified in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant,

the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
