

property for airport purposes pursuant to Section 16 of the Federal Airport Act (60 Stat. 179) or Section 23 of the Airport and Airway Development Act of 1970 (84 Stat. 232).

On March 2, 2015, the FAA determined that the request to release property from aeronautical use at the Grand Junction Regional Airport submitted by the Grand Junction Regional Airport Authority meets the procedural requirements of the Federal Aviation Administration. The FAA may approve the request, in whole or in part, no later than April 8, 2015.

The following is a brief overview of the request:

The Grand Junction Regional Airport Authority is proposing the release from the aeronautical use terms, conditions, reservations, and restrictions on 37.057 acres parcel of property conveyed to the City of Grand Junction on September 14, 1951 pursuant to Section 16 of the Federal Airport Act. All Section 16 property at the airport was subsequently conveyed by the City of Grand Junction to the Walker Field, Colorado, Public Airport Authority by Warranty Deed dated March 24, 1975. On August 26, 1988, 18 acres (parcels F, G, I, J, and K) of the subject property was granted a deed of release by the FAA to be released from aeronautical use, and leased at fair market value in generating airport revenue. In 2008, the airport access road adjacent to the parcels previously released was upgraded and realigned. Based on the new alignment the 18 acres previously released in 1988 are included in this proposed release of 37 acres as they overlap with the current layout. The proposed release would allow for future non-aeronautical uses that may include mixed-use commercial, restaurants, hotels, retail shops, industrial and manufacturing, which are permitted under the current Planned Airport Development zoning. The proceeds from the leasing of the property will be at fair market value and the sponsor will utilize the revenue to reinvest into future airport development.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon appointment and request, inspect the application, notice and other documents germane to the application in person at the Grand Junction Regional Airport.

Issued in Denver, Colorado, on March 2, 2015.

Manager, Denver Airports District Office.

Office hours are from 8:30 a.m. to 5 p.m. Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

II. Exemption Decision

This notice addresses 11 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 11 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are: Michael L. Ayers (AL)

Paul V. Daluisio (NY)
 Tracy A. Doty (TN)
 Matthew A. Ericson (WI)
 Charles W. Hillyer (OH)
 Stephen R. Jackson (WY)
 Darrel R. Martin (MD)
 Pahl M. Olson (WI)
 James L. Rooney (WA)
 James E. Russell (AZ)
 Forrest L. Wright (AL)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

III. Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 11 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (74 FR 7097; 74 FR 15584; 76 FR 15361; 78 FR 16761). Each of these 11 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption

requirements. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.
