

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

This matter concerns alleged false or misleading representations that AIM made to consumers concerning its participation in the Safe Harbor privacy framework agreed upon by the U.S. and the European Union ("EU") ("U.S.-EU Safe Harbor Framework"). The U.S.-EU Safe Harbor Framework allows U.S. companies to transfer data outside the EU consistent with European law. To join the U.S.-EU Safe Harbor Framework, a company must self-certify to the U.S. Department of Commerce ("Commerce") that it complies with a set of principles and related requirements that have been deemed by the European Commission as providing "adequate" privacy protection. These principles include notice, choice, onward transfer, security, data integrity, access, and enforcement. Commerce maintains a public Web site, [www.export.gov/safeharbor](http://www.export.gov/safeharbor), where it posts the names of companies that have self-certified to the U.S.-EU Safe Harbor Framework. The listing of companies indicates whether their self-certification is "current" or "not current." Companies are required to re-certify every year in order to retain their status as "current" members of the U.S.-EU Safe Harbor Framework.

American International Mailing provides a service for transporting mail, parcels, and freight worldwide. According to the Commission's complaint, AIM has set forth on its Web site, [www.aimmailing.com/privacy.html](http://www.aimmailing.com/privacy.html), privacy policies and statements about its practices, including statements related to its participation in the U.S.-EU Safe Harbor Framework.

The Commission's complaint alleges that American International Mailing falsely represented that it was a "current" participant in the U.S.-EU Safe Harbor Framework when, in fact, from May 2010 until January 2015, AIM was not a "current" participant in the U.S.-EU Safe Harbor Framework. The Commission's complaint alleges that in May 2006, American International Mailing submitted its self-certification to the U.S.-EU Safe Harbor Framework. AIM did not renew its self-certification in May 2010 and Commerce subsequently updated American

International Mailing's status to "not current" on its public Web site. In January 2015, American International Mailing removed its Safe Harbor representation from its Web site privacy policy.

Part I of the proposed order prohibits American International Mailing from making misrepresentations about its membership in any privacy or security program sponsored by the government or any other self-regulatory or standard-setting organization, including, but not limited to, the U.S.-EU Safe Harbor Framework and the U.S.-Swiss Safe Harbor Framework.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires American International Mailing to retain documents relating to its compliance with the order for a five-year period. Part III requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part IV ensures notification to the FTC of changes in corporate status. Part V mandates that American International Mailing submit an initial compliance report to the FTC, and make available to the FTC subsequent reports. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.

By direction of the Commission.

#### **Analysis of Proposed Consent Order To Aid Public Comment**

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an agreement containing a consent order from Network Solutions, LLC ("Network Solutions"). The Commission has placed the proposed Order on the public record for thirty days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed Order.

Network Solutions advertises and sells web hosting services. The company's web hosting services allow customers to make Web pages available on the internet by storing their Web page information, including programming code, images, and videos, on Web servers owned or leased by Network Solutions, and by providing the technology and internet connectivity required to serve the Web pages on the internet. Network Solutions has sold its web hosting services subject to a thirty-day money back guarantee. It has advertised that guarantee on its Web site.

The Commission's proposed Complaint alleges that Network Solutions failed to disclose adequately that its web hosting thirty-day money back guarantee could be subject to a cancellation fee. This cancellation fee

was sometimes a substantial portion of the purchase price. Network Solutions did not disclose the cancellation fee on its Web pages advertising the guarantee. Instead, at the bottom of those Web pages, Network Solutions included a hyperlink to "Terms and Conditions" for the guarantee. This link often appeared in smaller print than the rest of the Web page and sometimes also appeared in blue text against a black background. The link opened a pop-up window that disclosed the existence of the cancellation fee. The Commission's proposed Complaint alleges that, coupled with the triggering representation that it offers a thirty-day money back guarantee, Network Solutions' failure to disclose adequately the cancellation fee is a deceptive act or practice under Section 5 of the FTC Act.

The proposed Order contains provisions designed to prevent Network Solutions from engaging in the same or similar acts or practices in the future. Section I of the proposed Order requires Network Solutions to clearly and conspicuously disclose the material terms of any money back guarantees applicable to Web hosting services, including the existence and amount of any fee applicable to money-back guarantees. It also requires Network Solutions to refund the full purchase price of Web hosting sold under a money back guarantee, in response to a request that complies with the terms of that guarantee, unless any applicable fees are disclosed clearly and conspicuously. Section II of the proposed Order broadly prohibits misrepresentations with regard to refund or cancellation policies or any other material fact concerning the Web hosting services that Network Solutions offers or sells. Sections III through VI of the proposed Order are standard reporting and compliance provisions that allow the Commission to better monitor Network Solutions' ongoing compliance with the Order. Under Section VII, the Order will expire in twenty years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed Order. It is not intended to constitute an official interpretation of the Complaint or proposed Order, or to modify in any way the proposed Order's terms.

By direction of the Commission.
