

Agreements Act (“URAA”) (19 U.S.C. 3537(b)(1)) requires that notice and opportunity for comment be provided after the United States submits or receives a request for the establishment of a WTO dispute settlement panel. Consistent with this obligation, USTR is providing notice that a dispute settlement panel has been established pursuant to the WTO Dispute Settlement Understanding (“DSU”). The panel will hold its meetings in Geneva, Switzerland.

Major Issues Raised by Korea

On July 18, 2014, the Department of Commerce (“Commerce”) published in the **Federal Register** notice of its final affirmative less-than-fair-value determination in the antidumping investigation concerning oil country tubular goods from Korea (79 FR 41983). On September 10, 2014, Commerce published the antidumping duty order (79 FR 53691).

In its request for the establishment of a panel, Korea challenges Commerce’s calculation of the constructed value profit rate for the Korean respondents in the antidumping investigation of oil country tubular goods from Korea. Korea alleges inconsistencies with Articles 2.2, 2.2.2, and 2.4 of the Anti-Dumping Agreement. Korea also makes certain procedural claims with respect to Commerce’s calculation of the constructed value profit rate, alleging inconsistencies with Articles 6.2, 6.4, 6.9, and 12.2.2 of the Anti-Dumping Agreement, and Articles I and X:3 of the General Agreement on Tariffs and Trade 1994.

Korea also challenges Commerce’s use of downstream sale prices and costs based on an affiliated supplier’s books and records for the Korean respondent NEXTEEL. Korea alleges inconsistencies with Articles 2.3 and 2.2.1.1 of the Anti-Dumping Agreement. In addition, Korea challenges Commerce’s decision to select two mandatory respondents as inconsistent with Article 6.10, including Articles 6.10.1 and 6.10.2 of the Anti-Dumping Agreement.

Finally, Korea challenges “as such” Commerce’s use of an alleged methodology to determine whether a respondent’s third-country sales are viable for the purposes of calculating normal value. Korea also challenges Commerce’s application of this alleged methodology in the determinations at issue in Korea’s request for the establishment of a panel. Korea alleges inconsistencies with Article 2.2 of the Anti-Dumping Agreement.

Federal Aviation Administration

Public Notice for Waiver for Aeronautical Land-Use Assurance at Will Rogers World Airport, Oklahoma City, OK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Intent for Waiver of Aeronautical Land-Use.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to change a portion of the airport from aeronautical use to non-aeronautical use and to authorize the conversion of the airport property. The proposal consists of three parcels of land containing a total of approximately 240.80 acres located on the east side of the airport between South Portland Avenue and Interstate Highway 44.

The parcel 52 was originally acquired under the following grant: Airport Development Aid Program (ADAP) No. 6-40-0072-76 in 1975. The parcel 51 was originally acquired under the following grant: Airport Development Program (AIP) No. 3-40-0072-23 in 1992. The parcel 46 was acquired by Trust funds only. The land comprising these parcels is outside the forecasted need for aviation development and, thus, is no longer needed for indirect or direct aeronautical use. The Airport wished to develop this land for compatible commercial, non-aeronautical use. The income from the conversion of these parcels will benefit the aviation community by reinvestment in the airport.

Approval does not constitute a commitment by the FAA to financially assist in the conversion of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the conversion of the airport property will be in accordance with FAA's policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999. In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of applications for exemptions; request for comments.

SUMMARY: FMCSA announces receipt of applications from 19 individuals for an exemption from the prohibition against persons with a clinical diagnosis of epilepsy or any other condition that is likely to cause a loss of consciousness or any loss of ability to operate a commercial motor vehicle (CMV) in interstate commerce. The regulation and the associated advisory criteria published in the Code of Federal Regulations as the "Instructions for Performing and Recording Physical Examinations" have resulted in numerous drivers being prohibited from operating CMVs in interstate commerce based on the fact that they have had one or more seizures and are taking anti-seizure medication, rather than an individual analysis of their circumstances by a qualified medical examiner. If granted, the exemptions would enable these individuals who have had one or more seizures and are taking anti-seizure medication to operate CMVs for up to 2 years in interstate commerce.
