SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0725.

Title: Quarterly Nondiscrimination Recordkeeping (on Quality of Service, Installation and Maintenance) by Bell Operating Companies (BOCs).

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 3 respondents; 12 responses.

Estimated Time per Response: 10 hours.

Frequency of Response: Quarterly recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. sections 151, 154, 201–205, 215, 218–220, 226 and 276.

Total Annual Burden: 120 hours.

Total Annual Cost: No cost.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting that the respondent submit confidential information to the FCC. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: This information collection concerns the nondiscrimination records regarding quality of service, installation and maintenance by Bell Operating Companies (BOCs) pursuant to Computer III and Open Network Architecture (ONA) requirements. Formerly, BOCs were required to submit nondiscrimination reports with regard to payphones to prevent BOCs from discriminating in favor of their own payphones. The reports allowed the Commission to determine how the BOCs provided competing payphone providers with equal access to all the basic underlying network services that are provided to its own payphones.

Since the prior request for authorization, in Report and Order FCC No. 13–69, the Commission eliminated ONA narrowband (*i.e.*, not broadband) quarterly nondiscrimination reporting requirements. However, the underlying recordkeeping obligations remain and the burden hours have decreased.

OMB Number: 3064–0186.

Estimated Responses: 75.

Affected Public: Business or Other Financial Institutions.

Estimated Annual Burden: 6,500 hours.

General Description of Collection: Building upon previously issued supervisory guidance that discusses the uses and merits of stress testing in specific areas of risk management, the guidance provides an overview of how a banking organization should structure its stress testing activities and ensure they fit into overall risk management. The purpose of this guidance is to outline broad principles for a satisfactory stress testing framework and describe the manner in which stress testing should be employed as an integral component of risk management that is applicable at various levels of aggregation within a banking organization, as well as for contributing to capital and liquidity planning. While the guidance is not intended to provide detailed instructions for conducting stress testing for any particular risk or business area, the proposed guidance aims to describe several types of stress testing activities and how they may be most appropriately used by banking organizations.
