

practices in their pedagogy and skill development training in order to meet the current and future needs of VR consumers who are deaf, hard of hearing, or deaf-blind so that they can obtain competitive integrated employment. We also plan to use online forums to collect input and feedback from local and national partner networks, including consumer and professional organizations for interpreting and interpreter training. These activities will inform our development of new funding priorities for publication in FY 2016.

We have also concluded that it would be contrary to the public interest to have a lapse in the provision of the training currently provided by the Regional Centers. Allowing funding to lapse before a new interpreter education delivery system can be implemented would leave individuals who are deaf or hard of hearing and individuals who are deaf-blind without necessary supports in the event that critical needs arise.

For these reasons, the Secretary proposes to waive the requirements in 34 CFR 75.250, which prohibit project periods exceeding five years, and the requirements in 34 CFR 75.261(c)(2), which limits the extension of a project period if the extension involves the obligation of additional Federal funds, and to issue continuation awards to the five current grantees. Under this proposal, the five current grantees with project periods ending on September 30, 2015, would receive funding to operate for an additional 12 months. Consequently, the expiration date for all five grants would be September 30, 2016. With this proposed waiver and extension of the project period, each Regional Center will be required to develop a plan to demonstrate how it will continue to carry out activities during the year of the continuation award consistent with the scope, goals, and objectives of the grantee's application as approved in the 2010 competition. Such plans should be submitted to RSA for review and approval by September 1, 2015.

If the proposed waiver and extension of the project period are announced in a final notice in the **Federal Register**, the requirements applicable to continuation awards for this competition set forth in the 2010 notice inviting applications and the requirements in 34 CFR 75.253 would apply to any continuation awards sought by the current grantees. If we announce the waiver and extension as final, we will base our decisions regarding continuation awards on the program narratives, budgets, budget narratives, and program performance

reports submitted by the current grantees, and the requirements in 34 CFR 75.253.

Regulatory Flexibility Act Certification

The Secretary certifies that this proposed waiver and extension of the project period would not have a significant economic impact on a substantial number of small entities. The only entities that would be affected are the five current grantees receiving Federal funds to serve as the Regional Centers and any other potential applicants.

The Secretary certifies that the proposed waiver and extension would not have a significant economic impact on these entities because the extension of an existing project period imposes minimal compliance costs, and the activities required to support the additional year of funding would not impose additional regulatory burdens or require unnecessary Federal supervision.

DEPARTMENT OF EDUCATION

34 CFR Part 396

[Docket ID ED-2015-OSERS-0022]

Proposed Waiver and Extension of the Project Period; National Interpreter Education Center for the Training of Interpreters for Individuals Who Are Deaf and Hard of Hearing and Individuals Who Are Deaf-Blind

AGENCY: Rehabilitation Services Administration (RSA), Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Proposed waiver and extension of the project period.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.160B

SUMMARY: The Secretary proposes to waive the requirements that generally prohibit project periods exceeding five years and extensions of project periods involving the obligation of additional Federal funds for a 60-month project initially funded in fiscal year (FY) 2010. The Secretary also proposes to extend the project period for one year. The proposed waiver and extension would enable the currently funded National Interpreter Education Center to receive funding through September 30, 2016.

DATES: We must receive your comments on or before May 18, 2015.

ADDRESSES: Submit your comments through the Federal eRulemaking Portal or via postal mail, commercial delivery, or hand delivery. We will not accept comments submitted by fax or by email or those submitted after the comment period. To ensure that we do not receive duplicate copies, please submit your comments only once. In addition, please include the Docket ID at the top of your comments.

Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record: On request we will supply an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for this proposed waiver and extension of the project period. If you want to schedule an appointment for this type of accommodation or auxiliary aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Background

On May 17, 2010, the Department published a notice inviting applications for new awards for FY 2010 (75 FR

27539) for a National Interpreter Education Center (National Center) to be funded under the Rehabilitation Training Program, authorized under section 302 of the Rehabilitation Act of 1973, as amended (Rehabilitation Act). The purpose of the National Center is to assist Regional Interpreter Education Centers (Regional Centers) to train a sufficient number of qualified interpreters to meet the communications needs of individuals who are deaf or hard of hearing and individuals who are deaf-blind. The Department awarded a grant to one National Center in FY 2010 for a period of 60 months. This project is scheduled to end on September 30, 2015.

We have determined that it would not be in the public interest to run a competition under this program in FY 2015 for a new National Center. RSA has funded interpreter training programs since 1964 to meet the needs of its vocational rehabilitation (VR) consumers who are deaf, hard of hearing, and deaf-blind. At each critical juncture RSA has re-evaluated its interpreter training program to determine how to best meet the evolving needs of consumers of interpreting services. In the course of this ongoing re-evaluation, we have concluded that, since 2005, when the current priority was established for the National Center, the training needs of interpreters have changed as a result of new and emerging issues facing VR consumers who are deaf, hard of hearing, and deaf-blind.

Conducting a competition before the Department has had an opportunity to engage in strategic planning activities for the current program could result in (1) an ineffective or poorly targeted investment that would not meet the training needs of qualified interpreters and (2) the inability to sufficiently meet the communication needs of individuals who are deaf or hard of hearing and individuals who are deaf-blind. We intend to use the remainder of FY 2015 and part of FY 2016 to consider how a National Center can best support the work of the Regional Centers; influence the field of interpreter education; and ultimately meet the current and future needs of VR consumers who are deaf, hard of hearing, and deaf-blind so that they can obtain competitive integrated employment. We also plan to engage consumers, consumer organizations, community resources, service providers (especially VR agencies), VR State coordinators for the deaf, rehabilitation counselors for the deaf, and other appropriate individuals and entities about their ongoing and projected needs for a National Center, as well as gather examples of how they might utilize a

National Center in the future. These activities will inform new funding priorities planned in FY 2016 for this program.

We have also concluded that it would be contrary to the public interest to have a lapse in the provision of the training currently provided by the National Center. Allowing funding to lapse before a new interpreter education delivery system can be implemented would leave individuals who are deaf or hard of hearing and individuals who are deaf-blind without necessary supports in the event that critical needs arise.

For these reasons, the Secretary proposes to waive the requirements in 34 CFR 75.250, which prohibit project periods exceeding five years, and the requirements in 34 CFR 75.261(c)(2), which limit the extension of a project period if the extension involves the obligation of additional Federal funds, and to issue a continuation award to the current National Center. Under this proposal, the current grantee with a project period ending on September 30, 2015, would receive funding to operate for an additional 12 months.

Consequently, the expiration date for this grant would be September 30, 2016. With this proposed waiver and extension of the project period, the National Center will be required to develop a plan to demonstrate how it will continue to carry out activities during the year of the continuation award consistent with the scope, goals, and objectives of the grantee's application as approved in the 2010 competition. Such a plan should be submitted to RSA for review and approval by September 1, 2015.

If the proposed waiver and extension of the project period are announced in a final notice in the **Federal Register**, the requirements applicable to continuation awards for this competition set forth in the 2010 notice inviting applications and the requirements in 34 CFR 75.253 would apply to any continuation award sought by the current grantee. If we announce the waiver and extension as final, we will base our decision regarding a continuation award on the program narrative, budget, budget narrative, and program performance reports submitted by the current grantee, and the requirements in 34 CFR 75.253.

Regulatory Flexibility Act Certification

The Secretary certifies that this proposed waiver and extension of the project period would not have a significant economic impact on a substantial number of small entities. The only entities that would be affected are the current grantee receiving Federal

funds to serve as the National Center and any other potential applicants.

The Secretary certifies that the proposed waiver and extension would not have a significant economic impact on these entities because the extension of an existing project imposes minimal compliance costs, and the activities required to support the additional year of funding would not impose additional regulatory burdens or require unnecessary Federal supervision.

40 CFR Part 52

[EPA-R05-OAR-2014-0188; FRL-9926-30-Region 5]

Approval and Promulgation of Air Quality Implementation Plans; Michigan; SO₂ Rules

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a request by the Michigan Department of Environmental Quality (MDEQ) submitted on February 14, 2014, and supplemented on October 27, 2014, to revise the Michigan state implementation plan (SIP) to incorporate sulfur dioxide (SO₂) limits found in "Part 4: Emissions Limitations and Prohibitions—Sulfur Bearing Compounds" of Michigan's Air Pollution Control Rules. EPA is proposing to take no action on the provisions pertaining to the Federal Clean Air Interstate Rule (CAIR) SO₂ trading program because CAIR is no longer in effect.

DATES: Comments must be received on or before May 18, 2015.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R05-OAR-2014-0188 by one of the following methods:

SUPPLEMENTARY INFORMATION: In the Final Rules section of this **Federal Register**, EPA is approving a portion of the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If EPA does not receive adverse comments in response to this rule, no further activity is contemplated. If EPA receives adverse comments, EPA will withdraw the direct final rule and will address all public comments received in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rulemaking, and if that provision can be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.
