

failure to provide evidence that the subject merchandise was resold at a profit. Because the non-*bona fide* sale was the only reported sale of subject merchandise during the POR, and thus there are no reviewable transactions on this record, we are preliminarily rescinding the instant administrative review. See 19 CFR 351.213(d)(3). Because much of the factual information used in our analysis of DMEGC's sale involves business proprietary information, a full discussion of the basis for our preliminary determination is set forth in the Memorandum to Howard Smith, Acting Director, AD/CVD Operations, Office IV, "Preliminary Bona Fide Sales Analysis for Hengdian Group DMEGC Magnetics Co., Ltd.," dated April 7, 2015, which is on the record of this proceeding.

Public Comment

Interested parties may submit case briefs no later than 30 days after the date of publication of the preliminary results of review.⁵ Rebuttals to case briefs may be filed no later than five days after the briefs are filed. All rebuttal comments must be limited to comments raised in the case briefs.⁶

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement & Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice.⁷ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. Oral argument presentations will be limited to issues raised in the briefs. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a date and time to be determined.⁸ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

All submissions, with limited exceptions, must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by the Department's electronic records system, ACCESS, by 5 p.m. Eastern Time ("ET") on the due date. Documents excepted from the electronic submission requirements must be filed manually (*i.e.*, in paper form) with the APO/Dockets Unit in Room 18022, and stamped with the date

and time of receipt by 5 p.m. ET on the due date.⁹

The Department intends to issue the final results of this NSR, which will include the results of its analysis of issues raised in any briefs received, no later than 90 days after the date these preliminary results of review are issued pursuant to section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the "Act").

Assessment Rates

If the Department proceeds to a final rescission of DMEGC's NSR, the assessment rate to which DMEGC's shipments will be subject will not be affected by this review. However, the Department initiated an administrative review of the antidumping duty order on solar cells from the PRC covering numerous exporters, including DMEGC, and the period December 1, 2013 through November 30, 2014, which encompasses the POR of this NSR.¹⁰ Thus, if the Department proceeds to a final rescission, we will instruct U.S. Customs and Border Protection (CBP) to continue to suspend entries during the period December 1, 2013 through November 30, 2014 of subject merchandise exported by DMEGC until CBP receives instructions relating to the administrative review of this order covering the period December 1, 2013 through November 30, 2014.

If the Department does not proceed to a final rescission of this new shipper review, pursuant to 19 CFR 351.212(b)(1), we will calculate importer-specific (or customer) assessment rates based on the final results of this review. However, pursuant to the Department's refinement to its assessment practice in NME cases, for entries that were not reported in the U.S. sales database submitted by DMEGC, the Department will instruct CBP to liquidate such entries at the PRC-wide rate.¹¹

Cash Deposit Requirements

Effective upon publication of the final rescission or the final results of this NSR, pursuant to section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e), the Department will instruct CBP to discontinue the option of posting a bond or security in lieu of a cash

deposit for entries of subject merchandise by DMEGC. If the Department proceeds to a final rescission of this new shipper review, the cash deposit rate will continue to be the PRC-wide rate for DMEGC because the Department will not have determined an individual margin of dumping for DMEGC. If the Department issues final results for this new shipper review, the Department will instruct CBP to collect cash deposits, effective upon the publication of the final results, at the rates established therein.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act.

Dated: April 7, 2015.

Acting Assistant Secretary for Enforcement and Compliance.

administrative review of the antidumping duty order on laminated woven sacks (“sacks”) from the People’s Republic of China (“PRC”). The period of review (“POR”) is August 1, 2013, through July 31, 2014. We gave interested parties an opportunity to comment on the *Preliminary Results*, but we received none. The final dumping margin for the PRC-wide entity is listed in the “Final Results of Review” section below.

SUPPLEMENTARY INFORMATION:

Background

We received no comments from interested parties on our *Preliminary Results* dated January 28, 2015. The Department conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (“the Act”).

Scope of the Order

The merchandise covered by the *Order*² is laminated woven sacks. Laminated woven sacks are bags or sacks consisting of one or more plies of fabric consisting of woven polypropylene strip and/or woven polyethylene strip, regardless of the width of the strip; with or without an extrusion coating of polypropylene and/or polyethylene on one or both sides of the fabric; laminated by any method either to an exterior ply of plastic film such as biaxially-oriented polypropylene (“BOPP”) or to an exterior ply of paper that is suitable for high quality print graphics;³ printed with three colors or more in register; with or without lining; whether or not closed on one end; whether or not in roll form (including sheets, lay-flat tubing, and sleeves); with or without handles; with or without special closing features; not exceeding one kilogram in weight. Laminated woven sacks are typically used for retail packaging of

consumer goods such as pet foods and bird seed.

Effective July 1, 2007, laminated woven sacks are classifiable under Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings 6305.33.0050 and 6305.33.0080. Laminated woven sacks were previously classifiable under HTSUS subheading 6305.33.0020. If entered with plastic coating on both sides of the fabric consisting of woven polypropylene strip and/or woven polyethylene strip, laminated woven sacks may be classifiable under HTSUS subheadings 3923.21.0080, 3923.21.0095, and 3923.29.0000. If entered not closed on one end or in roll form (including sheets, lay-flat tubing, and sleeves), laminated woven sacks may be classifiable under other HTSUS subheadings including 3917.39.0050, 3921.90.1100, 3921.90.1500, and 5903.90.2500. If the polypropylene strips and/or polyethylene strips making up the fabric measure more than 5 millimeters in width, laminated woven sacks may be classifiable under other HTSUS subheadings including 4601.99.0500, 4601.99.9000, and 4602.90.0000.⁴ Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Preliminary Results

Upon initiation⁵ of the administrative review, we provided all companies⁶ initiated for review the opportunity to submit either a “no shipment” certification or the separate rate application or certification. None of the nine companies initiated for review submitted “no shipment” certifications. Furthermore, none of the nine companies under review submitted separate rate eligibility documentation. As a result, we preliminarily found that these nine companies are part of the

PRC-wide entity.⁷ The rate previously established for the PRC-wide entity in this proceeding is 47.64 percent.⁸

Final Results of Review

The Department did not receive any comments from interested parties after issuing the *Preliminary Results*. Thus, because nothing has changed since the *Preliminary Results* with respect to the above-noted nine companies initiated for review, we continue to find them to be part of the PRC-wide entity, to which we are assigning the previously established rate of 47.64 percent for the period August 1, 2013, through July 31, 2014.

Assessment

The Department determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review, pursuant to 19 CFR 351.212(b). The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review. For those companies subject to this review found to be part of the PRC-wide entity, the Department will instruct CBP to assess antidumping duties on entries of subject merchandise at the PRC-wide rate of 47.67 percent.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed PRC and non-PRC exporters not noted above that have separate rates, the cash

⁷ See *Preliminary Results*, 80 FR 4537–4538 and accompanying Preliminary Decision Memorandum. Pursuant to the Department’s change in practice, the Department no longer considers the non-market economy entity as an exporter conditionally subject to administrative reviews. See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963, 65970 (November 4, 2013). Under this practice, the non-market economy entity will not be under review unless a party specifically requests, or the Department self-initiates, a review of the entity. Because no party requested a review of the entity, the entity is not under review and the entity’s rate is not subject to change.

³ “Paper suitable for high quality print graphics,” as used herein, means paper having an ISO brightness of 82 or higher and a Sheffield Smoothness of 250 or less. Coated free sheet is an example of a paper suitable for high quality print graphics.

⁴ At the request of U.S. Customs and Border Protection (“CBP”), the Department added the USHTS subheading 6305.33.0040 to the ACE CRF for the antidumping duty order. deposit rate will continue to be the exporter-specific rate published for the most recent period; (2) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 47.64 percent; and (3) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a final reminder to parties subject to the administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and this notice in accordance with sections 751(a)(1) and 777(i) of the Act.

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; NOAA Satellite Ground Station Customer Questionnaire

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before June 22, 2015.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Kay Metcalf, 301-817-4558 or kay.metcalf@noaa.gov; Scott Rogerson, 301-817-4543 or scott.rogerson@noaa.gov; or Paul Seymour, 301-817-4521 or paul.seymour@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection. NOAA asks people who operate ground receiving stations that receive data from NOAA satellites to complete a questionnaire about the types of data received, its use, the equipment involved, and similar subjects. The data obtained are used by NOAA for short-term operations and long-term planning. Collection of this data assists us in complying with the terms of our Memorandum of Understanding (MOU) with the World Meteorological Organization: United States Department of Commerce, National Oceanic and Atmospheric Administration (NOAA) on area of common interest (2008).

II. Method of Collection

The information is collected via an online questionnaire.

III. Data

OMB Control Number: 0648-0227.

Form Number: None.

Type of Review: Regular submission (extension of a currently approved information collection).

Affected Public: Not-for-profit institutions; business or other for-profit organizations, individuals or households; federal government; state, local or tribal Government.

Estimated Number of Respondents: 300.

Estimated Time per Response: 5 minutes.

Estimated Total Annual Burden Hours: 25.

Estimated Total Annual Cost to Public: \$0 in capital and recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: April 16, 2015.
