ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed to: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585-0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to 202-586-8008.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On April 3, 2015, DOE received an application from CWP Energy for authority to transmit electric energy from the United States to Canada as a power marketer for five years using existing international transmission facilities.

In its application, CWP Energy states that it does not own or control any electric generation or transmission facilities, and it does not have a franchised service area. The electric energy that CWP Energy proposes to export to Canada would be surplus energy purchased from third parties such as power marketers, independent power producers, electric utilities, and

Federal power marketing agencies pursuant to voluntary agreements. The existing international transmission facilities to be utilized by CWP Energy have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedures (18 CFR 385.211). Any person desiring to become a party to these proceedings should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Five copies of such comments, protests, or motions to intervene should be sent to the address provided above on or before the date listed above.

Comments and other filings concerning the CWP Energy application to export electric energy to Canada should be clearly marked with OE Docket No. EA-410. An additional copy is to be provided directly to both Ruta Kalvaitis Skucas, Pierce Atwood LLC, 900 17th St. NW., Suite 350, Washington, DC 20006 and to Pascal Massey, CWP Energy, 407 McGill St., Suite 315, Montreal, PQ, H2Y 2G3.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at <http://energy.gov/node/11845>, or by emailing Angela Troy at Angela.Troy@hq.doe.gov.
