Overview of This Information Collection

1. *Type of Information Collection:* Extension of a currently approved collection.

2. *The Title of the Form/Collection:* Americans with Disabilities Act Discrimination Complaint Form.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* No form number. The applicable component within the Department of Justice is the Disability Rights Section in the Civil Rights Division.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals alleging discrimination by public entities based on disability. Under title II of the Americans with Disabilities Act, an individual who believes that he or she has been subjected to discrimination on the basis of disability by a public entity may, by himself or herself or by an authorized representative, file a complaint. Any Federal agency that receives a complaint of discrimination by a public entity is required to review the complaint to determine whether it has jurisdiction under section 504 of the Rehabilitation Act. If the agency does not have jurisdiction, it must determine whether it is the designated agency responsible for complaints filed against that public entity. If the agency does not have jurisdiction under section 504 of the Rehabilitation Act and is not the designated agency, it must refer the complaint to the Department of Justice. The Department of Justice then must refer the complaint to the appropriate agency.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 9,100 respondents per year at 0.50 hours per complaint form.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 4,550 hours. It is estimated that respondents will take 0.50 hour to complete the questionnaire. The burden hours for collecting respondent data sum to 4,550 hours (9,100 respondents × 0.50 hours = 4,550 hours).

DEPARTMENT OF LABOR

Employment and Training Administration Program Year (PY) 2015 Workforce Innovation and Opportunity Act (WIOA) Allotments; PY 2015 Wagner-Peyser Act Final Allotments and PY 2015 Workforce Information Grants.

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: This notice announces allotments for PY 2015 for WIOA Title

I Youth, Adults and Dislocated Worker Activities programs; final allotments for Employment Service (ES) activities under the Wagner-Peyser Act for PY 2015 and Workforce Information Grants allotments for PY 2015.

WIOA allotments for States and the State final allotments for the Wagner-Peyser Act are based on formulas defined in their respective statutes. WIOA requires allotments for the outlying areas to be competitively based rather than based on a formula determined by the Secretary of Labor (Secretary) as occurred under the Workforce Investment Act (WIA). For PY 2015, the Secretary is using the transitional authority provided by WIOA in Section 503(b) to use the discretionary formula rationale and methodology for allocating PY 2015 funds for the outlying areas (American Samoa, Guam, Northern Marianas, Palau, and the Virgin Islands) that was published in the **Federal Register** at 65 FR 8236 (Feb. 17, 2000). The formula that the Department of Labor (Department) used for PY 2015 is the same formula used in PY 2014 and is described in the section on Youth Activities program allotments. Comments are invited on the formula used to allot funds to the outlying areas. The Department will implement a competitive grant process for funding the outlying areas in PY 2016.

DATES: Comments on the formula used to allot funds to the outlying areas must be received by June 3, 2015.

ADDRESSES: Submit written comments to the Employment and Training Administration (ETA), Office of Financial Administration, 200 Constitution Avenue NW., Room N-4702, Washington, DC 20210, Attention: Ms. Anita Harvey, email: harvey.anita@dol.gov

Commenters are advised that mail delivery in the Washington area may be delayed due to security concerns. Hand-delivered comments will be received at the above address. All overnight mail will be considered to be hand-delivered and must be received at the designated place by the date specified above.

Comments: The Department will retain all comments on this notice and will release them upon request via email to any member of the public. The Department also will make all the comments it receives available for public inspection by appointment

during normal business hours at the above address. If you need assistance to review the comments, the Department will provide you with appropriate aids such as readers or print magnifiers. SUPPLEMENTARY INFORMATION: The Department is announcing WIOA allotments for PY 2015 for Youth Activities, Adults and Dislocated Worker Activities, Wagner-Peyser Act PY 2015 final allotments, and PY 2015 Workforce Information Grant allotments. This notice provides information on the amount of funds available during PY 2015 to States with an approved WIA Title I and Wagner-Peyser Act Strategic Plan for PY 2015, and information regarding allotments to the outlying areas.

On December 16, 2014, the Consolidated and Further Continuing Appropriations Act, 2015, Public Law 113-235 was signed into law ("the Act"). The Act, Division G, Title I, Section 107 of the Act allows the Secretary of Labor (Secretary) to set aside up to 0.5 percent of most operating funds. The evaluation provision is consistent with the Federal government's priority on evidence-

based policy and programming and provides important opportunities to expand evaluations and demonstrations in the Department to build solid evidence about what works best. In the past, funds for ETA evaluations and demonstrations were separately appropriated and managed by ETA. This year, that separate authority has been replaced by the set aside provision. Funds are transferred to the Department's Chief Evaluation Office to implement formal evaluations and demonstrations in collaboration with ETA. For 2015, the Secretary set aside .25 percent of the TES and SUIESO appropriations. ETA spread the amount to be set aside for each appropriation among the programs funded by that appropriation with more than \$100 million in funding. This includes WIOA Adult, Youth and Dislocated Worker and Wagner-Peyser Employment Service program budgets.

We also have attached tables listing the PY 2015 allotments for programs under WIOA Title I Youth Activities (Table A), Adult and Dislocated Workers Employment and Training Activities (Tables B and C, respectively), and the PY 2015 Wagner-Peyser Act final allotments (Table D). We also have attached the PY 2015 Workforce Information Grant table (Table E).

Youth Activities Allotments. The appropriated level for PY 2015 for WIOA Youth Activities totals \$831,842,000. After reducing the appropriation by \$2,295,000 for evaluations, \$829,547,000 is available for Youth Activities. Table A includes a breakdown of the Youth Activities program allotments for PY 2015 and provides a comparison of these allotments to PY 2014 Youth Activities allotments for all States, and outlying areas. For the Native American Youth program, the total amount available is 1.5 percent of the total amount for Youth Activities (after the evaluations set aside), in accordance with WIOA section 127. The total funding available for the outlying areas was reserved at 0.25 percent of the amount appropriated for Youth Activities (after the evaluations set aside) minus the amount reserved for Native American Youth (in accordance with WIOA section 127(b)(1)(B)(i)). On December 17, 2003, Public Law 108-188, the *Compact of Free Association Amendments Act of 2003* ("the Compact"), was signed into law. The Compact provided for consolidation of WIA Title I funding, for the Marshall Islands and Micronesia into supplemental grants provided from the Department of Education's appropriation. See 48 U.S.C. 1921 d (f)(1)(B)(iii). The Compact also specified

that the Republic of Palau remained eligible for WIA Title I funding. See 48 U.S.C. 1921d(f)(1)(B)(ix). WIOA section 512(g)(1) updated the Compact to refer to WIOA funding. The Consolidated and Further Continuing Appropriations Act, 2015 (Division F, Title III, Section 306 of Pub. L. 113–235) authorized WIOA Title I funding to Palau through FY 2015.

Under WIA, the Secretary had discretion for determining the methodology for distributing funds to all outlying areas. Under WIOA the Secretary must disseminate the funds through a competitive process. Using the transition authority provided in WIOA Section 503(b), ETA will delay implementation of a competitive grant process for outlying areas until PY 2016. For PY 2015, the Department used the same methodology used since PY 2000 (*i.e.*, we distribute funds among the outlying areas by formula based on relative share of number of unemployed, a 90 percent hold-harmless of the prior year share, a \$75,000 minimum, and a 130 percent stop-gain for the state for the previous year). For the relative share calculation in PY 2015, the Department continued to use the data obtained from the 2010 Census for American Samoa, Guam, Commonwealth of Northern Marianas Islands, and Virgin Islands. For Palau, the Department continued to use data from Palau's 2005 Census.

After the Department calculated the amount for the outlying areas and Native Americans, we determined that the amount available for PY 2015 allotments to the States is \$815,061,036. This total amount was below the required \$1 billion threshold specified in WIOA section 127(b)(1)(C)(iv)(IV); therefore, the Department did not apply the WIOA additional minimum provisions. Instead, as required by WIOA, the Department used the Job Training Partnership Act (JTPA) (Pub. L. 97–300), section 262(a)(3) (as amended by section 207 of the Job Training Reform Amendments of 1992, Pub. L. 102–367) minimums of 90 percent hold-harmless of the prior year allotment percentage and 0.25 percent State minimum floor. WIOA also provides that no state may receive an allotment that is more than 130 percent of the allotment percentage for the State for the previous year. The three data factors required by WIOA for the PY 2015 Youth Activities State formula allotments are:

(1) The average number of unemployed individuals for Areas of Substantial Unemployment (ASUs) for the 12-month period, July 2013–June 2014;

(2) Number of excess unemployed individuals or the ASU excess (depending on which is higher) averages for the same 12-month period used for ASU unemployed data; and

(3) Number of economically disadvantaged Youth (age 16 to 21, excluding college students in the workforce and military) from special tabulations of data from the American Community Survey (ACS), which the Department obtained from the Bureau in 2012. The Bureau collected the data used in the special tabulations for economically disadvantaged Youth between January 1, 2006–December 31, 2010.

For purposes of identifying ASUs for the within-State Youth Activities allocation formula, States should continue to use the data made available by BLS (as described in LAUS Technical Memorandum No. S–14–22). For purposes of determining the number of economically disadvantaged Youth for the statutory within-state allocation formula, States should continue to use the special tabulations of ACS data made available to them in 2013 and available at <http://www.doleta.gov/budget/disadvantagedYouthAdults.cfm>. See TEGL No. 21–12 for further information.

Adult Employment and Training Activities Allotments. The total appropriated funds for Adult Activities in PY 2015 is \$776,736,000. After reducing the appropriated amount by \$2,143,000 for evaluations, \$774,593,000 remains for Adult Activities, of which \$772,656,517 is for States and \$1,936,483 is for outlying areas. Table B shows the PY 2015 Adult Employment and Training Activities allotments and a State by State comparison of the PY 2015 allotments to PY 2014 allotments.

In accordance with WIOA, the Department reserved the total available for the outlying areas at 0.25 percent of the full amount appropriated for Adult Activities (after the evaluations set aside). As discussed in the Youth Activities section above, in PY 2015 the Department will distribute the Adult Activities funding for the outlying areas, using the same principles, formula and data as used for outlying areas for Youth Activities. After determining the amount for the outlying areas, the Department used the statutory formula to distribute the remaining amount available for allotments to the States. The Department did not apply the WIOA minimum provisions for the PY 2015 allotments because the total amount available for the States was below the \$960 million threshold required for Adult Activities in WIOA

section 132(b)(1)(B)(iv)(IV). Instead, as required by WIOA, the Department calculated minimum allotments using the JTPA section 202(b)(2) (as amended by section 202 of the Job Training Reform Amendments of 1992) minimums of 90 percent hold-harmless of the prior year allotment percentage and 0.25 percent State minimum floor. WIOA also provides that no State may receive an allotment that is more than 130 percent of the allotment percentage for the State for the previous year. The three formula data factors for the Adult Activities program are the same as those used for the Youth Activities formula, except the Department used data for the number of economically disadvantaged Adults (age 18 to 72, excluding college students in the workforce and military).

As noted above, updated data for within-state ASU calculations is available from BLS, and States should continue to use the economically disadvantaged Adults data made available to States by the Department in 2013.

Dislocated Worker Employment and Training Activities Allotments. The amount appropriated for Dislocated Worker activities in PY 2015 totals \$1,236,389,000. The total appropriation includes formula funds for the States, while the National Reserve is used for National Dislocated Worker Grants, technical assistance and training, demonstration projects, and the outlying areas' Dislocated Worker allotments. After reducing the appropriated amount by \$3,411,000 for evaluations, a total of \$1,232,978,000 remains available for Dislocated Worker activities. The amount available for outlying areas is \$3,082,445, leaving \$217,167,555 for the National Reserve and a total of \$1,012,728,000 available for States. Like the Adult program, Table C shows the PY 2015 Dislocated Worker activities allotments and a by State comparison of the PY 2015 allotments to PY 2014 allotments.

Like the Adult Activities program, the Department reserved the total available for the outlying areas at 0.25 percent of the full amount appropriated for Dislocated Worker Activities (after the evaluations set aside). As with the Youth and Adult funds, the Department will not distribute the Dislocated Worker Activities funds for grants to the outlying areas by competitive grant until PY 2016. In PY 2015 the Department will use the same *pro rata* share as the areas received for the PY 2015 WIOA Adult Activities program, the same methodology used in PY 2014.

The three data factors required in WIOA for the PY 2015 Dislocated Worker State formula allotments are:

(1) Number of unemployed, averages for the 12-month period, October 2013—September 2014;

(2) Number of excess unemployed, averages for the 12-month period, October 2013—September 2014; and

(3) Number of long-term unemployed, averages for the 12-month period, October 2013—September 2014.

Since the Dislocated Worker Activities formula has no floor amount or hold-harmless provisions until PY 2016, funding changes for States directly reflect the impact of changes in unemployment related data listed above.

Wagner-Peyser Act ES Final Allotments. The appropriated level for PY 2015 for ES grants totals \$664,184,000. After reducing the appropriated amount by \$1,784,000 for evaluations, a total of \$662,400,000 remains available for ES programs. After determining the funding for outlying areas, the Department calculated allotments to States using the formula set forth at section 6 of the Wagner-Peyser Act (29 U.S.C. 49e). The Department based PY 2015 formula allotments on each State's share of

calendar year 2014 monthly averages of the civilian labor force (CLF) and unemployment. Section 6(b)(4) of the Wagner-Peyser Act requires the Secretary to set aside up to three percent of the total funds available for ES to ensure that each State will have sufficient resources to maintain statewide ES activities. In accordance with this provision, the Department included the three percent set-aside funds in this total allotment. The Department distributed the set-aside funds in two steps to States that have experienced a reduction in their relative share of the total resources available this year from their relative share of the total resources available the previous year. In Step 1, States that have a CLF below one million and are also below the median CLF density were maintained at 100 percent of their relative share of prior year resources. ETA calculated the median CLF density based on CLF data provided by BLS for calendar year 2014. All remaining set-aside funds were distributed on a *pro-rata* basis in Step 2 to all other States experiencing reductions in relative share from the prior year but not meeting the size and

density criteria for Step 1. The distribution of ES funds (Table D) includes \$660,785,299 for States, as well as \$1,614,701 for outlying areas.

Under section 7 of the Wagner-Peyser Act, ten percent of the total sums allotted to each State must be reserved for use by the Governor to provide performance incentives for ES offices, services for groups with special needs, and for the extra costs of exemplary models for delivering job services.

Workforce Information Grants Allotments. Total PY 2015 funding for Workforce Information Grants allotments to States is \$32,000,000. The allotment figures for each State are listed in Table E. Funds are distributed by administrative formula, with a reserve of \$176,800 for Guam and the Virgin Islands. Guam and the Virgin Islands allotment amounts are partially based on CLF data. The Department distributes the remaining funds to the States with 40 percent distributed equally to all States and 60 percent distributed based on each State's share of CLF for the 12 months ending September 2014.

[Docket No. 2015-02]

Scope of the Copyright Royalty Judges' Continuing Jurisdiction

AGENCY: U.S. Copyright Office, Library of Congress.

ACTION: Final order.

SUMMARY: The Copyright Royalty Judges (“CRJs”), acting pursuant to statute, referred novel material questions of substantive law to the Register of Copyrights for resolution. Those questions concerned the scope of the CRJs’ authority, under the statutory grant of continuing jurisdiction over ratemaking determinations, to issue a clarifying interpretation of regulations adopted pursuant to such a determination. The Register resolved those questions in a written decision that was transmitted to the CRJs. That decision is reproduced below.

DATES: Effective Date: April 8, 2015.

FOR FURTHER INFORMATION CONTACT:

Stephen Ruwe, Assistant General Counsel, U.S. Copyright Office, P.O. Box 70400, Washington, DC 20024. Telephone: (202) 707-8350.

SUPPLEMENTARY INFORMATION: The Copyright Royalty Judges are tasked with determining and adjusting terms and rates of royalty payments of statutory licenses under the Copyright Act. See 17 U.S.C. 801. If, in the course of proceedings before the CRJs, novel material questions of substantive law concerning the interpretation of provisions of title 17 arise, the CRJs are required by statute to refer those

questions to the Register of Copyrights for resolution. 17 U.S.C. 802(f)(1)(B).

On March 9, 2015, the CRJs, acting pursuant to 17 U.S.C. 802(f)(1)(B), referred novel material questions of substantive law to the Register, concerning the CRJs’ authority to issue a clarifying interpretation of regulations adopted in a prior ratesetting determination. On April 8, 2015, the Register resolved those questions in a Memorandum Opinion that she transmitted to the CRJs. To provide the public with notice of the decision rendered by the Register, the Memorandum Opinion is reproduced in its entirety below.

In the Matter of Determination of Rates and Terms for Preexisting Subscription Services and Satellite Digital Audio Radio Services

Docket No. 2006-1 CRB DSTRA (SDARS I)

MEMORANDUM OPINION ON A NOVEL QUESTION OF LAW

In relation to the above-captioned proceeding before the Copyright Royalty Judges (“CRJs” or “Judges”), questions have arisen about the proper interpretation of 17 U.S.C. 803(c)(4), which provides the CRJs with “continuing jurisdiction” in certain circumstances to amend a written determination after it has issued. The CRJs determined that these were novel material questions of substantive law and, as required by section 802(f)(1)(B), referred them to the Register of Copyrights for resolution. The Register hereby resolves those referred questions.

I. Procedural Background

On January 24, 2008, the CRJs published final royalty rates and terms under the section 112(e) and 114 statutory licenses for the period 2007 through 2012 for preexisting satellite digital audio radio services (“SDARS I”). 73 FR 4080 (Jan. 24, 2008).¹ In that proceeding, the CRJs set a royalty rate as a percentage of the “Gross Revenues” of the satellite services. 73 FR at 4084. The definition of “Gross Revenues” adopted by the CRJs excluded several categories of revenues received by satellite services, such as revenues from channels and programming that are “exempt from any license requirement or [are] separately licensed,” and revenues attributable to channels and programming that are “offered for a separate charge” and “use only incidental performances of sound recordings.” 73 FR at 4102; 37 CFR 382.11 (2008) (paragraph (3)(vi)(B) & (D) of Gross Revenues definition).

On April 17, 2013, the CRJs adjusted the royalty rates and terms for satellite radio for the period 2013 through 2017 (“SDARS II”). 78 FR 23054 (Apr. 17, 2013) *as modified*, 78 FR 31842 (May, 28, 2013). In the course of that proceeding, SoundExchange criticized the manner in which Sirius XM had been excluding revenues in reliance on the SDARS I regulations, including its practice of excluding revenues attributable to sound recordings made before February 15, 1972, which are generally not subject to federal copyright protection, and thus do not fall within the section 112(e) and 114

¹ The CRJs’ determination in SDARS I was appealed to the U.S. Court of Appeals for the District of Columbia Circuit. The court affirmed the determination in all but one respect, remanding to the CRJs the single matter of specifying a royalty for the use of the section 112 statutory license. *SoundExchange, Inc. v. Librarian of Congress*, 571 F.3d 1220 (D.C. Cir. 2009). That last issue was resolved by the CRJs in further proceedings. 75 FR 5513 (Feb. 3, 2010).
