DATES: Effective: May 7, 2015.

Andrew Huston, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4261.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by the order are all gauges of raw, pre-treated, or primed polyethylene terephthalate film, whether extruded or co-extruded. Excluded are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer more than 0.00001 inches thick. Also excluded is roller transport cleaning film which has at least one of its surfaces modified by application of 0.5 micrometers of SBR latex. Tracing and drafting film is also excluded. Polyethylene terephthalate film is classifiable under subheading 3920.62.00.90 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the order is dispositive.²

Scope of the Anti-Circumvention Inquiry

This anti-circumvention inquiry covers PET Film produced in Bahrain by JBF Bahrain from inputs (PET chips and silica chips) manufactured in the UAE, and that is subsequently exported from Bahrain to the United States.

Methodology

The Department has conducted this preliminary determination of circumvention in accordance with section 781(b) of the Act and 19 CFR

351.225(h). For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.³ The Preliminary Decision Memorandum is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov>, and it is available to all parties in the Central Records Unit in room 7046 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/fnn/>. The signed Preliminary Decision Memorandum and electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Findings

As detailed in the Preliminary Decision Memorandum, the Department has preliminarily determined that the process of completion or assembly of PET Film produced by JBF Bahrain is not minor or insignificant, pursuant to section 781(b)(2) of the Act, nor is the value of the merchandise produced in the UAE a significant portion of the value of PET film exported from Bahrain to the United States, pursuant to section 781(b)(1)(D) of the Act. Therefore, the Department preliminarily determines that PET Film produced by JBF Bahrain in Bahrain using inputs from the UAE, and exported from Bahrain to the United States, is not circumventing the Order.

Public Comment

The Department intends to disclose the analysis used in these preliminary findings within five days of publication of this notice. Interested parties are invited to comment on the preliminary results of this review. Pursuant to 19 CFR 351.309(b)(2), interested parties may submit case briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may not be filed later than five days after the time limit for filing case briefs.⁴ Case and rebuttal briefs, when submitted, must comport with the requirements contained in 19 CFR 351.309(c)(2) and (d)(2).

Any interested party who wishes to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days after the day of publication of this

notice pursuant to 19 CFR 351.310(c). A request should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed.⁵ Issues raised in the hearing will be limited to those raised in case briefs.

Final Determination

According to 19 CFR 351.225(f)(5), the Department will normally issue a final scope ruling in a circumvention inquiry within 300 days of the date of the initiation inquiry. Because of the extensive cost, investment, and research and development information required for this analysis from JBF, the Department is extending the deadline for the final ruling in this inquiry. The final determination with respect to this anti-circumvention inquiry, including results of the Department's analysis of any written comments, will be issued no later than July 31, 2015.

This preliminary negative circumvention determination is published in accordance with section 781(b) of the Act and 19 CFR 351.225.

SUPPLEMENTARY INFORMATION:

Background

On April 10, 2015, the Department disclosed to interested parties its calculations for the *Final Results*.² On April 15, 2015, we received a ministerial error allegation from Petitioners³ regarding the Department’s margin calculation for Guizhou Tyre Co., Ltd./Guizhou Tyre Import and Export Co., Ltd. (collectively, “GTC”).⁴

Scope of the Order

The merchandise covered by this order includes new pneumatic tires designed for off-the-road and off-highway use, subject to certain exceptions. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings: 4011.20.10.25, 4011.20.10.35, 4011.20.50.30, 4011.20.50.50, 4011.61.00.00, 4011.62.00.00, 4011.63.00.00,

Ministerial Error

Section 751(h) of the Tariff Act of 1930, as amended (“the Act”), and 19 CFR 351.224(f) define a “ministerial error” as an error “in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any similar type of unintentional error which the Secretary considers ministerial.” We analyzed Petitioners’ ministerial error comments and determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made a ministerial error in our calculation of GTC’s margin for the *Final Results* by inadvertently neglecting to include two of GTC’s inputs in the total material cost buildup for normal value.⁶

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results*.⁷ The revised weighted-average dumping margins are detailed below.

Amended Final Results

As a result of correcting this ministerial error, we determine that the following weighted-average dumping margins exist for the POR:

Exporter	Weighted average dumping margin (percent)
Guizhou Tyre Co., Ltd./Guizhou Tyre Import and Export Co., Ltd	11.41
Zhongce Rubber Group Company Limited	11.41
Weihai Zhongwei Rubber Co., Ltd	11.41
PRC-Wide Entity ⁸	105.31

Assessment Rates

The Department shall determine, and the U.S. Customs and Border Protection

⁷ See Memorandum to Melissa G. Skinner, Director, AD/CVD Operations, Office III, titled “2012–2013 Administrative Review of the Antidumping Duty Order on Certain New Pneumatic Off-the-Road Tires from the People’s Republic of China: Ministerial Error Allegation for the Final Results,” dated concurrently with this notice.

⁸ The PRC-Wide Entity includes Double Coin Holdings Ltd. (“Double Coin”).

(“CBP”) shall assess, antidumping duties on all appropriate entries covered by this review pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b).⁹ The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these amended final results of review.

For customers or importers of GTC for which we do not have entered value, we calculated importer- (or customer-) specific antidumping duty assessment amounts based on the ratio of the total amount of dumping duties calculated for the examined sales of subject merchandise to the total sales quantity of those same sales.¹⁰ For customers or importers of GTC for which we received entered-value information, we have calculated importer- (or customer-) specific antidumping duty assessment rates based on importer- (or customer-) specific *ad valorem* rates.¹¹ For the non-examined separate rate companies, we will instruct CBP to liquidate all appropriate entries at 11.41 percent. For the PRC-wide entity, including Double Coin, we will instruct CBP to liquidate all appropriate entries at 105.31 percent.

Consistent with the Department’s assessment practice in non-market economy cases,¹² for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. In addition, if the Department determines that an exporter under review had no shipments of subject merchandise, any suspended entries that entered under that exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the PRC-wide rate.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the amended final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be equal to the weighted-average dumping margin identified in the “Amended Final Results” section; (2) for previously

investigated or reviewed PRC and non-PRC exporters that are not under review in this segment of the proceeding but that received a separate rate in a previous segment, the cash deposit rate will continue to be the exporter-specific rate (or exporter-producer chain rate) published for the most recently completed segment of this proceeding; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 105.31 percent;¹³ and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. The cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Disclosure

We will disclose the calculations performed for these amended final results to interested parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

¹³ In the "Cash Deposit Requirements" section of the *Final Results*, the Department inadvertently listed the PRC-wide cash deposit rate as 105.24 percent. The correct PRC-wide cash deposit rate is 105.31 percent.

These amended final results of review are issued and published in accordance with section 751(h) of the Tariff Act of 1930 Act and 19 CFR 351.224(f).

Dated: May 1, 2015.
