

the environmental impacts of the proposal. The NRC staff published a notice of intent to prepare a DEIS and to conduct a scoping process in the **Federal Register** on June 15, 2010 (75 FR 33851). On March 5, 2015 (80 FR 12043), the NRC solicited comments on NUREG-2176, "Draft Environmental Impact Statement for Combined Licenses (COLs) for Turkey Point Nuclear Plant, Units 6 and 7," to support the environmental review for the application. The public comment period closed on May 22, 2015.

The NRC's regulations set a minimum public comment period of 45 days for a draft environmental impact statement, and contemplate reasonable requests for a 15-day extension, if practicable (10 CFR 51.73). In the **Federal Register** notice announcing the availability of the Turkey Point DEIS, the NRC staff allowed 75 days for public comment, *i.e.*, the NRC staff already included two 15-day extensions to the minimum comment period for the DEIS (80 FR 12043). On May 5, 2015, the USACE forwarded to the NRC staff a request from the Seminole Tribe of Florida (Tribe) to extend the comment period on the DEIS until July 13, 2015. The Tribe requested this additional time in order to formulate comments on the DEIS after the Tribe meets with the USACE and the NRC staff to discuss the DEIS. The meeting is currently scheduled for June 23, 2015. In the peculiar circumstances present here, the Tribe was unable to meet with the USACE and the NRC staff in time to submit comments within the original comment period, *i.e.*, by May 22, 2015. The NRC staff has reviewed the Tribe's request, and considered that the meeting with the Tribe cannot be held until close to the last week of June and that two other Federal agencies have requested to extend the comment period. The NRC staff has determined that the Tribe's requested extension is warranted to allow the Tribe to provide reasoned comments in light of information discussed in the meeting scheduled for June 23, 2015, and is practicable, within the constraints of the NRC staff review schedule for the application. The NRC staff, however, is not limiting the reopened comment period to the Tribe. Accordingly, the NRC has decided to reopen the public comment period on the DEIS (NUREG-2176) until July 17, 2015.

Dated at Rockville, Maryland, this 21st day of May, 2015.
