SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Employee Retirement Income Security Act (ERISA) Blackout Period Notice information collection requirements codified in regulations 26 CFR 2520.101-3. The Sarbanes-Oxley Act of 2002 amended ERISA section 101 to require a plan administrator to furnish affected participants and beneficiaries of individual account pension plans with advance written notice of any blackout period during which the right to direct or diversify investments or obtain a loan or distribution may be temporarily suspended. ERISA sections 101(i) and 505 authorize this information collection. See 29 U.S.C. 1021(i), 1135.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0122.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on June 30, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on October 15, 2015 (79 FR 61903).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal**

SUPPLEMENTARY INFORMATION:

I. Abstract

A federal grant is an award of financial assistance from a federal agency to a recipient to carry out a public purpose of support or stimulation authorized by a law of the United States. The NASA Procurement Office supports NASA research, science, and education communities through the award of research/education and training grants in the science, technology, engineering, and math (STEM) fields. NASA has a continuing commitment to identify and address inequities associated with its grant review and awards processes. To support that commitment, NASA is implementing a process to collect demographic data from grant applicants for the purpose of analyzing

demographic differences associated with its award processes. Information collected will include name, gender, race, ethnicity, disability status, and citizenship status.

Submission of the information is voluntary and is not a precondition of award. However, if the information is not submitted, it will undermine the usefulness of information received from others.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2015-047]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA)

publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: NARA must receive requests for copies in writing by July 17, 2015. Once NARA completes appraisal of the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Management Services (ACNR) using one of the following means:

Mail: NARA (ACNR); 8601 Adelphi Road; College Park, MD 20740-6001.

Email: request.schedule@nara.gov.

FAX: 301-837-3698.

You must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT: Margaret Hawkins, Director, by mail at Records Management Services (ACNR); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740-6001, by phone at 301-837-1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for types of records and submit these schedules for NARA's approval. These schedules allow timely transfer
