

challenge of finding refuge for the required 30 minute break, whether it's from traffic or fear of life in some instances. Continuing to grant exemptions defeats the purpose of the rule and is unfair to grant on the basis of someone's business model. Choosing to haul cattle, household OR oversize should not exempt carriers from the rules and regulations enacted to promote safety."

FMCSA Decision

FMCSA has evaluated SC&RA's application and the public comments and decided to grant the exemption. The arguments against the exemption are not trivial. While livestock may be physically endangered if the vehicle transporting them has to stop while the driver takes a 30-minute break—as recognized in the exemption granted to livestock haulers (79FR 33634, June 11, 2014)—the same cannot be said of OS/OW loads. It is also true that parking shortages affect drivers of many types of vehicle. Nonetheless, finding suitable parking for trucks with OS/OW loads is particularly difficult, as SC&RA pointed out, and the default option is likely to be parking on the shoulder of a highway, with the load sometimes extending into the lanes of traffic. No matter how well marked, trucks parked at roadside, especially at night, are too often mistaken for moving vehicles and struck, frequently with fatal consequences, before an inattentive driver can correct his mistake. Based on available information, the number of such crashes likely to occur during a 30-minute break cannot be estimated, but the Agency has concluded that drivers of OS/OW vehicles are at least as likely to be involved in a crash while parked at roadside during a 30-minute break as while driving during that same period and the hour or so thereafter, where the break typically has the greatest benefit. FMCSA has therefore decided to grant the exemption, subject to the terms and conditions outlined below.

Terms of the Exemption

1. Drivers of specialized loads moving in interstate commerce that exceed normal weight and dimensional limits—oversize/overweight (OS/OW) loads—and require a permit issued by a government authority, are exempt from the requirement for a 30-minute rest break in § 395.3(a)(3)(ii). Drivers of loads not moving in interstate commerce are not eligible for this exemption.

2. Drivers must have a copy of this exemption document in their possession while operating under the terms of the exemption. The exemption document

must be presented to law enforcement officials upon request.

3. All motor carriers operating under this exemption must have a "Satisfactory" safety rating with FMCSA, or be "unrated." Motor carriers with "Conditional" or "Unsatisfactory" FMCSA safety ratings are prohibited from using this exemption.

4. All motor carriers operating under this exemption must have Safety Measurement System (SMS) scores below FMCSA's intervention thresholds, as displayed at <http://ai.fmcsa.dot.gov/sms/>.

Period of the Exemption

This exemption from the requirements of 49 CFR 395.3(a)(3)(ii) is granted for the period from 12:01 a.m., June 18, 2015 through 11:59 p.m., June 18, 2017.

Extent of the Exemption

This exemption is limited to the provisions of 49 CFR 395.3(a)(3)(ii). These drivers must comply with all other applicable provisions of the FMCSRs.

Preemption

In accordance with 49 U.S.C. 31315(d), during the period this exemption is in effect, no State shall enforce any law or regulation that conflicts with or is inconsistent with this exemption with respect to a firm or person operating under the exemption.

Notification to FMCSA

Any motor carrier utilizing this exemption must notify FMCSA within 5 business days of any accident (as defined in 49 CFR 390.5), involving any of the motor carrier's CMV drivers operating under the terms of this exemption. The notification must include the following information:

- a. Name of operating motor carrier and USDOT number,
- b. Date of the accident,
- c. City or town, and State, in which the accident occurred, or closest to the accident scene,
- d. Driver's name and license number and State of issuance,
- e. Vehicle number and State license plate number,
- f. Number of individuals suffering physical injury,
- g. Number of fatalities,
- h. The police-reported cause of the accident,
- i. Whether the driver was cited for violation of any traffic laws or motor carrier safety regulations, and
- j. The driver's total driving time and total on-duty time period prior to the accident.

Reports filed under this provision shall be emailed to MCPSPD@DOT.GOV.

Termination

FMCSA believes carriers transporting OS/OW loads under permit will continue to maintain their previous safety record while operating under this exemption. However, should problems occur, FMCSA will take all steps necessary to protect the public interest, including revocation or restriction of the exemption. The FMCSA will immediately revoke or restrict the exemption for failure to comply with its terms and conditions.
