Riverside Publishing Company, Technical Production Services Group, A Subsidiary of Houghton Mifflin Harcourt Publishing Company, Including On-Site Leased Workers From Zero Chaos, Apex Systems, and Pro Unlimited, Inc., Rolling Meadows, Illinois; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. § 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 16, 2013, applicable to workers of Riverside Publishing Company, Technical Production Services Group, a subsidiary of Houghton Mifflin Harcourt Publishing Company, including on-site leased workers from Zero Chaos and Apex Systems, Rolling Meadows, Illinois. The Department's notice of determination was published in the **Federal Register** on February 6, 2013 (78 FR 8593).

At the request of the state workforce office, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of educational tests.

The company reports that workers leased from PRO Unlimited, Inc. were employed on-site at the Rolling Meadows, Illinois location of the Riverside Publishing Company, Technical Production Services Group. The Department has determined that these workers were sufficiently under the control of the subject firm to be considered leased workers.

Based on these findings, the Department is amending this

certification to include workers leased from PRO Unlimited, Inc. working on-site at the Rolling Meadows, Illinois location of the Riverside Publishing Company, Technical Production Services Group.

The amended notice applicable to TA-W-82,306 is hereby issued as follows:

All workers of PRO Unlimited, Inc., reporting to Riverside Publishing Company, Technical Production Services Group, a subsidiary of Houghton Mifflin Harcourt Publishing Company, Rolling Meadows, Illinois, who became totally or partially separated from employment on or after January 2, 2012, through January 16, 2015, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed in Washington, DC, this 14th day of May, 2015.

Michael W. Jaffe,

Certifying Officer, Office of Trade Adjustment Assistance.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accord with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information

collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The OSPP allows OSHA to enter into an extended, voluntary, cooperative relationship with groups of employers, employees, and representatives (sometimes including other stakeholders, and sometimes involving only one employer) to encourage, assist and recognize their efforts to eliminate serious hazards and to achieve a high level of worker safety and health that goes beyond what historically has been achieved from traditional enforcement methods. Each OSHA Strategic Partnership (OSP) determines what information will be needed, determining the best collection method, and clarifying how the information will be used. At a minimum, each OSP must identify baseline injury and illness data corresponding to all summary line items on the OSHA 300 logs, and must track changes at either the worksite level or participant-aggregate level. An OSP may also include other measures of success, such as training activity, self-inspections, and/or workers' compensation data. In this regard, the information collection requirements for the OSPP are used by the Agency to gauge the effectiveness of its programs, identify needed improvements, and ensure that its resources are being used for good and effective purposes.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other

technological information collection and transmission techniques.

III. Proposed Actions

OSHA is proposing to adjust the information collection burden hour requirements contained in the Agency's Strategic Partnership Program for Worker Safety and Health (5 CFR 1320.5). The Agency is requesting to decrease its current burden hour total from 108,702 to 67,697 hours for a total decrease of 41,005 hours. The decrease is a result of a decrease in the number of employers and participants. The Agency will summarize the comments submitted in response to this notice and will include this summary in the request to OMB.

Type of Review: Extension of a currently approved collection.

Title: OSHA Strategic Partnership Program (OSPP) for Worker Safety and Health.

OMB Control Number: 1218-0244.

Affected Public: Businesses or other for-profits; Federal Government; State, Local or Tribal Government.

Number of Respondents: 93.

Frequency of Responses: On occasion.

Average Time per Response: Eleven (11) hours to develop the partnership requirements, craft agreement language, and conduct an internal review process.

Estimated Total Burden Hours: 67,697.

Estimated Cost (Operation and Maintenance): \$7,790.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

(1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number (Docket No. OSHA-2011-0861) for this ICR. You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or a facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about

security procedures concerning the delivery of materials by hand, express delivery, messenger or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY) (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information, such as their social security number and date of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not available from the Web site and for assistance in using the Internet to locate docket submissions.
