**Mondelez International Philadelphia,
Pennsylvania; Mondelez International
Wilkes-Barre, Pennsylvania; Amended
Certification Regarding Eligibility To
Apply for Worker Adjustment
Assistance**

In accordance with section 223 of the Trade Act of 1974, as amended (“Act”), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 19, 2013, applicable to workers and former workers of Mondelez International, Philadelphia, Pennsylvania (TA–W–82,500). The workers were engaged in activities related to the production of snack food products. The worker group does not include leased or temporary workers.

During the course of an investigation of a subsequent Trade Adjustment Assistance (TAA) petition filed on behalf of workers at an affiliated Mondelez International facility, the Department received additional information regarding the workers group covered by TA–W–82,500 (Philadelphia, Pennsylvania) and new information regarding the worker group covered by TA–W–82,500A (Wilkes-Barre, Pennsylvania).

Based on the new and additional information, the Department determines that the worker group at the subject firm’s Wilkes-Barre, Pennsylvania facility is engaged in the production of snack food products at the Philadelphia, Pennsylvania facility.

Based on these findings, the Department is amending this certification (TA–W–82,500) to include the workers at Wilkes-Barre, Pennsylvania (TA–W–82,500A). The amended notice applicable to TA–W–82,500 is hereby issued as follows:

All workers of Mondelez International, Philadelphia, Pennsylvania (TA–W–82,500) and Mondelez International, [Wilkes-Barre, Pennsylvania (TA–W–82,500A), who became totally or partially separated from employment on or after February 23, 2012 through July 19, 2015, and all workers in the group threatened with total or partial separation from employment on July 19, 2013 through July 19, 2015, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed in Washington, DC, this 4th day of May 2015.

Michael W. Jaffe,
*Certifying Officer, Office of Trade Adjustment
Assistance.*

ETA Form 790, Extension Without
Revisions, and the Agricultural and

Memorandum, ETA Form 795,
Extension Without Revisions**

AGENCY: Employment and Training
Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Department of Labor (Department), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)] (PRA). The program helps ensure that respondents can provide requested data in the desired format with minimal reporting burden (time and financial resources), collection instruments are clearly understood and the impact of collection requirements on respondents can be properly assessed.

Currently, ETA is soliciting comments concerning the extension of the expiration date (October 31, 2015) to October 2018 for ETA Forms 790 and 795, with no revisions made to either form. In situations where an adequate supply of workers does not exist locally, agricultural employers must use the Agricultural and Food Processing Clearance Order, ETA Form 790, to list the job opening with the State Workforce Agency (SWA) for recruiting temporary agricultural workers. The Agricultural and Food Processing Clearance Memorandum, ETA Form 795, is used by SWAs to extend job orders beyond their jurisdictions, give notice of action on a clearance order, request additional information, amend the order, report results, and accept or reject the extended job order.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive

consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention 1205–0134.

DATES: Submit written comments to the office listed in the addresses section below on or before August 25, 2015.

Michel Smyth by telephone at 202-693-4129, TTY 202-693-8064, (these are not toll-free numbers) or by email at DOL_PRA_PUBLIC@dol.gov.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Hazard Communication Standard information collection requirements codified in regulations 29 CFR 1910.1200, 1915.1200, 1917.28, 1918.90, 1926.59, and 1928.21. The information collection requirements in the Standard ensure the hazards of produced or imported chemicals are evaluated and information concerning these hazards is

transmitted to downstream employers and their workers. The Standard requires a chemical manufacturer or importer to evaluate chemicals it produces or imports to determine whether they are hazardous. For those chemicals determined to be hazardous, the manufacturer or importer must develop safety data sheets and warning labels. An Occupational Safety and Health Act (OSH Act) covered employer subject to the Standard is required to establish hazard communication programs to transmit information on the hazards of chemicals to its workers by means of labels on containers and safety data sheets. Implementation of these information collection requirements helps to ensure workers understand the hazards and identities of chemicals to which the workers are exposed; thereby, reducing the incidence of chemically related occupational illnesses and injuries. OSH Act sections 2(b)(9), 6, and 8(c) authorize this information collection. See 29 U.S.C. 651(b)(9), 655, and 657(c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0072.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on June 30, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on April 27, 2015 (80 FR 23300).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section by July 30, 2015. In order to help ensure appropriate consideration, comments should mention OMB Control
