

based on its observation of market maker activity, its desire to slowly unwind this program for market makers generally and is designed to provide the greatest improvement in market quality. To the extent the Exchange's estimation is incorrect, it may adjust the requirement appropriately. Lastly, the Exchange believes that the passive liquidity provisioning benefits provided by market making to liquidity seeking market participants, especially investors, materially outweighs any potential harm that may be caused by allowing a market maker to exceed the Order Entry Ratio threshold.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule changes will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.¹⁷ NASDAQ notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive, or rebate opportunities available at other venues to be more favorable. In such an environment, NASDAQ must continually adjust its fees to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, NASDAQ believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited.

In this instance, the proposed changes to the charges assessed and credits available to member firms for execution of securities in securities of all three Tapes do not impose a burden on competition because NASDAQ's execution services are completely voluntary and subject to extensive competition both from other exchanges and from off-exchange venues. Excluding market makers from the Excess Order Fee does not place a burden on competition because the Exchange has balanced the goal of the fee with the potential negative impact on market quality and determined that excluding market makers from the fee will promote better market quality, and thereby promote NASDAQ's competitiveness among exchanges and other market venues. In sum, if the

changes proposed herein are unattractive to market participants, it is likely that NASDAQ will lose market share as a result. Accordingly, NASDAQ does not believe that the proposed changes will impair the ability of members or competing order execution venues to maintain their competitive standing in the financial markets.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2015-081 on the subject line.

proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The purpose of the proposed rule change is to adopt rules that will provide the basis for ICC to clear additional credit default swap contracts. ICC currently clears seven SWES Contracts: The Republic of Ireland, the Italian Republic, the Portuguese Republic, the Kingdom of Spain, the Kingdom of Belgium, the Republic of Austria, and the Kingdom of the Netherlands. ICC is proposing to amend Subchapter 26I of its rules to provide for the clearance of additional SWES Contracts, specifically the Federal Republic of Germany, the French Republic, and the United Kingdom of Great Britain and Northern Ireland. The proposed change is dependent on the approval and implementation of the proposed rule change in SR-ICC-2015-009 and therefore, the text of the proposed rule change in Exhibit 5 should be read in conjunction with the proposed rule change in SR-ICC-2015-009.³

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the proposed rule change is to adopt rules that will provide the basis for ICC to clear additional credit default swap contracts. ICC currently clears seven SWES Contracts: the Republic of Ireland, the Italian Republic, the Portuguese Republic, the Kingdom of Spain, the Kingdom of Belgium, the Republic of Austria, and the Kingdom of the Netherlands. ICC proposes amending

Subchapter 26I of its Rules to provide for the clearance of additional SWES Contracts, specifically the Federal Republic of Germany, the French Republic, and the United Kingdom of Great Britain and Northern Ireland. ICC plans to offer these additional SWES Contracts on the 2003 and 2014 ISDA Credit Derivatives Definitions. The addition of these SWES Contracts will benefit the market for credit default swaps by providing market participants the benefits of clearing, including reduction in counterparty risk and safeguarding of margin assets pursuant to clearing house rules.

These additional SWES Contracts have terms consistent with the other SWES Contracts approved for clearing at ICC and governed by Subchapter 26I of the ICC Rules, namely the Republic of Ireland, the Italian Republic, the Portuguese Republic, the Kingdom of Spain, the Kingdom of Belgium, the Republic of Austria, and the Kingdom of the Netherlands. Minor revisions to Subchapter 26I (Standard Western European Sovereign ("SWES") Single Name) are made to provide for clearing the additional SWES Contracts and described as follows.

Rule 26I-102 is modified to include the Federal Republic of Germany, the French Republic, and the United Kingdom of Great Britain and Northern Ireland in the list of specific Eligible SWES Reference Entities to be cleared by ICC.

Section 17A(b)(3)(F) of the Act⁴ requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions and to comply with the provisions of the Act and the rules and regulations thereunder. These contracts are similar to the SWES Contracts currently cleared by ICC, and the additional SWES Contracts would be cleared pursuant to ICC's clearing arrangements and related financial safeguards, protections and risk management procedures, as modified by the proposed risk enhancements related to General Wrong Way Risk set forth in filing SR-ICC-2015-009.⁵ The additional SWES Contracts will allow market participants an increased ability to manage risk. ICC

believes that acceptance of the new contracts, on the terms and conditions set out in the ICC Rules, is consistent with the prompt and accurate clearance of and settlement of securities transactions and derivative agreements, contracts and transactions cleared by ICC, the safeguarding of securities and funds in the custody or control of ICC, and the protection of investors and the public interest, within the meaning of Section 17A(b)(3)(F) of the Act.⁶

Clearing of the additional SWES Contracts will also satisfy the requirements of Rule 17Ad-22.⁷ In particular, in terms of financial resources, ICC would apply its initial margin methodology to the additional contracts (as modified by rule filing SR-ICC-2015-009).⁸ ICC believes that this model would provide sufficient initial margin requirements to cover its credit exposure to its clearing members from clearing such contracts, consistent with the requirements of Rule 17Ad-22(b)(2).⁹ In addition, ICC believes its Guaranty Fund, under its existing methodology, would, together with the required initial margin, provide sufficient financial resources to support the clearing of the additional contracts consistent with the requirements of Rule 17Ad-22(b)(3).¹⁰ ICC also believes that its existing operational and managerial resources will be sufficient for clearing of the additional contracts, consistent with the requirements of Rule 17Ad-22(d)(4),¹¹ as the new contracts are substantially the same from an operational perspective as existing contracts. Similarly, ICC will use its existing settlement procedures and account structures for the new contracts, consistent with the requirements of Rule 17Ad-22(d)(5), (12) and (15)¹² as to the finality and accuracy of its daily settlement process and avoidance of the risk to ICC of settlement failures. ICC determined to accept the additional SWES Contracts for clearing in accordance with its governance process, which included review of the contracts and related risk management considerations by the ICC Risk Committee and approval by its Board. These governance arrangements are consistent with the requirements of Rule

⁸ Pursuant to a telephone call with ICC's internal counsel on July 14, 2015, staff in the Division of Trading and Markets has modified the text of this paragraph to further clarify that the proposed rule change is dependent on the approval and implementation of the proposed rule change in SR-ICC-2015-009.

⁵ Pursuant to a telephone call with ICC's internal counsel on July 14, 2015, staff in the Division of Trading and Markets has modified the text of this sentence to further clarify that the proposed rule change is dependent on the approval and implementation of the proposed rule change in SR-ICC-2015-009.

17Ad–22(d)(8).¹³ Finally, ICC will apply its existing default management policies and procedures for the additional SWES Contracts. ICC believes that these procedures allow for it to take timely action to contain losses and liquidity pressures and to continue meeting its obligations in the event of clearing member insolvencies or defaults in respect of the additional single names, in accordance with Rule 17Ad–22(d)(11).¹⁴

B. Self-Regulatory Organization's Statement on Burden on Competition

The additional SWES Contracts will be available to all ICC participants for clearing. The clearing of these additional SWES Contracts by ICC does not preclude the offering of the additional SWES Contracts for clearing by other market participants. Accordingly, ICC does not believe that clearance of the additional SWES Contracts will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove the proposed rule change or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–75454; File No. SR–MSRB–2015–05]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Consisting of an Amendment to MSRB Rule G–45, on Reporting of Information on Municipal Fund Securities

July 15, 2015.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”) ¹ and Rule 19b–4 thereunder,² notice is hereby given that on June 30, 2015, the Municipal Securities Rulemaking Board (the “MSRB” or “Board”) filed with the Securities and Exchange Commission (the “SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the MSRB. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The MSRB filed with the Commission a proposed rule change consisting of an amendment to MSRB Rule G–45, on reporting of information on municipal fund securities (“proposed rule change”). The proposed rule change would delay by 60 days, until October 28, 2015, the date on which the first submissions must be made pursuant to Rule G–45. The first submissions on Form G–45 currently are due August 29, 2015. The MSRB proposes an immediate effectiveness for the proposed rule change. The proposed rule change would extend by 60 days the due date under a previously approved rule for the first submissions on Form G–45.

The text of the proposed rule change is available on the MSRB's Web site at www.msrb.org/Rules-and-Interpretations/SEC-Filings/2015-Filings.aspx, at the MSRB's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the
