Defense Federal Acquisition Regulation Supplement: Acquisition of the American Flag (DFARS Case 2015-D005)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement sections of the Department of Defense Appropriations Acts for Fiscal Years 2014 and 2015 that prohibit use of funds made available under these acts for the purchase or manufacture of a flag of the United States, unless such flag is manufactured in the United States.

DATES: Effective August 26, 2015.

FOR FURTHER INFORMATION CONTACT: Ms. Tresa Sullivan, telephone 571-372-6089.

SUPPLEMENTARY INFORMATION:

I. Background

DoD published a proposed rule in the *Federal Register* at 80 FR 10452 on February 26, 2015, to amend the DFARS to implement section 8123 of the Department of Defense Appropriations Act, 2014 (division C, title VIII of Pub. L. 113-76) and section 8119 of the Department of Defense Appropriations Act, 2015 (division C, title VIII of Pub. L. 113-235). These sections prohibit the use of funds appropriated under those acts for the purchase or manufacture of a flag of the United States, unless such flag is treated as a covered item under 10 U.S.C. 2533a(b) (commonly known as the Berry Amendment). With some exceptions, the Berry Amendment restricts the purchase of certain items of food, clothing, fabrics, and hand or measuring tools (whether as end products or components), unless the items have been grown, reprocessed, reused, or produced in the United States. The public comment period ended April 27, 2015, with comments submitted by two respondents in response to the proposed rule.

II. Discussion and Analysis

DoD reviewed the public comments in the development of the final rule. Two

responses were received. There are no changes from the substance of the proposed rule. One respondent commended the rule. Another respondent requested flags be purchased from his company in Serbia; however, section 8123 and section 8119 of the DoD Appropriations Acts for 2014 and 2015, respectively, prohibit the use of funds made available under the acts for the purchase or manufacture of a flag of the United States, unless such flag is manufactured in the United States.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

A final regulatory flexibility analysis has been prepared consistent with the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, and is summarized as follows:

This rule is necessary to implement sections 8123 and 8119 of the DoD Appropriations Acts for Fiscal Years 2014 and 2015, respectively, and the same provisions in subsequent DoD appropriations acts.

The objective of the rule is to prohibit acquisition of a flag of the United States (Product or Service Code 8345), unless such flag, including the materials and components thereof, is manufactured in the United States, consistent with the requirements at 10 U.S.C. 2533a. The legal basis for the rule is sections 8123 and 8119 of the DoD Appropriations Acts for FYs 2014 and 2015 (Division C of Pub. Laws 113-76 and 113-235, respectively).

No comments were received from the public relative to the initial regulatory flexibility analysis.

DoD does not expect this final rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* Based on data available in the Federal Procurement Data System, there was

only one acquisition of flags from a small business that exceeded the simplified acquisition threshold in fiscal year 2013. There are no reporting or recordkeeping requirements. The rule only requires that if a contractor is to provide flags of the United States to DoD under a contract that exceeds the simplified acquisition threshold, the flags must be manufactured in the United States.

The rule does not duplicate, overlap, or conflict with any other Federal rules. There are no significant alternatives that meet the requirement of the statute.

V. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
