SUPPLEMENTARY INFORMATION:

A. Background

In 2013, Secretary of the Interior and Secretary of Education convened an American Indian Education Study Group (Study Group) to diagnose the systemic challenges facing the Bureau of Indian Education (BIE) and to propose a comprehensive plan for reform to ensure all students attending BIE-funded schools receive a world-class education. The Study Group drafted a framework for reform based on several listening sessions in the fall of 2013 with tribal leaders, Indian educators and others throughout Indian Country on how to facilitate tribal sovereignty in American Indian education and how to improve educational outcomes for students at BIE-funded schools. Overall, the Study Group met with nearly 400 individuals and received nearly 200 comments that helped it prepare the draft framework for educational reform that became the subject of four tribal consultation sessions held in April and May of 2014. These efforts resulted in “Findings and Recommendations

Prepared by the Bureau of Indian Education Study Group, dated June 27, 2014” (*Blueprint for Reform*). Acting on the recommendations in the *Blueprint*, BIE will award enhancement funds to tribes and their tribal education agencies to promote tribal control and operation of BIE-funded schools on their Indian reservations. The purpose of these funds is to support the tribe’s capacity to manage and operate tribally controlled schools as defined in the Tribally Controlled Schools Act of 1988 (Pub. L. 100–297). These funds will (a) support development of a school-reform plan to improve educational outcomes for students and (b) improve efficiencies and effectiveness in the operation of BIE-funded schools within a reservation. Enhancement funding will range from \$100,000 to \$200,000 per fiscal year depending on the number of schools involved, number of students, complexity of creating a new tribally managed school system and the tribe’s technical approach. These funds will provide funds for the tribe to:

- Research and develop an alternative definition of adequate yearly progress (AYP);

- Develop an implementation plan that will reform a tribe’s current organizational structure towards an expert and independent tribal education agency that will support schools and students; and
- Cover the execution of the implementation plan with identified staffing, projected timelines, proposed budgets, and activities.

BIE is seeking proposals from tribes that support efforts to take control and operate BIE-funded schools located on the tribe’s reservation. Each proposal must include a project narrative, a budget narrative, a work plan outline, and a Project Director to manage the execution of the grant. The Project Directors will participate in monthly collaboration meetings, submit quarterly budget updates, ensure an annual report is submitted at the end of each project year, and ultimately ensure that the tribal education agency fulfills the obligations of the grant. Complete details on requirements for proposals and the evaluation and selection process can be found on the BIE Web site at the address in the **ADDRESSES** section of this notice. In addition, BIE will hold pre-grant proposal training as noted below:
