

human remains should submit a written request with information in support of the request to the Dallas Water Utilities at the address in this notice by September 30, 2015.

ADDRESSES: Terry Hodgins, 405 Long Creek Road, Sunnyvale, TX 75182, telephone (214) 670-8658, email terry.hodgins@dallascityhall.com.

SUPPLEMENTARY INFORMATION: Notice is hereby given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains under the control of the Dallas Water Utilities. The human remains were removed from Lake Ray Hubbard, Rockwall County, TX.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by AR Consultants, Inc. and Dallas Water Utilities professional staff in initial consultation with representatives of the Caddo Nation of Oklahoma and the Wichita and Affiliated Tribes (Wichita, Keechi, Waco & Tawakoni).

History and Description of the Remains

In November 2011 and in the fall of 2013, human remains representing, at minimum, six individuals were removed from site 41RW2 in Rockwall County, TX, near the Shores Golf Course. The human remains were found along the lakebed exposed by low reservoir water levels. The lake is property of the City of Dallas, but the area in which the remains were found is in Rockwall County. Human remains on the surface of the lakebed were collected and released to the Dallas County Medical Examiner's Office for identification. Once the remains were determined to be of no forensic significance, Dallas Water Utilities was notified of their presence. Dallas Water Utilities contacted Dr. Catrina Banks Whitley of AR Consultants, Inc. to conduct skeletal analysis and to assist in determining potential disposition options. No known individuals were identified. No associated funerary objects are present.

Site 41RW2, the Upper Rockwall Site, is a Wiley Focus Site dating from A.D. 1 to 1500. The site was excavated by the

Dallas Archeological Society in 1963, and the subsequent report describes the site as being very extensive, 400 yards by 150 yards, and is in the west end of a terrace adjacent to the East Fork of the Trinity River. During those excavations, the Dallas Archeological Society encountered nine burials, shell pits, shell cooking pits, and numerous artifacts including pottery, lithic debris, points, beads, awls, bone needles, and bone pins. The burials included cremated and primary interments, some with funerary objects such as conch shell beads. The site was excavated again in 1966 by the Texas Archeological Salvage Project. Approximately nine trenches were placed across the site and excavation by hand occurred. Two primary interments were excavated that included a broken sherd, worked mussel shell, gar scales, and fish vertebrae in one grave and small shell beads and large conch shell beads, near the neck of the other burial. Additional non-funerary items included bifaces, knives, pottery, and beads among others.

Given the location and age of the site, a relationship of shared group identity can be reasonably traced between the human remains and the Caddo Nation of Oklahoma and the Wichita and Affiliated Tribes (Wichita, Keechi, Waco & Tawakoni).

Determinations Made by the Dallas Water Utilities

Officials of the Dallas Water Utilities and AR Consultants, Inc. have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of a minimum number of six individuals of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Caddo Nation of Oklahoma and Wichita and Affiliated Tribes (Wichita, Keechi, Waco & Tawakoni).

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Terry Hodgins, 405 Long Creek Road, Sunnyvale, TX, 75182, telephone (214) 670-8658, email terry.hodgins@dallascityhall.com, by September 30, 2015. After that date, if no additional requestors have come forward, transfer of control of the

human remains to the Caddo Nation of Oklahoma or the Wichita and Affiliated Tribes (Wichita, Keechi, Waco & Tawakoni) may proceed.

The Dallas Water Utilities is responsible for notifying the Caddo Nation of Oklahoma and Wichita and Affiliated Tribes (Wichita, Keechi, Waco & Tawakoni) that this notice has been published.

Dated: July 31, 2015.

Melanie O'Brien,

Manager, National NAGPRA Program.

BILLING CODE 4312-50P

DEPARTMENT OF THE INTERIOR

Office of Natural Resources Revenue

[Docket No. ONRR-2011-0019; DS63610000 DR2PS0000.CH7000 156D0102R2]

Agency Information Collection Activities: Accounts Receivable Confirmations—OMB Control Number 1012-0001; Comment Request

AGENCY: Office of Natural Resources Revenue (ONRR), Interior.

ACTION: Notice of renewal of an existing Information Collection.

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), ONRR is inviting comments on an information collection request that we will submit to the Office of Management and Budget (OMB) for review and approval. This Information Collection Request (ICR) covers the paperwork requirements under the Chief Financial Officers Act of 1990 (CFO). This notice also provides the public a second opportunity to comment on the paperwork burden of the regulatory requirements.

DATES: Submit written comments on or before September 30, 2015.

ADDRESSES: You may submit your written comments directly to the Desk Officer for the Department of the Interior (OMB Control Number 1012-0001), Office of Information and Regulatory Affairs, OMB, by email to OIRA_Submission@omb.eop.gov or telefax at (202) 395-5806. Please also mail a copy of your comments to Mr. Luis Aguilar, Regulatory Specialist, ONRR, P.O. Box 25165, MS 61030A, Denver, Colorado 80225-0165, or email Luis.Aguilar@onrr.gov. Please reference OMB Control Number 1012-0001 in your comments.

FOR FURTHER INFORMATION CONTACT: For questions on technical issues, contact Mr. Hans Meingast, Financial Management, ONRR, telephone (303)

231–3382, or email at hans.meingast@onrr.gov. For other questions, contact Mr. Luis Aguilar, telephone (303) 231–3418, or email Luis.Aguilar@onrr.gov. You may also contact Mr. Aguilar to obtain copies (free of charge) of (1) the ICR, (2) any associated forms, and (3) the regulations that require the subject collection of information. You may also review the information collection request online at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION:

1. Abstract

The Secretary of the U.S. Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). Under various laws, the Secretary's responsibility is to manage mineral resources production on Federal and Indian lands and the OCS, collect the royalties, and other mineral revenues due, and distribute the funds collected under those laws. Public laws pertaining to mineral leases on Federal and Indian lands and the OCS are posted at http://www.onrr.gov/Laws_R_D/PubLaws/default.htm.

The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. Minerals produced from Federal and Indian leases vary greatly in the nature of occurrence, production, and processing methods. When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee is required to report various kinds of information to the lessor relative to the disposition of the minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling such minerals. The information collected includes data necessary to ensure that production is accurately valued and that royalties are appropriately paid.

Every year, under the CFO, the Department's Office of Inspector General, or its agent (agent), audits the Department's financial statements. The Department's goal is to receive an unqualified opinion. Accounts receivable confirmations are a common practice in the audit business. Due to continuously increasing scrutiny on financial audits, third-party confirmation on the validity of ONRR's financial records is necessary.

As part of CFO audits, the agent requests, by a specified date, third-party

confirmation responses confirming that ONRR accounts receivable records agree with royalty payor records, for the following items: customer identification; royalty/invoice number; payor-assigned document number; date received; original amount reported; and remaining balance due ONRR as of a specified date. In order to meet this requirement, ONRR must mail letters on ONRR letterhead, signed by the Deputy Director for Office of Natural Resources Revenue, to royalty payors selected by the agent at random, asking them to respond to the agent, confirming the accuracy and/or validity of selected royalty receivable items and amounts. Verifying the amounts reported and the balances due requires time for research and analysis by payors.

This collection does not require proprietary, trade secret, or other confidential information not protected by agency procedures. No items of a sensitive nature are collected. The requirement to respond is voluntary.

OMB Approval

We are requesting OMB's approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge the duties of the office and may also result in the loss of royalty payments. Proprietary information submitted is protected, and there are no questions of a sensitive nature included in this information collection.

II. Data

Title: Accounts Receivable Confirmations.

OMB Control Number: 1012–0001.

Bureau Form Number: None.

Frequency: Annually.

Estimated Number and Description of Respondents: 24 randomly selected Federal and Indian oil and gas and solid mineral royalty payors.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 6 hours. We estimate that each response will take 15 minutes for payors to complete.

Estimated Annual Reporting and Recordkeeping "Non-hour" Cost Burden: We have identified no "non-hour" cost burden associated with the collection of information.

III. Request for Comments

Section 3506(c)(2)(A) of the PRA requires each agency to ". . . publish a 60-day notice in the **Federal Register** . . . and otherwise consult with members of the public and affected agencies concerning each proposed collection of information" Agencies must specifically solicit comments to: (a) Evaluate whether the

proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the **Federal Register** on February 10, 2015 (80 FR 7494), announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no comments in response to the notice.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by September 30, 2015.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor—and a person is not required to respond to—a collection of information unless it displays a currently valid OMB control number.

Public Comment Policy: ONRR will post all comments, including names and addresses of respondents at <http://www.regulations.gov>. Before including Personally Identifiable Information (PII), such as your address, phone number, email address, or other personal information in your comment(s), you should be aware that your entire comment (including PII) may be made available to the public at any time. While you may ask us in your comment to withhold PII from public view, we cannot guarantee that we will be able to do so.

Dated: August 27, 2015.

Gregory J. Gould,

Director, Office of Natural Resources Revenue.
