DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

Information Collection Activities: Statutory Authority To Preserve Rail Service (49 U.S.C. 10904-05 and 10907, and 16 U.S.C. 1247(d))

AGENCY: Surface Transportation Board, DOT.

ACTION: 30-day notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3519 (PRA), the Surface Transportation Board (Board) gives notice that it is requesting from the Office of Management and Budget (OMB) approval of an extension of the information collection—Statutory Authority to Preserve Rail Service—further described below. The Board previously published a notice about this collection in the **Federal Register**, 80 FR 38509 (July 6, 2015). That notice allowed for a 60-day public review and comment period. No comments were received.

Under these statutory provisions, the Board administers programs designed to preserve railroad service or rail rights-of-way. When a line is proposed for abandonment, affected shippers, communities, or other interested persons may seek to preserve rail service by filing with the Board: an offer of financial assistance (OFA) to subsidize or purchase a rail line for which a railroad is seeking abandonment (49 U.S.C. 10904), including a request for the Board to set terms and conditions of the financial assistance; a request for a public use condition (§ 10905); or a trail-use request (16 U.S.C. 1247(d)). Similarly, when a line is placed on a system diagram map identifying it as an anticipated or potential candidate for abandonment, affected shippers, communities, or other interested persons may seek to preserve rail service by filing with the Board a feeder line application to purchase the identified rail line (§ 10907). When a line is so placed on the map, the feeder line applicant need not demonstrate that the public convenience and necessity

require or permit the sale of the line, but need only pay the constitutional minimum value to acquire it. Additionally, the railroad owning the rail line subject to abandonment must, in some circumstances, provide information to the applicant or offeror. The relevant information collections are described in more detail below.

Comments are requested concerning: (1) The accuracy of the Board's burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology when appropriate; and (4) whether the collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility.

Needs and Uses: Under the Interstate Commerce Act, as amended by the ICC Termination Act of 1995, Public Law 104-88, 109 Stat. 803 (1995), and Section 8(d) of the National Trails System Act, 16 U.S.C. 1247(d) (Trails Act), persons seeking to preserve rail service may file pleadings before the Board to acquire or subsidize a rail line for continued service, or to impose a trail use or public use condition. Under 49 U.S.C. 10904, the filing of an OFA starts a process of negotiations to define the financial assistance needed to purchase or subsidize the rail line sought for abandonment. Once the OFA is filed, the offeror may request additional information from the railroad, which the railroad must provide. If the parties cannot agree to the sale or subsidy, either party also may file a request for the Board to set the terms and conditions of the financial assistance. Under § 10905, a public use request allows the Board to impose a 180-day public use condition on the abandonment of a rail line, permitting the parties to negotiate a public use for the rail line. Under § 10907, a feeder line application provides the basis for authorizing an involuntary sale of a rail line. Finally, under 16 U.S.C. 1247(d), a trail-use request, if agreed upon by the abandoning carrier, requires the Board to condition the abandonment by issuing a Notice of Interim Trail Use (NITU) or Certificate of Interim Trail Use (CITU), permitting the parties to

² In the 60-day notice, the Board used four hours for the estimated hours for filing of an “OFA—Request to Set Terms and Conditions,” but, upon review, staff updated this amount to more accurately reflect the hourly burden for this filing, estimating it to be 40 hours rather than four. Therefore, this notice updates those burden hours.

negotiate an interim trail use/rail banking agreement for the rail line.

The collection by the Board of these offers, requests, and applications, and the railroad's replies (when required), enables the Board to meet its statutory duty to regulate the referenced rail transactions.

Retention Period: Information in these collections is maintained by the Board for ten years, after which it is transferred to the National Archives as permanent records.

DATES: Comments on this information collection should be submitted by October 8, 2015.

SUPPLEMENTARY INFORMATION:

Respondents seeking authority from the Board to preserve rail lines must submit certain information required under the Board's related regulations and, in some circumstances, railroads seeking to abandon a line must disclose certain information to the offeror or applicant.

Offer of Financial Assistance. When a rail line would otherwise be approved for abandonment (or discontinuance), any financially responsible person may seek to acquire the line for continued rail service (after abandonment has been approved), or may seek to temporarily subsidize continued operations by the incumbent railroad (after abandonment or discontinuance has been approved), by filing an OFA under 49 U.S.C. 10904 and 49 CFR 1152.27. An OFA may be submitted to the Board as soon as the railroad seeks abandonment (or discontinuance) authority. Once an OFA is submitted, the abandoning railroad must, upon request, promptly provide to any party considering an OFA and to the Board an estimate of the annual subsidy or minimum purchase price; a report on the physical condition of the

line; and data on traffic, revenues, net liquidation value, and the cost to rehabilitate to class I (minimum) track standards. If the parties are not able to agree upon the purchase price or subsidy, then, to move forward, either party may ask the Board to set the price or subsidy, which will be binding upon the parties if the offeror chooses to accept the terms set by the Board and proceed with the purchase.

Public Use Request. Any person may request that the Board prohibit an abandoning railroad from disposing of the right-of-way—for up to 180 days—without first offering the right-of-way (on reasonable terms) for other suitable public purposes (such as mass transit, pipeline, transmission lines, recreation, etc.). Such requests are governed by 49 U.S.C. 10905 and 49 CFR 1152.28.

Feeder Line Application. When a line has been identified on a railroad's system diagram map as a potential candidate for abandonment (or discontinuance), but before abandonment (or discontinuance) authority has been sought, any financially responsible person (other than a Class I or II railroad) may, by filing a feeder line application under 49 U.S.C. 10907 and 49 CFR 1151, seek to acquire the line for continued rail service under the forced sale provisions of the feeder railroad development program.

Trail-Use Request. The Trails Act provides a mechanism whereby any interested person may seek to "rail bank" a rail right-of-way that has been approved for abandonment and use the property in the interim as a recreational trail. The Board has a ministerial role in this process; under 49 CFR 1152.29, interested persons may submit a request to the Board for a trail-use condition, and if the statutory conditions are met, the Board must authorize the parties to negotiate a trail-use agreement by issuing a CITU, or, in an exemption proceeding, a NITU. The CITU or NITU typically permit negotiations for 180 days, but the negotiations can be extended upon request to the Board. Under the Trails Act, trail-use agreements are consensual, not forced. The abandoning railroad is free to choose whether or not to enter into or continue negotiations to transfer (all or part of) the right-of-way to a trail sponsor.

Under the PRA, a federal agency conducting or sponsoring a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements or requests that persons submit reports,

keep records, or provide information to the agency, third parties, or the public. Section 3507(b) of the PRA requires, concurrent with an agency's submitting a collection to OMB for approval, a 30-day notice and comment period through publication in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information.
