

Government Bond Contracts and related deliveries.

Similarly, ICE Clear Europe has established appropriate standards for determining the eligibility of contracts submitted to the Clearing House for clearing, and ICE Clear Europe believes that its existing systems are appropriately scalable to handle physical delivery under the European Government Bond Contracts, which is generally similar from an operational perspective to delivery under other ICE Futures Europe bond contracts currently cleared by ICE Clear Europe.

For the reasons noted above, ICE Clear Europe believes that the proposed rule change is consistent with the requirements of Section 17A of the Act⁸ and regulations thereunder applicable to it.

B. Self-Regulatory Organization's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed rule change will have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the Act. ICE Clear Europe is adopting the amendments to the Delivery Procedures in connection with European Government Bond Contracts traded on the ICE Futures Europe market. ICE Clear Europe believes that such contracts will provide additional opportunities for interested market participants to engage in trading activity relating to European government bond futures. ICE Clear Europe does not believe the adoption of related Delivery Procedures amendments would adversely affect access to clearing for clearing members or their customers, or otherwise adversely affect competition in clearing services.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICE Clear Europe will notify the Commission of any written comments received by ICE Clear Europe.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A)⁹ of the Act and Rule 19b-4(f)(4)(ii)¹⁰ thereunder. At any time

within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>) or

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filings will also be available for inspection and copying at the principal office of ICE Clear Europe and on ICE Clear Europe's Web site at <https://www.theice.com/clear-europe/regulation>.
