Federal Register

Vol. 80, No. 187

Monday, September 28, 2015

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of New Fee Site and Change in Fee Program Structure; Federal Lands Recreation Enhancement Act (Title VIII, Pub. L. 108-447)

AGENCY: Coconino National Forest, USDA Forest Service, Arizona.

ACTION: Notice of new fee sites and change in fee program structure.

SUMMARY: The Coconino National Forest is proposing to begin charging a new fee for the following two facilities: Dry Creek Vista Picnic Site and Fay Canyon Vista and Trailhead. These sites are part of a larger Red Rock Pass fee proposal. For more details, go to www.fs.usda.gov/coconino.

Dry Creek Vista Picnic Site: This site is located 2 miles northwest of Sedona, Arizona within the Red Rock Ranger District on Dry Creek Road. The site is a developed day use picnic site with a toilet, 40 surfaced parking spaces, interpretive kiosk, trash containers, scenic vista, picnic tables, security patrols, and access to several non-motorized trails. The site supports a variety of public recreation day uses. The site is proposed to be included as a fee site within the Red Rock Pass Fee Program. The charge is \$5.00/day.

Fay Canyon Vista and Trailhead: This site is located 3 miles northwest of Sedona, Arizona within the Red Rock Ranger District on Boynton Pass Road. The site is a developed day use site with a toilet, 42 surfaced parking spaces, interpretive kiosk, trash containers, scenic vista, picnic tables, security patrols, and access to the Fay, Cockscomb and Aerie trails. The site supports a variety of public recreation day uses. The site is proposed to be included as a fee site within the Red Rock Pass Fee Program. The charge is \$5.00/day.

DATES: Should the fee proposal be approved by the Regional Forester, these new fees will go into effect no sooner than six months after the date of publication in the **Federal Register**.

ADDRESSES: Address all comments concerning this notice to Forest Supervisor, Coconino National Forest, 1824 South Thompson Street, Flagstaff, Arizona 86001.

FOR FURTHER INFORMATION CONTACT:

Jennifer Burns, Red Rock District Recreation Staff Officer, Coconino National Forest, 928-203-7529 or via email at jmburns@fs.fed.us.

SUPPLEMENTARY INFORMATION: Dry Creek Vista Picnic Site; Fay Canyon Vista Trailhead. These locations are extremely popular with over 500 visitors per day during spring and fall using the sites for recreation. The amenities at these sites are critical both for public services and for resource protection. The general area is rich in archaeological remains and also has sensitive soils. The developed sites have adequate amenities to mitigate resource damage which can accompany such high recreation pressure. The fee revenue will be used to maintain the sites and provide public security: pump the vault toilet, provide janitorial service, remove garbage, provide interpretation, repair signs and parking surfaces and support Forest Service patrols in the area for visitor assistance and security. Dry Creek site: T.17N., R.5E., Sec. 3, NE1/4NW1/4N1/2; Fay Canyon site: T.17N., R.5E., Sec.31, GSRBM. These two new fee proposals are part of a larger fee modification proposal on the Coconino National Forest.

The full fee proposal can be found on the Coconino (or Red Rock) National Forest Web site at: <http://www.fs.usda.gov/main/coconino/landmanagement/planning>.

Dated: September 21, 2015.

Laura Jo West,

Coconino National Forest Supervisor.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Socio-Economic Survey; Manell-Geus (Guam).

OMB Control Number: 0648-xxxx.

Form Number(s): None.

Type of Request: Regular (request for a new information collection).

Number of Respondents: 380.

Average Hours per Response:

Household questionnaire, 1 hour; key informant interviews, 1.5 hours; focus groups, 2 hours.

Burden Hours: 425 (annualized to 142).

Needs and Uses: This request is for a new information collection.

The purpose of this information collection is to obtain information from individuals in Merizo, Guam. Specifically, NOAA is seeking information on the knowledge, attitudes and perceptions of watershed and coral reef conditions, as well as information on knowledge and attitudes related to specific reef protection activities in the Manell-Geus watershed and adjacent waters. In addition, this survey will provide for the ongoing collection of social and economic data related to the communities affected by coral reef conservation programs.

Manell-Geus is one of ten sites in the nation selected as a focus area for NOAA's Habitat Blueprint initiative. Community support and engagement are key elements towards successfully building resilience. We intend to use the information collected through this instrument for research purposes as well as measuring and improving the results of our coral reef protection programs. Because many of our efforts to protect reefs rely on education and changing attitudes toward reef protection, the information collected will allow NOAA staff to ensure programs are designed appropriately at the start, future

program evaluation efforts are as successful as possible, and outreach efforts are targeting the intended recipients with useful information.

Affected Public: Individuals or households.

Frequency: Once every three-four years.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: September 23, 2015.

Sarah Brabson,

NOAA PRA Clearance Officer.

RIN 0648-XE208

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's (Council) Northeast Trawl Advisory Panel (NTAP) will hold a public meeting.

DATES: The meeting will be held on Thursday, October 15, 2015, from 8 a.m. to 5 p.m. For agenda details, see

SUPPLEMENTARY INFORMATION.

ADDRESSES: The meeting will be held at the Radisson Hotel Providence Airport, 2081 Post Road, Warwick, RI 02886; telephone: (401) 739-3000.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331 or on their Web site at www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The NTAP is a joint advisory panel of the Mid-Atlantic and New England Fishery Management Councils. It is composed of

Council members, fishing industry, academic, and government and non-government fisheries experts who will provide advice and direction on the conduct of trawl research. The NTAP was established to bring commercial fishing, fisheries science, and fishery management professionals in the northeastern US together to identify concerns about regional research survey performance and data, to identify methods to address or mitigate these concerns, and to promote mutual understanding and acceptance of the results of this work among their peers and in the broader community. Topics to be discussed at the meeting include: review NTAP Charter, review NEFSC Trawl Survey, and discuss additional trawl research/complementary surveys.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526-5251, at least 5 days prior to the meeting date.

Dated: September 23, 2015.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF DEFENSE

Corps of Engineers, Department of the Army

Intent To Prepare a Draft Environmental Impact Statement (EIS) for a Permit Application for Upper Llagas Creek Flood Protection Project in Santa Clara County, California

AGENCY: U.S. Army Corps of Engineers, San Francisco District, DoD.

ACTION: Notice of Intent (NOI).

SUMMARY: The U.S. Army Corps of Engineers (Corps), San Francisco District, has received a permit application for a Department of the Army permit under Section 404 of the Clean Water Act (33 U.S.C. 1344) and Section 10 of the Rivers and Harbors Act (33 U.S.C. 403) from the Santa Clara Valley Water Control District to construct flood conveyance features and to deepen and widen Upper Llagas Creek (Proposed Action). As part of the permit process, the Corps is evaluating the environmental effects associated with construction and implementation of these additional flood protection measures within the communities of Morgan Hill, San Martin, and Gilroy.

The primary federal involvement associated with the Proposed Action is the discharge of fill material within federal jurisdictional areas and Waters of the United States and work within Navigable Waters of the United States. In addition, the Proposed Action could have potential significant effects on the human environment. Therefore, the Corps will prepare an EIS in compliance with the National Environmental Policy Act (NEPA) to render a final decision on the Santa Clara Valley Water District's permit application. The Corps' decision will be to either issue or deny a Department of the Army permit for the Proposed Action. The Draft EIS is intended to be sufficient in scope to address federal, state, and local requirements and environmental issues concerning the Proposed Action and permit review.

FOR FURTHER INFORMATION CONTACT:

Questions about the Proposed Action and Draft EIS should be directed to Mr. James Mazza, Corps Regulatory Project Manager, by telephone at (415) 503-6775 or by email at james.c.mazza@usace.army.mil. Written comments should be addressed to the U.S. Army Corps of Engineers, San Francisco District, Regulatory Division, Attn: Mr. James Mazza, 1455 Market Street, San Francisco, California 94103-1398. Information about the Proposed Action and Draft EIS can also be obtained from the San Francisco District Web site at www.sfn.usace.army.mil.

SUPPLEMENTARY INFORMATION: 1. *Project Site and Background Information.* The Proposed Action is located within the southern Santa Clara County, approximately 25 miles southeast of San Jose, in the communities of Morgan Hill and San Martin. The project consists of seven reaches (4, 5, 6, 7A, 7B, 8, and 14) of Llagas Creek, East Little Llagas Creek, and West Little Llagas Creek above Buena Vista Avenue. The total length of the project area is approximately 13.1 miles; 6.1 miles of which are along the main branch of Llagas Creek, 3.3 miles along West Little Llagas Creek, and 2.4 miles along a tributary of Llagas Creek known as East Little Llagas Creek. An additional 1.3 miles of new diversion channel would be constructed along West Little Llagas Creek to Llagas Creek. On the north, the physical limits of the project are at the creek's intersection with Llagas Road on West Little Llagas Creek in Morgan Hill and in the south, the project limits area approximately 800 feet below the creek's intersection with Buena Vista Avenue in Gilroy.

(a) *Background.* In 1982 the first EIS for the Upper Llagas Project was prepared by the National Resources
