Golden Eagles; Programmatic Take Permit Application; Draft Environmental Assessment; Alta East Wind Project, Kern County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment.

SUMMARY: The U.S. Fish and Wildlife Service announces the availability of a draft Environmental Assessment (DEA) under the National Environmental Policy Act (NEPA) for the issuance of a take permit for golden eagles pursuant to the Bald and Golden Eagle Protection Act (Eagle Act), in association with the operation of the Alta East Wind Project in Kern County, California. The DEA was prepared in response to an application from Alta Wind X, LLC (applicant), an affiliate of NRG Yield, Inc., for a 5-year programmatic take permit for golden eagles (*Aquila chrysaetos*) under the Eagle Act. The applicant would implement a conservation program to avoid, minimize, and compensate for the project's impacts to eagles, as described in the applicant's Eagle Conservation Plan (ECP). We invite public comment on the DEA, which evaluates alternatives for this permit decision.

DATES: To ensure consideration, written comments must be received on or before December 28, 2015.

SUPPLEMENTARY INFORMATION:

Introduction

The U.S. Fish and Wildlife Service is considering an application under the Bald and Golden Eagle Protection Act (16 U.S.C. 668a–d; Eagle Act) for a programmatic golden eagle (*Aquila chrysaetos*) take permit from Alta Wind X, LLC (applicant), affiliate of NRG Yield, Inc., for a 5-year programmatic take permit for golden eagles. The applicant's Alta East Wind Project is an existing, operational wind facility in the Tehachapi Wind Resource Area (WRA) within Kern County, California. The application includes an Eagle Conservation Plan (ECP) as the foundation of the applicant's permit application. The ECP and the project's Bird and Bat Conservation Strategy describe actions taken and proposed future actions to avoid, minimize, and mitigate adverse effects on eagles, birds, and bats.

We have prepared this DEA to evaluate the impacts of several alternatives associated with this permit application for compliance with our Eagle Act permitting regulations in the Code of Federal Regulations (CFR) at 50 CFR 22.26, as well as impacts of implementation of the supporting ECP, which is included as an appendix to the DEA.

Background

The Eagle Act allows us to authorize bald eagle and golden eagle programmatic take (take that is recurring, is not caused solely by indirect effects, and that occurs over the long term in a location or locations that cannot be specifically identified). Such
