

equitable allocation of reasonable dues, fees, and other charges among Members and other persons using its facilities because the Exchange does not levy additional fees or offer additional rebates for orders that it routes to NYSE through BATS Trading. As of November 1, 2015 [sic], NYSE amended its fee to remove liquidity via routable order types it charges its customers, from a fee of \$0.0027 per share to a fee of \$0.00275 per share.⁹ Therefore, the Exchange believes that its proposal to pass through a fee of \$0.00275 per share for orders that yield fee code D is equitable and reasonable because it accounts for the pricing changes on NYSE. In addition, the proposal allows the Exchange to continue to charge its Members a pass-through rate for orders that are routed to NYSE. Furthermore, the Exchange notes that routing through BATS Trading is voluntary. Lastly, the Exchange also believes that the proposed amendment is non-discriminatory because it applies uniformly to all Members. The Exchange also believes that the changes to add EDGX Options to the list of affiliates under Unicast Access and the re-naming of BATS Options as BZX Options is consistent with the Act. Such changes reflect and are in connection with the launch of EDGX Options but do not result in any material change to the Exchange's Fee Schedule or impose any new or different fee.

(B) Self-Regulatory Organization's Statement on Burden on Competition

These proposed rule changes do not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that any of these changes represent a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. The Exchange believes that its proposal to pass through a fee of \$0.00275 per share for Members' orders that yield fee code D would increase intermarket competition because it offers customers an alternative means to route to NYSE. The Exchange believes that its proposal would not burden intramarket

competition because the proposed rate would apply uniformly to all Members.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and paragraph (f) of Rule 19b-4 thereunder.¹¹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to constitute a stated interpretation with respect to the meaning, administration, and enforcement of Rule 28—Equities (“Rule 28”). The proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes a rule change that constitutes a stated interpretation with respect to the meaning, administration, and enforcement of Rule 28. The Exchange is not proposing any changes to the text of the current version of Rule 28.

Rule 28 describes and provides the basis for the Exchange’s practice of conducting fingerprint-based criminal record checks. The Rule permits the Exchange to obtain fingerprints of prospective and current employees, temporary personnel, independent contractors and service providers of the Exchange and its principal subsidiaries; submit those fingerprints to the Attorney General of the United States or his or her designee (“Attorney General”) for identification and processing; and receive criminal history record information from the Attorney General for evaluation and use, in accordance with applicable law, in enhancing the security of the facilities, systems, data, and/or records of the Exchange and its principal subsidiaries.

The Exchange utilizes a Live-Scan⁴ electronic system to capture and

transmit fingerprints directly to the Federal Bureau of Investigation (“FBI”), which maintains on behalf of the Attorney General a database of fingerprint-based criminal history records. The capture and transmittal function, and corresponding receipt of criminal history information from the FBI, is handled directly by Exchange personnel. The Exchange intends to engage an FBI-approved “Channel Partner”⁵ to maintain and operate, on behalf of the Exchange, a Live-Scan and/or other electronic system(s) for the submission of fingerprints to the FBI; to receive and maintain criminal history record information from the FBI; and to disseminate such information, through secure systems, to a limited set of approved reviewing officials within the Exchange and its affiliates. The Exchange believes Rule 28 allows for the retention of a Channel Partner for these purposes.⁶

The foregoing interpretation is consistent with the Exchange’s authority under Section 17(f)(2) of the Act, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (“Dodd-Frank Act”),⁷ which requires, *inter alia*, that employees of exchanges be fingerprinted and that exchanges “shall submit such fingerprints, or cause the same to be submitted, to the Attorney General of the United States for identification and appropriate processing.” The Exchange further notes that the proposed interpretation is consistent with the rules and procedures at other self-regulatory organizations (“SROs”).⁸

Scan technology captures and transfers images to a central location and/or interface for identification processing.

⁵ FBI-approved Channel Partners receive the fingerprint submission and relevant data, collect the associated fee(s), electronically forward the fingerprint submission with the necessary information to the FBI Criminal Justice Information Services Division (“CJIS”) for a national Criminal History Summary check, and receive the electronic summary check result for dissemination to the authorized employer entity. See Securities Exchange Act Release No. 71066 (December 12, 2013), 78 FR 76667 (December 18, 2013) (SR-ISE-2013-66).

⁶ Rule 28 allows the Exchange to obtain fingerprints from service providers, including employees of affiliates of the Exchange. See Chicago Board Options Exchange, Incorporated (“CBOE”) Rule 15.10; Securities Exchange Act Release No. 69496 (May 2, 2013), 78 FR 26671, 26671 (May 7, 2013) (SR-CBOE-2013-044) (CBOE conducts fingerprint-based criminal record checks of directors, officers and employees as well as, without limitation, “temporary personnel, independent contractors, consultants, vendors and service providers . . . who have or are anticipated to have access to facilities and records.”).

⁷ See 15 U.S.C. 17(f)(2) [sic]; Dodd-Frank Act Sect. 929S.

⁸ See International Securities Exchange (“ISE”) Rule 1408; Chicago Board Options Exchange (“CBOE”) Rule 15.10. See generally Securities

The Exchange accordingly believes that under Rule 28 and applicable statutes, the Exchange has the authority to engage an FBI-approved Channel Partner for some or all of the fingerprinting processes described in the Rule. The Exchange believes that this proposed interpretation would ensure the Exchange’s continued compliance with its Rules and applicable state and federal law.⁹

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹¹ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and protect investors and the public interest. The Exchange believes that the proposed stated interpretation would enable the Exchange to continue to identify and exclude persons with felony or misdemeanor conviction records that may pose a threat to the safety of Exchange personnel or the security of facilities and records, thereby enhancing business continuity, workplace safety and the security of the Exchange’s operations and helping to protect investors and the public interest.

Continuing to run fingerprint-based background checks is imperative for the Exchange and its affiliates, as this process helps to identify persons with criminal history records who may pose a threat to the safety of Exchange personnel and/or the security of Exchange facilities and records. This identification and screening process thus enhances business continuity,

Exchange Act Release No. 71066 (December 12, 2013), 78 FR 76667, 76668 n. 12 (December 18, 2013) (SR-ISE-2013-66) (noting that “[a]n FBI-approved Channel Partner simply helps expedite the delivery of Criminal History Summary information on behalf of the FBI”, and that the “process for making a request through an FBI-approved Channel Partner is consistent with FBI submission procedures”).

⁹ Access to the FBI’s fingerprint-based database of criminal records is permitted only when authorized by law. Section 17(f)(2) of the Act explicitly directs the Attorney General to provide SROs designated by the Commission (e.g., the Exchange) with access to such criminal history record information. Further, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, Section 17(f)(2) specifically requires, *inter alia*, that employees of national securities exchanges be fingerprinted. New York’s General Business Law also requires SROs to fingerprint employees “as a condition of employment,” as well as certain non-employee service providers. N.Y. Gen. Bus. Law § 359-e (McKinney).

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

⁴ Live-Scan refers to the process of capturing fingerprints directly into a digitized format as opposed to traditional ink and paper methods. Live-

workplace safety, and the security of the Exchange's operations. The use of an FBI-approved Channel Partner in some or all phases of this process is consistent with Rule 28 and applicable state and federal law, and in furtherance of the important objectives described herein. Additionally, the use of a Channel Partner is consistent with the fingerprinting method currently employed by other SROs.¹² For all these reasons, the proposal is also designed to protect investors as well as the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change would enhance the security of the Exchange's facilities and records without adding any burden on market participants and allow the Exchange continued compliance with its fingerprinting rules and with Section 17(f)(2) of the Act as amended by the Dodd-Frank Act.¹³

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)¹⁴ of the Act and Rule 19b-4(f)(1)¹⁵ thereunder. The proposed rule change effects a change that constitutes a stated policy, practice or interpretation with respect to the meaning, administration, or enforcement of an existing rule.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule

change should be approved or disapproved.
