DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Cancer Institute; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of meetings of the Board of Scientific Counselors for Clinical Sciences and Epidemiology, National Cancer Institute and the Board of Scientific Counselors for Basic Sciences, National Cancer Institute.

The meetings will be closed to the public as indicated below in accordance with the provisions set forth in section 552b(c)(6), Title 5 U.S.C., as amended for the review, discussion, and evaluation of individual intramural programs and projects conducted by the National Cancer Institute, including consideration of personnel qualifications and performance, and the competence of individual investigators, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Board of Scientific Counselors for Basic Sciences, National Cancer Institute.

Date: March 9, 2015.

Time: 8:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate personal qualifications and performance, and competence of individual investigators.

Place: National Institutes of Health, 31 Center Drive, Building 31, C–Wing, 6th Floor, Conference Room 6, Bethesda, MD 20892.

Contact Person: Mehrdad Tondravi, Ph.D., Chief, Institute Review Office, Office of the Director, National Cancer Institute, National Institutes of Health, 9609 Medical Center Drive, Room 3W302, Rockville, MD 20850, 240–276–5660, tondravim@mail.nih.gov.

Name of Committee: Board of Scientific Counselors for Clinical Sciences and Epidemiology, National Cancer Institute. Date: March 10, 2015.

Time: 9:00 a.m. to 2:30 p.m.

Agenda: To review and evaluate personal qualifications and performance, and competence of individual investigators.

Place: National Institutes of Health, 31 Center Drive, Building 31, C Wing, 6th Floor, Conference Room 6, Bethesda, MD 20892.

Contact Person: Brian E. Wojcik, Ph.D., Executive Secretary, Institute Review Office, Office of the Director, National Cancer Institute, National Institutes of Health, 9609 Medical Center Drive, Room 3W414, Rockville, MD 20850, 240–276–5660, wojcikb@mail.nih.gov.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Baseline Assessment for Security Enhancement (BASE) Program

AGENCY: Transportation Security Administration, DHS. **ACTION:** 60-day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0062 abstracted below that we will submit to OMB for revision in compliance with the Paperwork Reduction Act (PRA). TSA has combined two previouslyapproved ICRs (1652–0061 and 1652– 0062) into this single request to simplify the collection, increase transparency, and reduce duplicative efforts. TSA assesses the current security practices in the transit and passenger rail and highway and motor carrier industries by way of its Baseline Assessment for Security Enhancement (BASE) program, which encompasses site visits and

interviews, and is part of the larger domain awareness, prevention, and protection program supporting TSA's and the Department of Homeland Security's (DHS) missions. This voluntary collection allows TSA to conduct transportation security-related assessments during site visits with surface transportation security and operating officials.

DATES: Send your comments by April 13, 2015.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227–2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at http://www.reginfo.gov. Therefore, in preparation for OMB review and re-approval of the following voluntary information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information request is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Purpose of Data Collection

Under the Aviation and Transportation Security Act (ATSA) and delegated authority from the Secretary of Homeland Security, TSA has broad responsibility and authority for "security in all modes of transportation including security responsibilities over modes of transportation that are exercised by the Department of

Transportation." 1 TSA is required to "assess the security of each surface transportation mode and evaluate the effectiveness and efficiency of current Federal Government surface transportation security initiatives." E.O. 13416, sec. 3(a) (Dec. 5, 2006). TSA is also specifically empowered to develop policies, strategies, and plans for dealing with threats to transportation,² ensure the adequacy of security measures for the transportation of cargo,³ oversee the implementation and ensure the adequacy of security measures at transportation facilities,4 and carry out other appropriate duties relating to transportation security.5

TSA developed the Baseline Assessment for Security Enhancement (BASE) program in 2007, in an effort to engage with surface transportation entities to establish a "baseline" of security and emergency response operations. This program was initially created for Public Transportation (PT) BASE systems. However, based on the success of the program, TSA developed the Highway (HWY) BASE program in 2012, with full implementation in 2013. This voluntary program has served to evaluate and collect physical and operational preparedness information and critical assets and key point-ofcontact lists. The program also reviews emergency procedures and domain awareness training, and provides an opportunity to share industry best practices.

While many public transportation systems have security and emergency response plans or protocols in place, there is no consistent approach to evaluating the extent to which security programs exist, nor the content of those programs. As a result, there also are no consistent data about these transportation security programs, nor a database that can be used to benchmark the programs. The BASE program is designed to address these issues.

¹ See Public Law 107–71, 115 Stat. 597 (Nov. 19, 2001), codified at 49 U.S.C. 114(d). The TSA Administrator's current authorities under ATSA have been delegated to him by the Secretary of Homeland Security. Section 403(2) of the Homeland Security Act (HSA) of 2002, Public Law 107-296, 116 Stat. 2315 (2002), transferred all functions of TSA, including those of the Secretary of Transportation and the Under Secretary of Transportation of Security related to TSA, to the Secretary of Homeland Security. Pursuant to DHS Delegation Number 7060.2, the Secretary delegated to the Assistant Secretary (now referred to as the Administrator of TSA), subject to the Secretary's guidance and control, the authority vested in the Secretary with respect to TSA, including that in sec. 403(2) of the HSA
