### Notice of Proposed Information Collection; Request for Comments for 1029–0057

**AGENCY:** Office of Surface Mining Reclamation and Enforcement, Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSMRE) is announcing its intention to request approval to continue collecting information for its regulations regarding reclamation on private land. Our regulations establish procedures for recovery of the cost of reclamation activities conducted on private property. OSMRE, the State, or the Indian tribe has the discretionary authority to appraise the land and place or waive a lien against land reclaimed by the regulatory authority if the reclamation results in a significant increase in the fair market value.

This information collection activity was previously approved by the Office of Management and Budget (OMB) and assigned control number 1029–0057.

**DATES:** Comments on the proposed information collection must be received by February 22, 2016, to be assured of consideration.

**ADDRESSES:** Comments may be mailed to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave. NW., Room 203–SIB, Washington, DC 20240. Comments may also be submitted electronically to [jtrelease@osmre.gov](mailto:jtrelease@osmre.gov).

**FOR FURTHER INFORMATION CONTACT:** To receive a copy of the information collection request, contact John

Trelease, at (202) 208–2783 or by email at [jtrelease@osmre.gov](mailto:jtrelease@osmre.gov).

**SUPPLEMENTARY INFORMATION:** OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8 (d)]. This notice identifies an information collection that OSMRE will be submitting to OMB for approval. The collection is contained in 30 CFR part 882—Reclamation on Private Lands. OSMRE will request a 3-year term of approval for this information collection activity.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany OSMRE's submission of the information collection request to OMB.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Title:** 30 CFR part 882—Reclamation on Private Lands.

**OMB Control Number:** 1029–0057.

**Summary:** Public Law 95–87 authorizes Federal, State, and Tribal governments to reclaim private lands and allows for the establishment of procedures for the recovery of the cost of reclamation activities on privately owned lands. These procedures are intended to ensure that governments have sufficient capability to file liens so that certain landowners will not receive a windfall from reclamation.

**Bureau Form Number:** None.

**Frequency of Collection:** Once.

**Description of Respondents:** State governments and Indian tribes.

**Total Annual Responses:** 1.

**Obligation to Respond:** Required in order to obtain or retain benefits.

Dated: December 17, 2015.
