

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.9Z, airspace Designations and Reporting Points, dated August 6, 2015, and effective September 15, 2015. FAA Order 7400.9Z is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.9Z lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Background

On September 24, 1975, the FAA published a final rule that extended V-506 between Kotzebue and Barrow Alaska (40 FR 43885). Terrain in the vicinity limited the Minimum Enroute Altitude (MEA) to 10,000 feet for a large portion of this route, between the fixes SHOKK and MEADE on current charts. Due to this MEA, the airspace floor designated in the legal description was set at 9,500 feet for this section. In 2005, Anchorage Center requested a review for a lower GNSS MEA, and the FAA was able to apply a lower GNSS MEA of 8,000 feet. However, this action did not uncover the fact that controlled airspace did not exist to encompass the new MEA. On September 24, 2015, the FAA issued NOTAM FDC 5/6054 that made the GNSS MEA between SHOKK and MEADE unavailable.

The Proposal

The FAA is proposing an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to modify Federal airway V-506 in Alaska that would lower the floor of controlled airspace north of Kotzebue, AK. The current legal description after Kotzebue, AK, of "Kotzebue, AK; Hotham, AK, NDB; 69 miles 12 AGL, 124 miles 95 MSL, 98 miles 12 AGL, Barrow, AK." would be changed to read "Kotzebue, AK; Hotham, AK, NDB; 69 miles 12 AGL, 124 miles 75 MSL, 98 miles 12 AGL, Barrow, AK.". The 124 mile section starting 69 miles north of the Hotham, AK NDB would be lowered from 9,500 feet to 7,500 feet. This airspace would support the GNSS MEA of 8,000 feet by providing a 500 foot buffer consistent with guidance found in FAA Order 7400.2, Procedures for Handling Airspace Matters. This expansion of airspace would provide instrument flight rules (IFR) users maximum use of V-506.

Alaskan VOR federal airways are published in paragraph 6010(b) of FAA Order 7400.9Z dated August 6, 2015, and effective September 15, 2015, which is incorporated by reference in 14 CFR

71.1. V-506 would be subsequently published in the Order.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2016-0526; Airspace Docket No. 16-ASW-3]

Proposed Amendment of Class E Airspace; Taos, NM

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to modify Class E airspace extending upward from 700 feet above the surface at Taos Regional Airport, Taos, NM. Decommissioning of non-directional radio beacon (NDB) and cancellation of the NDB approaches due to advances in Global Positioning System (GPS) capabilities have made this action necessary for the safety and management of Instrument Flight Rules (IFR) operations at Taos Regional Airport.

DATES: Comments must be received on or before April 21, 2016.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-9826. You must identify FAA Docket No. FAA-2016-0526; Airspace Docket No. 16-ASW-3, at the beginning of your comments. You may also submit comments through the Internet at <http://www.regulations.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. The Docket

Office (telephone 1-800-647-5527), is on the ground floor of the building at the above address.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class E airspace at Taos Regional Airport, Taos, NM.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2016-0526/Airspace Docket No. 16-ASW-3." The postcard will be date/time stamped and returned to the commenter.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at http://www.faa.gov/airports_airtraffic/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, (202) 267-9677, for a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

Availability and Summary of Documents Proposed for Incorporation by Reference

This document would amend FAA Order 7400.9Z, Airspace Designations and Reporting Points, dated August 6, 2015, and effective September 15, 2015. FAA Order 7400.9Z is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.9Z lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by modifying Class E airspace extending upward from 700 feet above the surface at Taos Regional Airport, Taos, NM. Airspace reconfiguration is necessary due to the

decommissioning of the NDB and cancellation of the NDB approaches at Taos Regional Airport. Advances in GPS capabilities would ensure the safety and management of IFR operations at the airport.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Z, dated August 6, 2015, and effective September 15, 2015, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) Is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

FEDERAL TRADE COMMISSION**16 CFR Part 23****Guides for the Jewelry, Precious Metals, and Pewter Industries**

AGENCY: Federal Trade Commission ("FTC" or "Commission").

ACTION: Extension of deadline for submission of public comments.

SUMMARY: The FTC is extending the deadline for filing public comments on the Guides for the Jewelry, Precious Metals, and Pewter Industries.

DATES: Comments will be accepted until June 3, 2016.

ADDRESSES: Interested parties may file comments online or on paper by following the instructions at the end of the **SUPPLEMENTARY INFORMATION** section below. SUPPLEMENTARY INFORMATION: ON

JANUARY 12, 2016, AS PART OF THE COMMISSION'S SYSTEMATIC REVIEW OF ITS RULES AND GUIDES, THE FTC PUBLISHED A NOTICE IN THE Federal Register ("FRN") REQUESTING PUBLIC COMMENTS ON PROPOSED REVISIONS TO THE GUIDES FOR THE JEWELRY, PRECIOUS METALS, AND PEWTER INDUSTRIES ("JEWELRY GUIDES" OR "GUIDES").¹ AS SET FORTH IN THE FRN, THE COMMISSION PROPOSED SEVERAL CHANGES AND ADDITIONS DESIGNED TO HELP PREVENT DECEPTION IN JEWELRY MARKETING. THE FRN INVITED COMMENTS ON THE PROPOSED REVISIONS GENERALLY, AND ALSO POSED A SERIES OF 75 QUESTIONS ON SPECIFIC ISSUES. THE FRN SET APRIL 4, 2016 AS THE DEADLINE FOR FILING COMMENTS.

A trade association representing jewelry industry members, Jewelers Vigilance Committee ("JVC"), requests a 60-day extension of the comment deadline. JVC explains that the FRN poses many questions that may require consumer research, metallurgical testing, and other information developed through experts. JVC states that additional time is therefore needed for the committees it has convened to coordinate their work, perform the necessary analysis, and develop meaningful consumer research and other expert information.

Given the complexity and range of issues raised in the FRN, including the request for consumer perception evidence, the Commission believes that allowing additional time for filing comments would help facilitate the creation of a more complete record. Moreover, this brief extension would not harm consumers because the current Guides remain in effect during the review process. Therefore, the Commission has decided to extend the comment period to June 3, 2016.

You can file a comment online or on paper. For the Commission to consider your comment, we must receive it on or before June 3, 2016. Write "Jewelry Guides, 16 CFR part 23, Project No. G711001" on your comment. Your comment—including your name and your state—will be placed on the public

record of this proceeding, including, to the extent practicable, on the public Commission Web site, at <http://www.ftc.gov/os/publiccomments.shtm>. As a matter of discretion, the Commission tries to remove individuals' home contact information from comments before placing them on the Commission Web site. Because your comment will be made public, you are solely responsible for making sure that your comment does not include any sensitive personal information, such as anyone's Social Security number, date of birth, driver's license number or other state identification number or foreign country equivalent, passport number, financial account number, or credit or debit card number. You are also solely responsible for making sure that your comment does not include any sensitive health information, such as medical records or other individually-identifiable health information. In addition, do not include any "trade secret or any commercial or financial information which . . . is privileged or confidential," as discussed in Section 6(f) of the FTC Act, 15 U.S.C. 46(f), and FTC Rule 4.10(a)(2), 16 CFR 4.10(a)(2). In particular, do not include competitively sensitive information such as costs, sales statistics, inventories, formulas, patterns, devices, manufacturing processes, or customer names.

If you want the Commission to give your comment confidential treatment, you must file it in paper form, with a request for confidential treatment, and you must follow the procedure explained in FTC Rule 4.9(c), 16 CFR 4.9(c).² Your comment will be kept confidential only if the FTC General Counsel, in his or her sole discretion, grants your request in accordance with the law and the public interest.

Postal mail addressed to the Commission is subject to delay due to heightened security screening. Accordingly, we encourage you to submit your comments online. To make sure that the Commission considers your online comment, you must file it at <https://ftcpublishcommentworks.com/ftc/jewelryguidesreview> by following the instructions on the web-based form. If this Notice appears at <http://www.regulations.gov>, you also may file a comment through that Web site.

If you file your comment on paper, write "Jewelry Guides, 16 CFR part 23, Project No. G711001" on your comment

² In particular, the written request for confidential treatment that accompanies the comment must include the factual and legal basis for the request and must identify the specific portions of the comment to be withheld from the public record. See FTC Rule 4.9(c), 16 CFR 4.9(c).
