SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76826; File No. SR-NASDAQ-2015-164]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7014

January 5, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that, on December 23, 2015, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to make two changes to Rule 7014.

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to make two changes to Rule 7014. Rule 7014 provides the Exchange’s Market Quality Incentive Programs. Nasdaq currently provides the following incentive programs under the rule: Investor Support Program, Qualified Market Maker Program, Lead Market Maker Program, and NBBO Program. The Exchange is proposing to add new rule text concerning what is not considered eligible displayed liquidity under the Investor Support Program and to add clarifying rule text to the NBBO Program.

First, the Exchange is adding new rule text to the Investor Support Program (“ISP”) under rule 7014(b) to state that Designated Retail Orders³ are not included in the number of shares of displayed liquidity. The Investor Support Program enables Nasdaq member firms to earn a monthly fee credit for providing displayed liquidity

³ A “Designated Retail Order” is an agency or riskless principal order that meets the criteria of FINRA Rule 5320.03 and that originates from a natural person and is submitted to Nasdaq by a member that designates it pursuant to Rule 7018, provided that no change is made to the terms of the order with respect to price or side of market and the order does not originate from a trading algorithm or any other computerized methodology. An order from a “natural person” can include orders on behalf of accounts that are held in a corporate legal form—such as an Individual Retirement Account, Corporation, or a Limited Liability Company—that has been established for the benefit of an individual or group of related family members, provided that the order is submitted by an individual. Members must submit a signed written attestation, in a form prescribed by Nasdaq, that they have implemented policies and procedures that are reasonably designed to ensure that substantially all orders designated by the member as “Designated Retail Orders” comply with these requirements. Orders may be designated on an order-by-order basis, or by designating all orders on a particular order entry port as Designated Retail Orders. See Rule 7018.

to Nasdaq. Currently, there are three rates that a member firm may qualify for based on the execution price of the displayed liquidity and whether the shares of displayed liquidity were entered through an ISP-designated port. Subsequent to the adoption of the ISP Program,⁴ Nasdaq adopted a new program under Rule 7018⁵ to use financial incentives to encourage greater participation. The new program adopted liquidity provider credit tiers for orders designated by a member firm as Designated Retail Orders. Currently, Nasdaq has a single liquidity provider credit tier of \$0.0034 per share executed provided for orders designated by a member firm as Designated Retail Orders.⁶ Nasdaq has excluded Designated Retail Orders from the calculation of credits available under the NBBO Program, QMM Program, and the ISP Program, since those orders already receive a significant credit under Rule 7018(a). Similarly, Nasdaq excludes Designated Retail Orders from the credits provided for providing displayed quotes/orders for securities of all three tapes.⁷ Unlike the NBBO Program and QMM Program rules, which reflect that Designated Retail Orders are not included in those programs’ credits, Nasdaq neglected to amend the ISP Program rules to state that Designated Retail Orders are not considered in the calculation of the ISP credit. In adopting the Designated Retail Order credit tiers, Nasdaq intended to also exclude Designated Retail Orders from the calculation of credits available under the ISP Program, consistent with the other programs under the rule. Thus, Nasdaq is proposing to state in the rule that Designated Retail Orders are not included in the number of shares of displayed liquidity used to calculate credit received under the ISP Program.

Second, Nasdaq is proposing to add clarifying rule text to Rule 7014(g), which concerns the NBBO Program. The NBBO Program provides rebates per share executed with respect to all other displayed orders (other than Designated Retail Orders) in securities priced at \$1 or more per share that provide liquidity and establish the NBBO. When Nasdaq adopted the rule, it neglected to note that the displayed quantity of the NBBO Program-qualifying order must be at least one round lot at the time of execution. An odd lot order of less than

100 shares is not displayed on the consolidated feeds, and thus is not able to set the NBBO. Although implied in the rule, the Exchange believes that adding clarifying language is appropriate. Consequently, the Exchange is adding rule text that makes it clear that the displayed quantity of the Order must be at least one round lot at time of execution.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6 of the Act,⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁹ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The proposed change furthers these objectives because it clarifies what is required to receive the rebates in the case of the NBBO Program and states expressly that Designated Retail Orders are not considered in the calculation of the credit provided by the ISP Program. The Exchange does not propose to alter the operation of, or the specific criteria required to qualify under, the program. Rather, the Exchange is expressly stating criteria that may otherwise be reasonably implied, in the case of the NBBO Program, and that is consistent with the treatment of Designated Retail Orders by the other Market Quality Incentive Programs under Rule 7014 and credit tiers under Rule 7018(a), in the case of the ISP Program. With respect to the proposed change to the ISP Program, the Exchange is noting that Designated Retail Orders are not included in the number of shares of displayed liquidity used to calculate credit received under the ISP Program. As discussed, Designated Retail Orders are excluded from the calculations under the NBBO Program and QMM Program and from the credits provided for displayed quotes/orders under Rule 7018(a) because Nasdaq provides a substantial credit of \$0.0034 per share executed for such orders. As such, member firms have understood that

Designated Retail Orders are excluded from the calculation of the ISP Program credits. With respect to the proposed change to the NBBO Program, the Exchange is expressly stating what is reasonably implied as a precondition to set the NBBO, namely, that the minimum quantity must be no less than one round lot at time of execution. As such, these changes promote the protection of the investors and the public interest by more precisely stating and by clarifying the requirements of the programs, as they have been applied since these programs' adoption.

The Exchange also believes that the proposed change to the ISP Program is consistent with Section 6(b)(4) of the Act¹⁰ in that it provides for the equitable allocation of reasonable dues, fees, and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. Specifically, the proposed new rule text that states that the ISP Program credit will not be paid with respect to Designated Retail Orders is reasonable because those orders are already eligible to receive a high credit of \$0.0034 per share executed. The change is consistent with an equitable allocation of fees because Nasdaq believes that the credit provided with respect to Designated Retail Orders provides sufficient incentive with respect to the market benefits associated with the orders in question, such that an additional credit is not warranted.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.¹¹ The Exchange believes that the proposal is irrelevant to competition because it is not driven by, and will have no impact on, competition. Specifically, the proposal clarifies the application of Nasdaq's rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public

interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹² and subparagraph (f)(6) of Rule 19b-4 thereunder.¹³ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76822; File No. 4-443]

Joint Industry Plan; Notice of Filing and Immediate Effectiveness of Amendment to the Plan for the Purpose of Developing and Implementing Procedures Designed To Facilitate the Listing and Trading of Standardized Options To Add EDGX Exchange, Inc. ("EDGX") as a Plan Sponsor

January 5, 2016.

Pursuant to Section 11A(a)(3) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 608 thereunder,² notice is hereby given that on October 27, 2015, EDGX Exchange, Inc. ("EDGX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") an amendment to the Plan for the Purpose of Developing and Implementing Procedures Designed to Facilitate the Listing and Trading of Standardized Options ("OLPP").³ The

amendment proposes to add EDGX as a Sponsor of the OLPP. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Description and Purpose of the Amendment

The current Sponsors of the OLPP are Amex, BATS, BOX, BX, CBOE, C2, ISE, MIAX, Nasdaq, NYSE Arca, OCC, Phlx, and Topaz. The proposed amendment to the OLPP would add EDGX as a Sponsor of the OLPP. A national securities exchange may become a Sponsor if it satisfies the requirement of Section 7 of the OLPP. Specifically an Eligible Exchange⁴ may become a Sponsor of the OLPP by: (i) Executing a copy of the OLPP, as then in effect; (ii) providing each current Plan Sponsor with a copy of such executed Plan; and (iii) effecting an amendment to the OLPP, as specified in Section 7(ii) of the OLPP.

Section 7(ii) of the OLPP sets forth the process by which an Eligible Exchange may effect an amendment to the OLPP. Specifically, an Eligible Exchange must: (a) Execute a copy of the OLPP with the only change being the addition of the new sponsor's name in Section 8 of the OLPP;⁵ and (b) submit the executed OLPP to the Commission. The OLPP then provides that such an amendment will be effective when it has been approved by the Commission or

"NYSE Arca"). See Securities Exchange Act Release No. 44521, 66 FR 36809 (July 13, 2001). See also Securities Exchange Act Release Nos. 49199 (February 5, 2004), 69 FR 7030 (February 12, 2004) (adding Boston Stock Exchange, Inc. as a Sponsor to the OLPP); 57546 (March 21, 2008), 73 FR 16393 (March 27, 2008) (adding Nasdaq Stock Market, LLC ("Nasdaq") as a Sponsor to the OLPP); 61528 (February 17, 2010), 75 FR 8415 (February 24, 2010) (adding BATS Exchange, Inc. ("BATS") as a Sponsor to the OLPP); 63162 (October 22, 2010), 75 FR 66401 (October 28, 2010) (adding C2 Options Exchange Incorporated ("C2") as a sponsor to the OLPP); 66952 (May 9, 2012), 77 FR 28641 (May 15, 2012) (adding BOX Options Exchange LLC ("BOX") as a Sponsor to the OLPP); 67327 (June 29, 2012), 77 FR 40125 (July 6, 2012) (adding Nasdaq OMX BX, Inc. ("BX") as a Sponsor to the OLPP); 70765 (October 28, 2013), 78 FR 65739 (November 1, 2013) (adding Topaz Exchange, LLC as a Sponsor to the OLPP ("Topaz"); and 70764 (October 28, 2013), 78 FR 65733 (November 1, 2013) (adding Miami International Securities Exchange, LLC ("MIAX") as a Sponsor to the OLPP).

⁴ The OLPP defines an "Eligible Exchange" as a national securities exchange registered with the Commission pursuant to Section 6(a) of the Exchange Act, 15 U.S.C. 78f(a), that (1) has effective rules for the trading of options contracts issued and cleared by the OCC approved in accordance with the provisions of the Exchange Act and the rules and regulations thereunder and (2) is a party to the Plan for Reporting Consolidated Options Last Sale Reports and Quotation Information (the "OPRA Plan"). EDGX has represented that it has met both the requirements for being considered an Eligible Exchange.

⁵ The Commission notes that the list of plan sponsors is set forth in Section 9 of the OLPP.

otherwise becomes effective pursuant to Section 11A of the Act. EDGX has submitted a signed copy of the OLPP to the Commission and to each Plan Sponsor in accordance with the procedures set forth in the OLPP regarding new Plan Sponsors.

II. Effectiveness of the Proposed OLPP Amendment

The foregoing proposed OLPP amendment has become effective pursuant to Rule 608(b)(3)(iii)⁶ because it involves solely technical or ministerial matters. At any time within sixty days of the filing of this amendment, the Commission may summarily abrogate the amendment and require that it be refiled pursuant to paragraphs (a)(1) of Rule 608,⁷ if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system or otherwise in furtherance of the purposes of the Act.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed amendment is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number 4-443 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington DC 20549-1090.

All submissions should refer to File Number 4-443. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>).
