

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2016–0162]

RIN 1625–AA00

Safety Zone; Richland Regatta, Columbia River, Richland, WA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a safety zone for certain waters of the Columbia River in the vicinity of Howard Amon Park, Richland, WA, between River Miles 337 and 338, during a hydroplane boat race from June 3, 2016, through June 5, 2016. This action is necessary to provide for the safety of life on the navigable waters during the event. This proposed rulemaking would prohibit persons and vessels from being in the safety zone unless authorized by the Captain of the Port Sector Columbia River or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before April 20, 2016.

ADDRESSES: You may submit comments identified by docket number USCG–2016–0162 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Mr. Ken Lawrenson, Waterways Management Division, MSU Portland, OR, U.S. Coast Guard; telephone 503–240–9319, email msupdxwww@uscg.mil.

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

On December 21, 2015, the Northwest Power Boat Association notified the Coast Guard that it will be conducting a hydroplane boat race from 7 a.m. to 7

p.m. daily from June 3, 2016, through June 5, 2016, as part of the Richland Regatta. The race will be held in the vicinity of Howard Amon Park, Richland, WA, and poses significant dangers to the maritime public including excessive noise, vessels racing at high speeds in proximity to other vessels, and flying debris in the event of an accident. The Captain of the Port Sector Columbia River (COTP) has determined these potential hazards would be a safety concern for maritime traffic.

The purpose of this rulemaking is to ensure the safety of vessels and the navigable waters before, during and after daily scheduled races. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231.

III. Discussion of Proposed Rule

The COTP proposes to enforce a safety zone from 7 a.m. to 7 p.m. daily from June 3, 2016, through June 5, 2016. The safety zone would include all navigable waters of the Columbia River on all navigable waters of the Columbia River between River Miles 337 and 338 in the vicinity of Howard Amon Park, Richland, WA. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled event. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the following factors. The

safety zone will only be effective for 12 hours daily over a 3 day period, and while non-participant vessels will be unable to enter, transit through, anchor in, or remain within the event area without authorization from the Captain of the Port Sector Columbia River or a designated representative, they may operate in the surrounding areas during the enforcement period. Additionally, non-participant vessels may still enter, transit through, anchor in, or remain within the event area during the enforcement period if authorized by the COTP Sector Columbia River or a designated representative. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this

proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that

do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves a safety zone that would be enforced from 7 a.m. to 7 p.m. daily from June 3, 2016, through June 5, 2016. The safety zone would cover navigable waters of the Columbia River between River Miles 337 and 338 in the vicinity of oward Amon Park, Richland, WA. Normally such actions are categorically excluded from further review under paragraph 34(g) of Figure 2–1 of Commandant Instruction M16475.ID. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, you may review a Privacy Act notice regarding the Federal Docket Management System in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that

Web site's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T13–0162 to read as follows:

§ 165.T13–0162 Safety Zone; Richland Regatta, Columbia River, Richland, WA.

(a) *Regulated area.* The following regulated area is a safety zone. The safety zone will include all navigable waters of the Columbia River in the vicinity of Howard Amon Park, Richland, WA, between River Miles 337 and 338.

(b) *Definitions.* (1) The term “designated representative” means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the Captain of the Port Sector Columbia River in the enforcement of the regulated area.

(2) The term “Non-participant persons and vessels” means a vessel or person not participating in the event as a participant, spectator, or event attendee.

(c) *Regulations.* (1) In accordance with the general regulations in subpart C of this part, non-participant persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless authorized by Captain of the Port Sector Columbia River or a designated representative.

(2) Non-participant persons and vessels may request authorization to enter, transit through, anchor in, or remain within the regulated area by contacting the Captain of the Port Sector Columbia River or a designated representative via VHF radio on channel 16. If authorization is granted by the Captain of the Port Sector Columbia River or a designated representative, all

persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port Sector Columbia River or a designated representative.

(d) *Enforcement period.* This safety zone as described in paragraph (a) of this section will be enforced from 7 a.m. to 7 p.m. each day from June 3, 2016, through June 5, 2016.

Dated: March 4, 2016.

D.J. Travers,

Captain, U.S. Coast Guard, Captain of the Port, Sector Columbia River.

33 CFR Part 165

[Docket Number USCG-2016-0138]

RIN 1625-AA00

Safety Zone; Cocos Lagoon, Merizo, GU

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a safety zone for Coco's Crossing swim event in the waters of Coco's Lagoon, Guam. This event is scheduled to take place from 6 a.m. to 1 p.m. on May 29, 2015. This safety zone is necessary to protect all persons and vessels participating in this marine event from potential safety hazards associated with vessel traffic in the area. Race participants, chase boats and organizers of the event will be exempt from the safety zone. Entry of persons or vessels into this safety zone is prohibited unless authorized by the Captain of the Port (COTP). We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before April 20, 2016.

ADDRESSES: You may submit comments identified by docket number USCG-2016-0138 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Chief Kristina

Gauthier, U.S. Coast Guard Sector Guam at (671) 355-4866, email Kristina.M.Gauthier@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

On February 16, 2016, the Coast Guard was notified of the intent of the Manukai Athletic Club and The Manhoben Swim Club to hold the Coco's Crossing swimming race on May 29, 2016 from 6 a.m. to 1 p.m. in Merizo. The race will be from the Merizo pier to Coco's Island and back. This safety zone is necessary to protect all persons and vessels participating in this marine event from potential safety hazards associated with vessel traffic in the area. The Captain of the Port Guam has determined that potential hazards associated with vessels in the area would be a safety concern for participants; therefore, a 100-yard radius is established around all participants.

The purpose of this rulemaking is to ensure the safety of race participants in the navigable waters within a 100-yard radius before, during, and after the scheduled event. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231.

III. Discussion of Proposed Rule

The COTP proposes to establish a safety zone from 6 a.m. to 1 p.m. on May 29, 2016. The safety zone would cover all navigable waters within a 100-yard radius of race participants in Merizo and Coco's Lagoon. The duration of the zone is intended to ensure the safety of participants before, during, and after the scheduled 6 a.m. to 1 p.m. race. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. Race participants, chase boats and organizers of the event are exempt from the safety zone. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This NPRM has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. Vessel traffic would be able to safely transit around this safety zone which would impact a small designated area of the Merizo and Coco's Lagoon for 7 hours in the morning when vessel traffic in the area is low and mainly constitutes excursions to Coco's Island. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121),
