

and three observers for the first two days, and thereafter every third day during in-water vibratory pile driving and removal to allow for estimation of the number of take exposures.

Exclusion Zones

Establish and maintain a 190-dB exclusion zone for pinnipeds during all impact and vibratory pile driving activities (10 m for impact of concrete piles and all vibratory pile driving, and 18m in the event that impact pile driving is required for steel piles). The exclusion zone must be monitored and be free of marine mammals for at least 15 minutes before pile driving activities can commence.

Recording Visual Detections

Visual observers must record the following information when they have sighted a marine mammal:

- Species, age/size/sex (if determinable), behavior when first sighted and after initial sighting, heading, distance, and changes in behavior in response to construction activities.

Shutdown Procedures

Immediately suspend pile driving activities if a visual observer detects a marine mammal within, or entering the exclusion zone (10m exclusion zone for all pile driving activity, and 18m exclusion zone for impact pile driving of steel piles). Pile driving activities will not be resumed until the exclusion zone has been observed as being mammal free for at least 15 minutes.

6. Reporting Requirements

This Authorization requires the holder to submit a draft report on all activities and monitoring results to the Office of Protected Resources, NOAA Fisheries, within 90 days of completion of in-water construction activities. This report must contain and summarize the following information:

- Dates, times, weather, and visibility conditions during all construction associated in-water work and marine mammal sightings;
- Species, number, location, distance from activity, behavior of any observed marine mammals, and any required shutdowns throughout all monitoring activities;
- An estimate of the number, by species, of marine mammals with exposures to sound energy levels greater than, or equal to, 160 dB for impact pile driving and 120 dB for vibratory pile driving.

Additionally, the Port of Kalama must submit a final report to the Chief,

Permits and Conservation Division, Office of Protected Resources, NOAA Fisheries, within 30 days after receiving comments from us on the draft report. If we decide the draft report needs no comments, we will consider the draft report to be the final report.

7. Reporting Prohibited Take

In the unanticipated event that the specified activity clearly causes the take of a marine mammal in a manner not permitted by the authorization (if issued), such as an injury, serious injury, or mortality (*e.g.*, ship-strike, gear interaction, and/or entanglement), the Port of Kalama shall immediately cease the specified activities and immediately report the take to the Chief, Permits and Conservation Division, Office of Protected Resources, NOAA Fisheries, at 301–427–8401 and/or by email. The report must include the following information:

- Time, date, and location (latitude/longitude) of the incident;
- Name and type of vessel involved;
- Vessel's speed during and leading up to the incident;
- Description of the incident;
- Status of all sound source use in the 24 hours preceding the incident;
- Water depth;
- Environmental conditions (*e.g.*, wind speed and direction, Beaufort sea state, cloud cover, and visibility);
- Description of all marine mammal observations in the 24 hours preceding the incident;
- Species identification or description of the animal(s) involved;
- Fate of the animal(s); and
- Photographs or video footage of the animal(s) (if equipment is available).

The Port of Kalama shall not resume its activities until we are able to review the circumstances of the prohibited take. We shall work with the Port of Kalama to determine what is necessary to minimize the likelihood of further prohibited take and ensure MMPA compliance. The Port of Kalama may not resume their activities until notified by us via letter, email, or telephone.

8. Reporting an Injured or Dead Marine Mammal With an Unknown Cause of Death

In the event that the Port of Kalama discovers an injured or dead marine mammal, and the lead visual observer determines that the cause of the injury or death is unknown, and the death is relatively recent (*i.e.*, in less than a moderate state of decomposition as we describe in the next paragraph), the Port of Kalama will immediately report the incident to the Chief, Permits and

Conservation Division, Office of Protected Resources, NOAA Fisheries, at 301–427–8401, and/or by email. The report must include the same information identified in the paragraph above this section. Activities may continue while NOAA Fisheries reviews the circumstances of the incident. NOAA Fisheries would work with the Port of Kalama to determine whether modifications in the activities are appropriate.

9. Reporting an Injured or Dead Marine Mammal Unrelated to the Activities

In the event that the Port of Kalama discovers and injured or dead marine mammal, and the lead observer determines that the injury or death is not associated with or related to the authorized activities (*e.g.*, previously wounded animal, carcass with moderate to advanced decomposition, or scavenger damage), the Port of Kalama would report the incident to the Chief, Permits and Conservation Division, Office of Protected Resources, NOAA Fisheries, at 301–427–8401, and/or by email, within 24 hours of the discovery. The Port of Kalama would provide photographs or video footage or other documentation of the animal sighting to NOAA Fisheries.

Request for Public Comments

NOAA Fisheries requests comment on our analysis, the draft authorization, and any other aspect of the Notice of Proposed IHA for the Port of Kalama's construction of Kalama Marine Manufacturing and Export Facility. Please include with your comments any supporting data or literature citations to help inform our final decision on Port of Kalama's request for an MMPA authorization.

Dated: March 9, 2016.

Perry F. Gayaldo,

Deputy Director, Office of Protected Resources, National Marine Fisheries Service.

[FR Doc. 2016–06252 Filed 3–18–16; 8:45 am]

BILLING CODE 3510–22–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD–2016–OS–0022]

Proposed Collection; Comment Request

AGENCY: Defense Security Service, DoD.

ACTION: Notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Center for Development of Security

Excellence (CDSE) of the Defense Security Service announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by May 20, 2016.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Department of Defense, Office of the Deputy Chief Management Officer, Directorate of Oversight and Compliance, Regulatory and Audit Matters Office, 9010 Defense Pentagon, Washington, DC 20301-9010.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Center for Development of Security Excellence, Training Division, ATTN: Brian K. Miller Curtis, 938 Elkridge Landing Road, Linthicum, MD 21090-2917 or call 1-410-689-1134.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Student Learning Event Evaluation Surveys, OMB Control Number 0704-XXXX.

Needs and Uses: The information collection requirement is necessary to obtain and record the experiences and evaluations of services and products from education and training customers of the Center for Development of Security Excellence. The information collection will include four surveys tailored to the delivery mode of the learning event, and the respondent will be asked to complete one survey per learning event. The number of questions asked reflects the category of the learning event completed. The four learning event categories are (a) eLearning Mode End of Course Student Feedback Survey, (b) Instructor-Led Mode End of Course Student Feedback Survey, (c) Virtual Instructor-Led Mode End of Course Student Feedback Survey, (d) Webinar Experience Survey. The feedback provided will be aggregated and analyzed for the purpose of assessing and improving the availability, effectiveness, and usability of training and education services and products made available to employees of the DoD, employees of participants in the National Industrial Security Program, employees of other Federal Departments and State, and Local Governments, and other users. No personally identifiable information is requested and anonymity of responses is maintained. Responses are aggregated for reports that are reviewed by CDSE instructors, course developers, and management. Responses are used in the conduct of continuous evaluation of education and training activities required by DoDM 3115.11, March 24, 2015, and 5 CFR 410.202.

Affected Public: Business or other for profit; Not-for-profit institutions.

Annual Burden Hours: 50,000.

Number of Respondents: 300,000.

Responses per Respondent: 1.

Annual Responses: 300,000.

Average Burden per Response: 10 minutes.

Frequency: On occasion.

Respondents are education and training services customers of the CDSE who are pursuing professional development in security or are required to complete courses by their employers. Burden is reported as an annual average, and the actual burden depends on the number of learning events attended and the mode of learning event delivery.

Dated: March 15, 2016.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

DEPARTMENT OF EDUCATION

Applications for New Awards; Carol M. White Physical Education Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice.

Overview Information

Carol M. White Physical Education Program

Notice inviting applications for new awards for fiscal year (FY) 2016.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.215F.

DATES:

Applications Available: March 21, 2016.

Deadline for Transmittal of Applications: May 20, 2016.

Deadline for Intergovernmental Review: July 19, 2016.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Carol M. White Physical Education Program (PEP) provides grants to local educational agencies (LEAs) and community-based organizations (CBOs) to initiate, expand, and improve physical education for students in grades K-12. Grant recipients must implement programs that help students make progress toward meeting State physical education standards.

Priorities: This notice contains one absolute priority, three competitive preference priorities, and one invitational priority. The absolute priority and Competitive Preference Priority 1 are from the notice of final priorities, requirements, and definitions for this program published in the **Federal Register** on June 18, 2010 (75 FR 34892). Competitive Preference Priority 2 and Competitive Preference Priority 3 are from the Department's notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 10, 2014 (79 FR 73426). The invitational priority is based on 34 CFR 75.226(d)(4).

Absolute Priority: For FY 2016 and any subsequent year in which we make awards from the list of unfunded
