

■ 2. Add paragraphs (j) and (k) to § 13.42 as follows:

* * * * *

(j) Collecting or possessing living wildlife (including eggs and offspring) is prohibited unless expressly authorized by federal statute or pursuant to § 2.5 of this chapter, 50 CFR part 100, or special regulations in subpart N of this chapter. A falconry permit or other permit issued by the State of Alaska for the take of wildlife does not provide the required authorization. These collecting activities are not allowed as hunting or trapping activities in national preserves under paragraph (a) of this section 13.42. This regulation does not prohibit the use of trained raptors for hunting activities where authorized by applicable federal and state law.

(k)(1) The following types of bait may be used to take bears for subsistence uses:

(i) Parts of legally taken native fish or wildlife that are not required to be salvaged; or

(ii) Remains of native fish or wildlife that died of natural causes.

(2) The use of any other type of bait to take bears for subsistence uses is prohibited.

■ 3. Amend § 13.420 by:

■ A. Adding the terms “Animal parts” and “Handicraft article”

■ B. Revising the term “Subsistence uses”

The additions and revisions to read as follows:

§ 13.420 Definitions.

Animal parts means nonedible antlers, horns, bones, teeth, claws, hooves, skins, hides, fur, hair, feathers, or quills that:

(1) Are obtained from a lawfully hunted or trapped animal;

(2) Have been shed or discarded as a result of natural life-cycle events; or

(3) Remain on the landscape as a result of the natural mortality of the animal.

Handicraft article is a finished product made by a rural Alaskan resident in which the shape and appearance of the natural material has been substantially changed by the skillful use of hands, such as sewing, weaving, lacing, beading, drilling, carving, etching, scrimshawing, painting, or other means, which has substantially greater monetary and aesthetic value than the unaltered natural material. The term includes products made from plant materials and from nonedible byproducts of fish and wildlife resources taken for personal or family consumption. This term does not

include a trophy or European mount of horns or antlers.

* * * * *

Subsistence uses. As used in this part, this term means the customary and traditional uses by rural Alaska residents of wild, renewable resources for direct personal or family consumption as food, shelter, fuel, clothing, tools or transportation; for the making and selling of handicraft articles out of nonedible byproducts of fish and wildlife resources taken for personal or family consumption; for barter or sharing for personal or family consumption; and for customary trade. For the purposes of this subpart, the terms—

(1) “Family” shall mean all persons related by blood, marriage, or adoption, or any person living within the household on a permanent basis; and

(2) “Barter” shall mean the exchange of handicraft articles or fish or wildlife or their parts taken for subsistence uses—

(i) For other fish or game or their parts; or

(ii) For other food or for nonedible items other than money if the exchange is of a limited and noncommercial nature; and

(3) “Customary trade” shall be limited to the exchange of handicraft articles or furs for cash to support personal and family needs; and does not include trade which constitutes a significant commercial enterprise.

■ 4. Add § 13.482 to read as follows:

§ 13.482 Subsistence collection and use of animal parts.

(a) Local rural residents may collect animal parts (excluding migratory birds, marine mammals, and threatened or endangered species) for subsistence uses in park areas where subsistence uses are allowed, provided that:

(1) The resident has a federal customary and traditional use determination for the species collected in the game management unit where the collecting occurs (50 CFR part 100); and

(2) The resident has written authorization from the superintendent issued under § 1.6 of this chapter that identifies specific areas where this activity is allowed.

(b) The superintendent may establish conditions, limits, and other restrictions on collection activities. Areas open to collections will be identified on a map posted on the park Web site and available at the park visitor center or park headquarters. Violating a condition, limit, or restriction is prohibited.

(c) Non-conflicting State regulations regarding the use of bear claws that are

now or may later be in effect are adopted as a part of these regulations.

■ 5. Amend § 13.485 by:

■ a. Revising paragraph (b)

■ b. Redesignating paragraph (c) as paragraph (d)

■ c. Adding new paragraph (c)

The revisions and additions to read as follows:

§ 13.485 Subsistence use of timber and plant material.

* * * * *

(b) The gathering by local rural residents of fruits, berries, mushrooms, and other plant materials for subsistence uses, and the gathering of dead or downed timber for firewood for noncommercial subsistence uses, shall be allowed without a permit in park areas where subsistence uses are allowed, provided that local rural residents may not gather plant materials to make handicraft articles for customary trade or barter unless they have written authorization from the superintendent issued under § 1.6 of this chapter that identifies specific areas where this activity is allowed.

(c) The superintendent may establish conditions, limits, and other restrictions on gathering activities. Violating a condition, limit, or restriction is prohibited.
