Canon Virginia, Inc. (Canon), operator of Subzone 20D, submitted a notification of proposed production activity to the FTZ Board for its facility within Subzone 20D, in Newport News, Virginia. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on December 14, 2015.

Canon already has authority to produce a range of printers, copiers and

their parts and supplies, including toner, toner cartridges, toner bottles and cartridge parts, within Subzone 20D. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

On its domestic sales, Canon would be able to choose the duty rates during customs entry procedures that apply to toner cartridges or toner bottles (duty-free) for the foreign-status materials/components noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Carbon black and aluminum flanges (duty rates: Duty-free and 5.7%, respectively).
