

was conducted, the NME entity's entries were not subject to the review and the rate for the NME entity is not subject to change as a result of that review (although the rate for the individual exporter may change as a function of the finding that the exporter is part of the NME entity).

Following initiation of an antidumping administrative review when there is no review requested of the NME entity, the Department will instruct CBP to liquidate entries for all exporters not named in the initiation notice, including those that were suspended at the NME entity rate.

All requests must be filed electronically in Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS") on Enforcement and Compliance's ACCESS Web site at <http://access.trade.gov>.⁴ Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on the petitioner and each exporter or producer specified in the request.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of February 2016. If the Department does not receive, by the last day of February 2016, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures "gap" period of the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

Dated: January 28, 2016.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

STUDENT/FACULTY RECORDS:

AMC Schools Systems (October 30, 2015, 80 FR 66881)

REASON:

The Army organization hosting these training records was relocated from Rock Island, Illinois to McAlester Army Ammunition Plant, Oklahoma in 1995, due to base realignment and new missions. These records are no longer collected from trainees at the ammunition training site. Training sites are no longer available and all ammunition training is done online through the Army Training Requirement and Resources System (ATRRS). Previous training records were transferred to the National Personnel Records Center, 9700 Page Boulevard, St. Louis, MO 63132-5200, with the soldiers and government civilian personnel records upon separation or retirement from the Army. Faculty and instructor qualification records were destroyed after five years in accordance with the disposition schedule. Training records are now collected in the Army Training Requirements and Resources System and are covered under A0351 DAPE, Army Training Requirements and Resources System (ATRRS) (January 3, 2002, 67 FR 311) system of records notice. Therefore, A0351 AMC, Student/Faculty Records: AMC Schools Systems can be deleted.
