2. Review and Selection Process

The Maritime Administration reviews all eligible applications received before the deadline. The Small Shipyard Grant review and selection process consists of three phases: Technical Review, Senior Review, and Final Selection. In the technical review phase, a Review Panel made up of technical experts, including naval architects and engineers from the Maritime Administration's Office of Shipyards and Marine Engineering will review all timely applications. Additional input may be provided to the Review Panel on economic issues by the Office of Financial Approvals, on environmental issues by the Office of Environment, and on legal issues by the Office of Chief Counsel. The Review Panel will assign a rating of "Highly Recommended," "Recommended," or "Not Recommended" based on how well the applications align with the selection criteria.

In the second review phase, the Senior Review Team, which is led by the Maritime Administrator, will consider all applications that were rated as Recommended or Highly Recommended, based upon the input of the Review Panel. The Senior Review Team will determine which projects to advance to Secretary as Highly Rated. In the third phase, the Secretary selects from the Highly Rated projects for final award.
