

4. A statement (a) disclaiming any intention that the No-Action Letter constitutes a determination by the Bureau or its staff about, or is an interpretation of, or grants any exception, waiver, safe harbor, or similar treatment respecting the statutes and rules identified in the request, or their application to the product's aspects in question, or otherwise constitutes an official expression of the Bureau's views, and that any explanatory discussion should not be interpreted as such an interpretation, waiver, safe harbor, or the like, that is binding on the Bureau, and (b) that the staff is not necessarily in agreement with any legal or policy analysis, any interpretation of data, or any other matter, set forth in the request.

5. A description of any conditions or limitation attending the No-Action Letter, such as the requester's commitment to provide additional safeguards to consumers, or to share certain types of data with the Bureau, as well as any limitations as to time period or quantity of transactions.

6. A statement that the No-Action Letter is subject to modification or revocation at any time at the discretion of the staff for any reason, including that: the facts and representations in the request appear to be materially inaccurate or uncertain; the requester fails to satisfy conditions or violates limitations specified in the No-Action Letter; the product or any of its material features, terms, or conditions, is altered; or the staff determines that such modification or revocation is appropriate to protect consumers or is otherwise in the public interest. Unless there is a reason not to do so in a particular case, staff plans to communicate with the requesting entity (or entities) regarding the grounds for potential revocation or modification in advance of a revocation or modification, and permit an opportunity to respond. When staff revokes or modifies a No-Action Letter, staff intends to do so in writing. Staff plans to make revocations and modifications public.

7. A statement that the No-Action Letter is not issued by or on behalf of any other government agency or any other person, and is not intended to be honored or deferred to in any way by any court or any other government agency or person.

8. A statement of any expiration date, or volume limitation, applicable to the No-Action Letter (and whether or not the requester may seek to renew the No-Action Letter).

9. A statement that the No-Action Letter becomes inapplicable upon failure to adhere to the affirmations or

undertakings made in the request or stated as conditions of the issuance of the letter. To the extent that the facts and representations in the request are materially inaccurate, or the requester fails to satisfy conditions or violates limitations specified in the No-Action Letter, and in other similar circumstances, the No-Action Letter is by its own terms inapplicable (even without modification or revocation) and the staff may recommend initiating a retrospective enforcement or supervisory action if appropriate.

E. Bureau Disclosure of Entity Data

The Bureau's disclosure of a version or summary of the request and any data received from the requester in connection with a request for a No-Action Letter is governed by the Bureau's rules regarding Disclosure of Records and Information.¹⁴ For example, 12 CFR 1070.14 generally requires the Bureau to make its records available to any person pursuant to a request that conforms to the rules and procedures of that section, subject to the application of the FOIA exemptions and exclusions. To the extent the Bureau affirmatively wishes to disclose such data, the terms of such disclosure will be consistent with applicable law and the Bureau's own rules and may be specified in a separate agreement with the requester. Consistent with applicable law and its own rules, the Bureau will seek to redact data to protect consumers' privacy interests.

Dated: February 2, 2016.

Richard Cordray,

Director, Bureau of Consumer Financial Protection.

BILLING CODE 4810-AM-P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2012-0055]

Agency Information Collection Activities; Submission for OMB Review; Comment Request—Flammability Standards for Children's Sleepwear

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act ("PRA") of 1995 (44 U.S.C. chapter 35), the Consumer Product Safety Commission

("Commission" or "CPSC") announces that the Commission has submitted to the Office of Management and Budget ("OMB") a request for extension of approval of a collection of information associated with the Standard for the Flammability of Children's Sleepwear: Sizes 0 Through 6X (16 CFR part 1615); and the Standard for the Flammability of Children's Sleepwear: Sizes 7 Through 14 (16 CFR part 1616), approved previously under OMB Control No. 3041-0027. In the **Federal Register** of November 25, 2015 (80 FR 73737), the CPSC published a notice to announce the agency's intention to seek extension of approval of the collection of information. The Commission received no comments. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information, without change.

DATES: Written comments on this request for extension of approval of information collection requirements should be submitted by March 23, 2016.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202-395-6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503. In addition, written comments that are sent to OMB also should be submitted electronically at <http://www.regulations.gov>, under Docket No. CPSC-2012-0055.

Title: Standard for the Flammability of Children's Sleepwear: Sizes 0 through 6X; and the Standard for the Flammability of Children's Sleepwear: Sizes 7 through 14.

OMB Number: 3041-0027.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers and importers of children's sleepwear.

Estimated Number of Respondents: Based on a review of past firm inspections, and published industry information, approximately 50 large domestic companies manufacture most of the children's sleepwear produced in the United States. In addition, there may be up to 1,000 small domestic producers of children's sleepwear. Accordingly, there may be as many as 1,050 firms that manufacture children's sleepwear in the United States. There are also approximately 4,500 importers (which may include some of the domestic manufacturers) that supply children's sleepwear to the United States market.

¹⁴ See 12 CFR part 1070.

Estimated Time per Response: The 50 large domestic manufacturers and the 100 largest importers may each introduce an average of 100 new children's sleepwear items annually. Testing and recordkeeping of each item is approximately 3 hours. The annual burden for the 50 large domestic manufacturers and the 100 largest importers is estimated at 45,000 hours for testing and recordkeeping (150 firms \times 100 items \times 3 hours). The remaining 1,000 manufacturers and 4,400 importers have on the average 10 new children's sleepwear items annually, for a testing and recordkeeping burden of 162,000 hours (5,400 firms \times 10 items \times 3 hours.)

Total Estimated Annual Burden: The total estimated potential annual burden imposed by the flammability standards on all manufacturers and importers of children's sleepwear is approximately 207,000 hours (45,000 hours + 162,000 hours).

Description of Collection: The Standard for the Flammability of Children's Sleepwear: Sizes 0 through 6X (16 CFR part 1615) and the Standard for the Flammability of Children's Sleepwear: Sizes 7 through 14 (16 CFR part 1616) address the fire hazard associated with small-flame ignition sources for children's sleepwear manufactured for sale in or imported into the United States. The standards also require manufacturers and importers of children's sleepwear to collect information resulting from product testing, and maintenance of the testing records. 16 CFR part 1615, subpart B; 16 CFR part 1616; subpart B.

Dated: February 17, 2016.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2009-0044]

Proposed Extension of Approval of Information Collection; Comment Request—Safety Standard for Cigarette Lighters

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission ("CPSC" or "Commission") requests comments on a

proposed request for an extension of approval of a collection of information from manufacturers and importers of disposable and novelty cigarette lighters. This collection of information consists of testing and recordkeeping requirements in regulations implementing the Safety Standard for Cigarette Lighters (16 CFR part 1210), approved previously under OMB Control No. 3041-0116. The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from the Office of Management and Budget ("OMB").

DATES: The Office of the Secretary must receive comments not later than April 22, 2016.

ADDRESSES: You may submit comments, identified by Docket No. CPSC-2009-0044, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <http://www.regulations.gov>. Follow the instructions for submitting comments. The Commission does not accept comments submitted by electronic mail (email), except through www.regulations.gov. The Commission encourages you to submit electronic comments by using the Federal eRulemaking Portal, as described above.

Written Submissions: Submit written submissions by mail/hand delivery/courier to: Office of the Secretary, Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504-7923.

Instructions: All submissions received must include the agency name and docket number for this notice. All comments received may be posted without change, including any personal identifiers, contact information, or other personal information provided, to: <http://www.regulations.gov>. Do not submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. If furnished at all, such information should be submitted in writing.

Docket: For access to the docket to read background documents or comments received, go to: <http://www.regulations.gov>, and insert the docket number CPSC-2009-0044, into the "Search" box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT: For further information contact: Robert H. Squibb, Consumer Product Safety Commission, 4330 East West Highway,

Bethesda, MD 20814; (301) 504-7815, or by email to: rsquibb@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Safety Standard for Cigarette Lighters.

OMB Number: 3041-0116.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers and importers of cigarette lighters.

Estimated Number of Respondents: In 2015, 42 firms submitted information to the CPSC on 307 lighter models. There were 4 new models and 303 lighters that were comparable to previously tested models ("comparison lighters").

Estimated Time per Response: Recordkeeping is composed of two separate components: recordkeeping for new models and recordkeeping for comparison lighters. The time burden for recordkeeping for new models is estimated at 20 hours per model. The total time for recordkeeping of new models is estimated to be 80 hours (20 hours \times 4 models). For each new model, product testing for each firm would take approximately 90 hours per model, for a total of 360 hours (90 hours \times 4 models).

Firms may also submit comparison lighters to demonstrate compliance with the standard. In 2015, 303 comparison lighters were reported to the CPSC. While firms bear no testing costs for comparison lighters, the burden hours for recordkeeping has been estimated at 3 hours per model. Thus, an estimated 909 hours (303 models \times 3 hours) is estimated for recordkeeping for comparison lighters.

Reporting requirements for submitting forms to CPSC are estimated at one hour per model, for a total annual reporting burden on 307 hours (307 models \times 1 hour).

Total Estimated Annual Burden: The total number of responses is approximately 307 per year (4 new models + 303 comparison lighters). The number of hours estimated for testing and recordkeeping is 1,349 hours per year, including new-product tests (360 hours if done in house), new product recordkeeping (4 new models \times 20 hours = 80 hours), and recordkeeping for comparison lighters (303 comparison lighters \times 3 hours = 909 hours). In addition, the CPSC estimates that approximately one hour per product will be required for manufacturers to submit forms to CPSC, or 307 total hours for reporting. Accordingly the total burden hours for recordkeeping and reporting are approximately 1656 hours (1349 + 307).
