

NTIA will post a detailed agenda on its Web site, <http://www.ntia.doc.gov/category/csmac>, prior to the meeting. To the extent that the meeting time and agenda permit, any member of the public may speak to or otherwise address the Committee regarding the agenda items. See *Open Meeting and Public Participation Policy*, available at <http://www.ntia.doc.gov/category/csmac>.

Time and Date: The meeting will be held on March 18, 2016, from 1:00 p.m. to 4:00 p.m., Eastern Daylight Time. The times and the agenda topics are subject to change. The meeting will be available via two-way audio link and may be webcast. Please refer to NTIA's Web site, <http://www.ntia.doc.gov/category/csmac>, for the most up-to-date meeting agenda and access information.

Place: The meeting will be held at the Wiley Rein Conference Center, 1776 K Street NW., Washington, DC 20006. Public comments may be mailed to Commerce Spectrum Management Advisory Committee, National Telecommunications and Information Administration, 1401 Constitution Avenue NW., Room 4099, Washington, DC 20230. The meeting will be open to the public and press on a first-come, first-served basis. Space is limited. The public meeting is physically accessible to people with disabilities. Individuals requiring accommodations, such as sign language interpretation or other ancillary aids, are asked to notify Mr. Washington at (202) 482-6415 or BWashington@ntia.doc.gov at least ten (10) business days before the meeting.

Status: Interested parties are invited to attend and to submit written comments to the Committee at any time before or after the meeting. Parties wishing to submit written comments for consideration by the Committee in advance of a meeting must send them to NTIA's Washington, DC office at the above-listed address and comments must be received five (5) business days before the scheduled meeting date to provide sufficient time for review. Comments received after this date will be distributed to the Committee, but may not be reviewed prior to the meeting. It would be helpful if paper submissions also include a compact disc (CD) in Word or PDF format. CDs should be labeled with the name and organizational affiliation of the filer. Alternatively, comments may be submitted electronically to BWashington@ntia.doc.gov. Comments provided via electronic mail also may be submitted in one or more of the formats specified above.

Records: NTIA maintains records of all Committee proceedings. Committee

records are available for public inspection at NTIA's Washington, DC office at the address above. Documents including the Committee's charter, member list, agendas, minutes, and any reports are available on NTIA's Committee Web page at <http://www.ntia.doc.gov/category/csmac>.

Dated: February 19, 2016.

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

Community Broadband Summit

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Telecommunications and Information Administration (NTIA), through the BroadbandUSA program, in conjunction with Next Century Cities will hold a one-day regional broadband summit, "Digital Northwest," to share information to help communities build their broadband capacity and utilization. The summit will present best practices and lessons learned from broadband network infrastructure build-outs and digital inclusion programs from the State of Washington and surrounding states, including projects funded by NTIA's Broadband Technology Opportunities Program (BTOP) and State Broadband Initiative (SBI) grant programs funded by the American Recovery and Reinvestment Act of 2009.¹ The summit will also explore effective business and partnership models and will include access to regional policymakers, federal funders and industry providers.

DATES: The Digital Northwest Broadband Summit will be held on March 21, 2016, from 9:00 a.m. to 5:00 p.m., Pacific Daylight Time.

ADDRESSES: The meeting will be held at the Bell Harbor Conference Center, 2211 Alaskan Way, Pier 66, Seattle, WA 98121.

FOR FURTHER INFORMATION CONTACT:

Barbara Brown, National Telecommunications and Information Administration, U.S. Department of Commerce, Room 4889, 1401

¹ American Recovery and Reinvestment Act of 2009, Public Law 111-5, 123 Stat. 115 (2009).

SUPPLEMENTARY INFORMATION: NTIA's BroadbandUSA program provides expert advice and field-proven tools for assessing broadband adoption, planning new infrastructure and engaging a wide range of partners in broadband projects. BroadbandUSA convenes workshops on a regular basis to bring stakeholders together to discuss ways to improve broadband policies, share best practices, and connect communities to other federal agencies and funding sources for the purpose of expanding broadband infrastructure and adoption throughout America's communities.

The Digital Northwest Broadband Summit features subject matter experts from NTIA's BroadbandUSA program and will include NTIA presentations that discuss lessons learned through the implementation of the BTOP and SBI grants. A panel will explore key elements required for successful broadband projects using a mix of regional examples. Topics will include marketing/demand aggregation, outreach, coordination with government agencies, partnership strategies, construction and oversight. A second panel will explore why broadband matters in comprehensive community planning and will provide real-world examples of how broadband applications help communities improve economic development, workforce development and education opportunities. A third panel will examine business model options, including private networks, public/private partnerships, co-ops and municipal systems. Panelists will provide tips to communities on how to research funding options, make a compelling case to funders and leverage multiple federal and state and non-profit funding streams. Community leaders interested in expanding economic development opportunities or commercial providers interested in expanding their markets, among others, should find the information presented at the summit valuable as they plan their broadband projects.

The summit will be open to the public and press. Pre-registration is required, and space is limited. Portions of the meeting will be webcast. Information on how to pre-register for the meeting and how to access the free, live webcast will be available on NTIA's Web site: <https://www.ntia.doc.gov/other-publication/2016/NWsummit>. NTIA

will ask registrants to provide their first and last names and email addresses for both registration purposes and to receive any updates on the summit. If capacity for the meeting is reached, NTIA will maintain a waiting list and will inform those on the waiting list if space becomes available. Meeting updates, changes in the agenda, if any, and relevant documents will be also available on NTIA's Web site at <https://www.ntia.doc.gov/other-publication/2016/NWsummit>.

The public meeting is physically accessible to people with disabilities. Individuals requiring accommodations, such as language interpretation or other ancillary aids, are asked to notify Barbara Brown at the contact information listed above at least five (5) business days before the meeting.

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2012-0056]

Agency Information Collection Activities; Submission for OMB Review; Comment Request—Safety Standard for Omnidirectional Citizens Band Base Station Antennas

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act ("PRA") of 1995 (44 U.S.C. chapter 35), the Consumer Product Safety Commission ("Commission" or "CPSC") announces that the Commission has submitted to the Office of Management and Budget ("OMB") a request for extension of approval of a collection of information associated with the Commission's Safety Standard for Omnidirectional Citizens Band Base Station Antennas (16 CFR part 1204), approved previously under OMB Control No. 3041-0006. In the **Federal Register** of November 25, 2015 (80 FR 73736), the CPSC published a notice to announce the agency's intention to seek extension of approval of the collection of information. The Commission received no comments. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for

extension of approval of that collection of information, without change.

DATES: Written comments on this request for extension of approval of information collection requirements should be submitted by March 25, 2016.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202-395-6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503. In addition, written comments that are sent to OMB also should be submitted electronically at <http://www.regulations.gov>, under Docket No. CPSC-2012-0056.

FOR FURTHER INFORMATION CONTACT: For further information contact: Robert H. Squibb, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7815, or by email to: rsquibb@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC has submitted the following currently approved collection of information to OMB for extension:

Title: Safety Standard for Omnidirectional Citizens Band Base Station Antennas.

OMB Number: 3041-0006.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers, importers, and private labelers of omnidirectional citizens band base station antennas.

Estimated Number of Respondents: We have identified five firms that supply omnidirectional citizen band base station antennas.

Estimated Time per Response: Based on the information compiled by manufacturers, importers, and private labelers of antennas to test and maintain records for certificates of compliance, we estimate an average of 220 hours per firm for annual testing and recordkeeping.

Total Estimated Annual Burden: 1,100 hours (5 firms × 220 hours).

General Description of Collection: The Safety Standard for Omnidirectional Citizens Band Base Station Antennas (16 CFR part 1204) establishes performance requirements for omnidirectional citizens band base station antennas to reduce unreasonable risks of death and injury that may result if an antenna contacts overhead power lines while being erected or removed from its site. The regulations implementing the standard (16 CFR part 1204, subpart B) require manufacturers,

importers, and private labelers of antennas subject to the standard to test the antennas for compliance with the standard and to maintain records of that testing.

Dated: February 18, 2016.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.
