

Advocacy (“OIEA”) created an electronic form (the Investor Form) that provides drop down options to choose from in order to categorize the investor’s complaint or question, and may also provide the investor with automated information about their issue. The Investor Form asks investors to provide information concerning, among other things, their names, how they can be reached, the names of the individuals or entities involved, the nature of their complaint or tip, what documents they can provide, and what, if any, actions they have taken. Use of the Investor Form is voluntary. Absent the forms, the public still has several ways to contact the agency, including telephone, facsimile, letters, and email. Investors can access the Investor Form through the consolidated Investor Complaint and Question Web page.

OIEA receives approximately 20,000 contacts each year through the Investor Form. Investors who choose not to use the Investor Form receive the same level of service as those who do. The dual purpose of the form is to make it easier for the public to contact the agency with complaints, questions, tips, or other feedback and to further streamline the workflow of Commission staff that record, process, and respond to investor contacts.

The Commission uses the information that investors supply on the Investor Form to review and process the contact (which may, in turn, involve responding to questions, processing complaints, or, as appropriate, initiating enforcement investigations), to maintain a record of contacts, to track the volume of investor complaints, and to analyze trends. Use of the Investor Form is voluntary. The Investor Form asks investors to provide information concerning, among other things, their names, how they can be reached, the names of the individuals or entities involved, the nature of their complaint or tip, what documents they can provide, and what, if any, actions they have taken.

The staff of the Commission estimates that the total reporting burden for using the Investor Form is 5,000 hours. The calculation of this estimate depends on the number of investors who use the forms each year and the estimated time it takes to complete the forms: 20,000 respondents $\times$ 15 minutes = 5,000 burden hours.

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Pamela C. Dyson, Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F St. NE., Washington, DC 20549; or send an email to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80104; File No. SR-BX-2017-011]

Self-Regulatory Organizations; NASDAQ BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Chapter VII, Section 6 of the Options Rules Relating to Market Maker Quotations

February 24, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 14, 2017, NASDAQ BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Chapter VII, Section 6 of the Options

Rules relating to Market Maker Quotations.

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaqbx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

BX is proposing to amend Chapter VII, Section 6 of the Options Rules relating to Market Maker Quotations to amend the quote spread parameters for in-the-money series where the market for the underlying security is wider than \$5. Currently, Chapter VII, Section 6 states that options on equities (including Exchange-Traded Fund Shares), and index options must be quoted with a difference not to exceed \$5 between the bid and offer regardless of the price of the bid, including before and during the opening. However, respecting in-the-money series where the market for the underlying security is wider than \$5, the bid/ask differential may be as wide as the quotation for the underlying security on the primary market. BX proposes to change this provision so that, for in-the-money series where the market for the underlying security is wider than \$5, the bid/ask differential may be as wide as the spread between the national best bid and offer (“NBBO”) in the underlying security.

BX is proposing this change so that Chapter VII, Section 6 will be consistent with Rule 803(b)(4)(i) of the International Securities Exchange, LLC (“ISE”) in this regard.³ Pursuant to the

³ ISE Rule 803(b)(4)(i) rule provides that (i) the bid/offer differentials stated in subparagraph (b)(4) of this Rule shall not apply to in-the-money options series where the underlying securities market is wider than the differentials set forth above. For

acquisition of the indirect parent company of ISE by Nasdaq, Inc. ("Nasdaq"),⁴ Nasdaq is migrating ISE platforms to Nasdaq platforms, and proposing consistent rules where appropriate. In addition to making the BX and ISE rules consistent with one another in this regard, BX believes that measuring the permissible width of a market maker's quote against the NBBO more accurately reflects the current trading environment where multiple trading venues contribute to the prevailing market price of a security underlying an options series traded on BX.⁵

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The proposed change adopts a bid/ask differential for market makers for in-the-money series where the market for the underlying security is wider than \$5 that is consistent with ISE Rule 803(b)(4)(i). BX also believes that the proposal is consistent with the Act because measuring the permissible width of a market maker's quote against the NBBO more accurately reflects the current trading environment where multiple trading venues contribute to the prevailing market price of a security underlying an options series traded on BX.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed change will adopt the same

these series, the bid/ask differential may be as wide as the spread between the national best bid and offer in the underlying security.

⁵ For example, if the primary market for ABC has a quote of \$65 (bid)–\$73 (offer), BX market makers currently may quote in-the-money option series on that security with a bid/offer differential of \$8, even if other exchanges that trade ABC may collectively have a higher bid of \$66 and a lower offer of \$72. Under the proposed rule, BX market makers would be required to quote in-the-money option series on ABC with a bid/offer differential of no more than \$6.

requirement as ISE Rule 803(b)(4)(i), and will apply the same standard to all Market Makers for in-the-money series where the market for the underlying security is wider than \$5.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
