

Dated: February 24, 2017.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix I

The merchandise subject to the order is SSB. The term SSB with respect to the order means articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons or other convex polygons. SSB includes cold-finished SSBs that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process. Except as specified above, the term does not include stainless steel semi-finished products, cut-length flat-rolled products (*i.e.*, cut-length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections.

The SSB subject to the order is currently classifiable under subheadings 7222.10.00, 7222.11.00, 7222.19.00, 7222.20.00, 7222.30.00 of the Harmonized Tariff Schedule of the United States (HTSUS).

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.⁶

Appendix II—List of Topics

Discussed in the Preliminary Decision Memorandum

1. Summary
2. Background
3. Scope of the Order
4. Use of Facts Available and Adverse Inferences
6. Conclusion

National Oceanic and Atmospheric Administration

RIN 0648-XF254

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Pacific Fishery Management Council (Pacific Council) will convene a pre-assessment workshop to review proposed data and modeling approaches for *groundfish* stock assessments scheduled for assessment this year. The pre-assessment workshop is open to the public. The workshop will also be streamed online via Webinar to facilitate remote participation.

DATES: The pre-assessment workshop will be held on Tuesday, March 21, 2017 from 1 p.m. until 5:30 p.m., or when business for the day has been completed. The workshop will reconvene on Wednesday, March 22, 2017 beginning at 8:30 a.m. and end on Thursday, March 23, 2017 at 5:30 p.m.

ADDRESSES: The pre-assessment workshop will be held in the large conference room at the Pacific Fishery Management Council office, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220; telephone: 503-820-2280. Public listening stations will be available at the Pacific Council office, as well as the following locations:

National Marine Fisheries Service, Southwest Fisheries Science Center, Room 188, 110 McAllister Way, Santa Cruz, CA 95060; telephone: 831-420-3947.

Oregon Department of Fish and Wildlife, Main Conference Room, 2040 SE Marine Science Drive, Newport, OR 97365; telephone: 541-867-4741.

To attend the Webinar, visit: <http://www.gotomeeting.com/online/Webinar/join-Webinar>. Enter the Webinar ID, which is 848-202-715, and your name and email address (required). After logging into the Webinar, dial this TOLL number 1 + (213) 929-4232 (not a toll-free number), then enter the Attendee phone audio access code: 548-202-793, then enter your audio phone pin (shown after joining the Webinar). NOTE: We have disabled Mic/Speakers on GoToMeeting as an option and require all participants to use a telephone or cell phone to participate. You may send an email to Mr. Kris Kleinschmidt, at

kris.kleinschmidt@noaa.gov or contact him, at 503-820-2280, extension 411 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, Oregon 97220.

FOR FURTHER INFORMATION CONTACT: Ms. Stacey Miller, NMFS Northwest Fisheries Science Center; telephone: 541-867-0535; or Mr. John DeVore, Staff Officer, Pacific Council; telephone: 503-820-2280.

SUPPLEMENTARY INFORMATION:

Agenda

The purpose of the pre-assessment workshop is to review proposed data inputs, modeling approaches, and any other pertinent information for new benchmark stock assessments for *lingcod*, *yelloweye rockfish*, *yellowtail rockfish*, and *blue/deacon rockfishes*. There may be limited discussion of assessments for Pacific *ocean perch* and California *scorpionfish*, which are scheduled benchmark assessments this year; however, these stock assessments will not be the focus of the workshop. The goal of the pre-assessment workshop is to promote dialogue about and a common understanding between assessment teams and data providers of the best data and analytical and modeling approaches for use in conducting the benchmark *groundfish* assessments scheduled for 2017. No management actions will be decided by the workshop participants.

Although nonemergency issues not contained in the workshop agenda may be discussed, those issues may not be the subject of formal action during this workshop. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent of the workshop participants to take final action to address the emergency.

Visitors who are foreign nationals (defined as a person who is not a citizen or national of the United States) will require additional security clearance to access the NMFS Southwest Fisheries Science center facility. Foreign national visitors should contact Ms. Stacey Miller, at 541-867-0535 at least two weeks prior to the meeting date to initiate the security clearance process.

Technical Information and System Requirements

PC-based attendees: Windows® 7, Vista, or XP operating system required.

⁶ The HTSUS numbers provided in the scope changed since the publication of the order. See *Amended Final Determination and Antidumping Duty Order: Stainless Steel Bar from Spain*, 60 FR 11656 (March 2, 1995).

Mac®-based attendees: Mac OS® X 10.5 or newer required. Mobile attendees: iPhone®, iPad®, Android™ phone or Android tablet required (use GoToMeeting Webinar Apps).

Special Accommodations

The workshop is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt, at 503-820-2280, (see **ADDRESSES**) at least ten business days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 27, 2017.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); SEDAR Data Best Practices Standing Panel Webinar

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR Data Best Practices Standing Panel Webinar.

SUMMARY: The SEDAR Data Best Practices Panel will develop, review, and evaluate best practice recommendations for SEDAR Data Workshops.

DATES: The SEDAR Data Best Practices Standing Panel Webinar will be held on Wednesday, March 22, 2017, from 1 p.m. to 2:30 p.m., to view the agenda see **SUPPLEMENTARY INFORMATION**. The meeting will be held via Webinar. The Webinar is open to members of the public. Those interested in participating should contact Julia Byrd at SEDAR (see Contact Information below) to request an invitation providing Webinar access information. Please request Webinar invitations at least 24 hours in advance of each Webinar.

ADDRESSES: *SEDAR address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405. www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT: Julia Byrd, SEDAR Coordinator, 4055 Faber

Place Drive, Suite 201, North Charleston, SC 29405; phone (843) 571-4366; email: julia.byrd@safmc.net.

SUPPLEMENTARY INFORMATION:

Agenda

The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing Webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The SEDAR Data Best Practices Standing Panel is charged with developing, reviewing, and evaluating best practice recommendations for SEDAR Data Workshops. The items of discussion for this Webinar are as follows:

1. Update on Data Best Practice feedback received to date
2. Prioritize Data Best Practice issues to address next and discuss process that will be used to address these issues
3. Other business

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SAFMC office (see **ADDRESSES**) at least 10 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Schedules for Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: Free Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops will be held in April, May, and June of 2017. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Protected Species Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been issued shark or swordfish limited access permits. Additional free workshops will
