7 CFR Part 966

[Doc. No. AMS-SC-16-0088; SC16-966-1 FR]

Tomatoes Grown in Florida; Increased Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This rule implements a recommendation from the Florida Tomato Committee (Committee) for an increase in the assessment rate established for the 2016–17 and subsequent fiscal periods from \$0.03 to \$0.035 per 25-pound carton of tomatoes handled under the marketing order (order). The Committee locally administers the order and is comprised of producers of tomatoes operating within the area of production. Assessments upon Florida tomato handlers are used by the Committee to fund reasonable and necessary expenses of the program. The fiscal period begins August 1 and ends July 31. The assessment rate will remain in effect indefinitely unless modified, suspended, or terminated.

DATES: Effective March 16, 2017.

SUPPLEMENTARY INFORMATION: This rule is issued under Marketing Agreement No. 125 and Order No. 966, both as amended (7 CFR part 966), regulating the handling of tomatoes grown in Florida, hereinafter referred to as the “order.” The order is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), hereinafter referred to as the “Act.”

The Department of Agriculture (USDA) is issuing this rule in conformance with Executive Orders 12866, 13563, and 13175.

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. Under the marketing order now in effect, Florida tomato handlers are subject to assessments. Funds to administer the order are derived from such assessments. It is intended that the assessment rate as issued herein will be applicable to all assessable Florida tomatoes beginning on August 1, 2016, and continue until amended, suspended, or terminated.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with USDA a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with law and request a modification of the order or to be exempted therefrom. Such handler is afforded the opportunity for a hearing on the petition. After the hearing, USDA would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction to review USDA’s ruling on the petition, provided an action is filed not later than 20 days after the date of the entry of the ruling.

This rule increases the assessment rate established for the Committee for the 2016–17 and subsequent fiscal periods from \$0.03 to \$0.035 per 25-pound carton of tomatoes.

The Florida tomato marketing order provides authority for the Committee, with the approval of USDA, to formulate an annual budget of expenses and collect assessments from handlers to

administer the program. The members of the Committee are producers of Florida tomatoes. They are familiar with the Committee’s needs and with the costs for goods and services in their local area and are thus in a position to formulate an appropriate budget and assessment rate. The assessment rate is formulated and discussed in a public meeting. Thus, all directly affected persons have an opportunity to participate and provide input.

For the 2015–16 and subsequent fiscal periods, the Committee recommended, and USDA approved, an assessment rate that would continue in effect from fiscal period to fiscal period unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other information available to USDA.

The Committee met on August 16, 2016, and unanimously recommended 2016–17 expenditures of \$1,494,600 and an assessment rate of \$0.035 per 25-pound carton of tomatoes. In comparison, last year’s budgeted expenditures were \$1,513,177. The assessment rate of \$0.035 is \$0.005 higher than the rate currently in effect. At the current assessment rate, assessment income would equal only \$990,000, an amount insufficient to cover the Committee’s anticipated expenditures of \$1,494,600. The Committee considered the proposed expenses and recommended increasing the assessment rate.

The major expenditures recommended by the Committee for the 2016–17 year include \$450,000 for salaries, \$400,000 for research, and \$400,000 for education and promotion. Budgeted expenses for these items in 2015–16 were \$435,377, \$400,000, and \$400,000, respectively.

The assessment rate recommended by the Committee was derived by dividing anticipated expenses by expected shipments of Florida tomatoes. Florida tomato shipments for the 2016–17 year are estimated at 33 million 25-pound cartons, which should provide \$1,155,000 in assessment income. Income derived from handler assessments, along with interest income, block grants, and funds from the Committee’s authorized reserve, should be adequate to cover budgeted expenses. Funds in the reserve (approximately \$999,361) will be kept within the maximum permitted by the order of no

more than approximately one fiscal period's expenses as stated in § 966.44.

The assessment rate established in this rule will continue in effect indefinitely unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other available information.

Although this assessment rate will be in effect for an indefinite period, the Committee will continue to meet prior to or during each fiscal period to recommend a budget of expenses and consider recommendations for modification of the assessment rate. The dates and times of Committee meetings are available from the Committee or USDA. Committee meetings are open to the public and interested persons may express their views at these meetings. USDA will evaluate Committee recommendations and other available information to determine whether modification of the assessment rate is needed. Further rulemaking will be undertaken as necessary. The Committee's 2016–17 budget and those for subsequent fiscal periods would be reviewed and, as appropriate, approved by USDA.

Final Regulatory Flexibility Analysis

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601–612), the Agricultural Marketing Service (AMS) has considered the economic impact of this rule on small entities. Accordingly, AMS has prepared this final regulatory flexibility analysis.

The purpose of the RFA is to fit regulatory actions to the scale of businesses subject to such actions in order that small businesses will not be unduly or disproportionately burdened. Marketing orders issued pursuant to the Act, and the rules issued thereunder, are unique in that they are brought about through group action of essentially small entities acting on their own behalf.

There are approximately 100 producers of tomatoes in the production area and approximately 80 handlers subject to regulation under the marketing order. Small agricultural producers are defined by the Small Business Administration (SBA) as those having annual receipts less than \$750,000, and small agricultural service firms are defined as those whose annual receipts are less than \$7,500,000 (13 CFR 121.201).

Based on industry and Committee data, the average annual price for fresh Florida tomatoes during the 2015–16 season was approximately \$11.27 per 25-pound carton, and total fresh

shipments were approximately 28.2 million cartons. Using the average price and shipment information, number of handlers, and assuming a normal distribution, the majority of handlers have average annual receipts below \$7,500,000. In addition, based on production data, an estimated grower price of \$6.25, and the total number of Florida tomato growers, the average annual grower revenue is above \$750,000. Thus, a majority of the handlers of Florida tomatoes may be classified as small entities while a majority of the producers may be classified as large entities.

This rule increases the assessment rate established for the Committee and collected from handlers for the 2016–17 and subsequent fiscal periods from \$0.03 to \$0.035 per 25-pound carton of tomatoes. The Committee unanimously recommended 2016–17 expenditures of \$1,494,600 and an assessment rate of \$0.035 per 25-pound carton handled. The assessment rate of \$0.035 is \$.005 higher than the 2015–16 rate. The quantity of assessable tomatoes for the 2016–17 season is estimated at 33 million 25-pound cartons. Thus, the \$0.035 rate should provide \$1,155,000 in assessment income. Income derived from handler assessments, along with funds from interest income, MAP funds, and block grants, should provide sufficient funds to meet this year's anticipated expenses.

The major expenditures recommended by the Committee for the 2016–17 year include \$450,000 for salaries, \$400,000 for research, and \$400,000 for education and promotion. Budgeted expenses for these items in 2015–16 were \$435,377, \$400,000, and \$400,000, respectively.

At the current assessment rate, assessment income would equal only \$990,000, an amount insufficient to cover the Committee's anticipated expenditures of \$1,494,600. The Committee considered the proposed expenses and recommended increasing the assessment rate.

Prior to arriving at this budget and assessment rate, the Committee considered information from various sources, such as the Committee's Executive Subcommittee, Research Subcommittee, and Education and Promotion Subcommittee. Alternative expenditure levels were discussed by these groups, based upon the relative value of various activities to the tomato industry. The Committee determined that 2016–17 expenditures of \$1,494,600 were appropriate, and the recommended assessment rate, along with funds from interest income, block grants, and funds

from reserves, should be adequate to cover budgeted expenses.

A review of historical information and preliminary information pertaining to the upcoming crop year indicates that the average grower price for the 2016–17 season could be approximately \$6.50 per 25-pound carton of tomatoes. Therefore, the estimated assessment revenue for the 2016–17 crop year as a percentage of total grower revenue could be approximately 0.5 percent.

This action increases the assessment obligation imposed on handlers. While assessments impose some additional costs on handlers, the costs are minimal and uniform on all handlers. Some of the additional costs may be passed on to producers. However, these costs are offset by the benefits derived by the operation of the marketing order. In addition, the Committee's meeting was widely publicized throughout the Florida tomato industry and all interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the August 16, 2016, meeting was a public meeting and all entities, both large and small, were able to express views on this issue.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the order's information collection requirements have been previously approved by the Office of Management and Budget (OMB) and assigned OMB No. 0581–0178 Vegetable and Specialty Crops. No changes in those requirements as a result of this action are necessary. Should any changes become necessary, they would be submitted to OMB for approval.

This rule imposes no additional reporting or recordkeeping requirements on either small or large Florida tomato handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies. As noted in the initial regulatory flexibility analysis, USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this final rule.

AMS is committed to complying with the E-Government Act, to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

A proposed rule concerning this action was published in the **Federal Register** on November 23, 2016 (81 FR 84507). Copies of the proposed rule were also mailed or sent via facsimile to all Florida tomato handlers. Finally, the

proposal was made available through the internet by USDA and the Office of the Federal Register. A 15-day comment period ending December 8, 2016, was provided for interested persons to respond to the proposal. One comment was received. The commenter opposes the assessment rate and stated the government should not raise the assessment. The marketing order for Florida tomatoes was established at the request of the industry and is locally administered by the Committee, which is made up of growers nominated by their peers. The Committee requires funds to operate the program. The current assessment rate will not provide sufficient funds to cover anticipated expenses and the Committee voted unanimously to increase the assessment rate. Accordingly, no changes will be made to the rule as proposed, based on the comment received.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/rules-regulations/moa/small-businesses>. Any questions about the compliance guide should be sent to Richard Lower at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

After consideration of all relevant material presented, including the information and recommendation submitted by the Committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it is also found and determined that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** because handlers are already receiving 2016–17 crop tomatoes from growers. The crop year began August 1, 2016, and the marketing order requires that the rate of assessment for each fiscal period apply to all assessable Florida tomatoes handled during such fiscal period. Also, the Committee incurs expenses on a continuing basis. Further, handlers are aware of this rule, which was unanimously recommended at a public meeting, and a 15-day comment period was provided for in the proposed rule.

FEDERAL HOUSING FINANCE AGENCY

12 CFR Part 1202

RIN 2590–AA86

Freedom of Information Act Implementation

AGENCY: Federal Housing Finance Agency.

ACTION: Interim final rule with request for comments.

SUMMARY: The Federal Housing Finance Agency (FHFA) is issuing this interim final rule to amend its existing Freedom of Information Act (FOIA) regulation. The amendments incorporate the requirements of the FOIA Improvement Act of 2016 by giving notice of the circumstances under which FHFA may extend the time limit for responding to a FOIA request due to unusual circumstance; notifying a requester of their right to seek dispute resolution services; affording a requester a minimum of 90 days to file an administrative appeal; and clarifying and updating the existing regulation.

DATES: The interim final rule is effective on March 15, 2017. FHFA will accept written comments on the interim final rule on or before May 15, 2017. For additional information, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: You may submit your comments on the interim final rule, identified by “RIN 2590–AA86,” by any of the following methods:

- *Agency Web site:* www.fhfa.gov/open-for-comment-or-input.
- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments. If you submit your comment to the

Federal eRulemaking Portal, please also send it by email to FHFA at RegComments@fhfa.gov to ensure timely receipt by FHFA. Include the following information in the subject line of your submission: “Comments/RIN 2590–AA86.”

- *Hand Delivery/Courier to:* Alfred M. Pollard, General Counsel, Attention: Comments/RIN 2590–AA86, Federal Housing Finance Agency, 400 Seventh Street SW., Eighth Floor, Washington, DC 20219. The package must be logged at the Guard Desk, First Floor, on business days between 9 a.m. and 5 p.m.

SUPPLEMENTARY INFORMATION:

I. Comments

FHFA is amending its FOIA regulation at 12 CFR part 1202 to incorporate changes made to the FOIA, 5 U.S.C. 552, by the FOIA Improvement Act of 2016, Public Law 114–185, 130 Stat. 538 (June 30, 2016) (Act). The primary changes to the FOIA made by the Act include codifying the foreseeable harm standard when making a determination whether to release agency records under Exemption 5; notifying requesters of the availability of dispute resolutions services at various times throughout the FOIA process; providing a minimum of 90 days for requesters to file an administrative appeal; incorporating the new statutory restrictions on charging fees in certain circumstances, and reflecting recent developments in the case law.

FHFA invites comments on all aspects of the interim final rule and will take all relevant comments into consideration before issuing the final regulation. All submissions received must include the agency name or Regulatory Information
