

There is not a stand-alone training course on EJ in ODOT's Training Plan. In one District, a project manager (non-environmental staff) stated they had never received training on EJ. When the team asked management in one district about expectations for EJ, management indicated that they had none.

The ODOT management identified EJ as an area needing improvement in their Self-Assessment report. In the interim, FHWA encourages ODOT to consider EJ training for its staff and consultants, offered by the NHI and/or the FHWA Resource Center.

Next Steps

The FHWA provided a draft of this audit report to ODOT for a 14-day review and comment period and considered ODOT's comments in developing this draft report. In addition, FHWA will publish a notice in the **Federal Register** to make the report available to the public and for a 30-day comment period, pursuant to 23 U.S.C. 327(g). No later than 60 days after the close of the comment period, FHWA will respond to all comments submitted, pursuant to 23 U.S.C. 327(g)(2)(B). Once finalized, FHWA will publish the audit report in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Background: FMCSA amended then-existing regulations for brokers in response to Title IV, Subtitle B of the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (SAFETEA-LU) (Pub. L. 109-59) and a petition for rulemaking from the American Moving and Storage Association (AMSA). The final rule titled, "Brokers of Household Goods Transportation by Motor Vehicles," (75 FR 72987, Nov. 29, 2010), amended 49 CFR part 371, by providing additional consumer protection responsibilities for brokers of HHG. Specifically, section 4212 of SAFETEA-LU directs the Secretary to require HHG brokers to provide individual shippers with the following information whenever a broker has contact with a shipper or potential shipper:

1. The broker's USDOT number.
2. The FMCSA booklet titled "Your Rights and Responsibilities When You Move."
3. A list of all authorized motor carriers providing transportation of HHG used by the broker and a statement that the broker is not a motor carrier providing transportation of HHG.

The collection of information required in the referenced final rule assist shippers in their business dealings with interstate HHG brokers. The information collected is used by prospective shippers to make informed decisions about contracts, services ordered, executed, and settled. The HHG broker is often the primary contact for individual shippers and in the best position to educate shippers and prepare them for a successful move. The information collected makes that possible. It also combats deceptive business practices as the information helps enforcement personnel better protect consumers by verifying that shippers are receiving information to which they are entitled by regulation.

HHG brokers are required to provide individual shippers the "Your Rights and Responsibilities When You Move" booklet and the "Ready to Move" brochure. They have the option of providing paper copies or presenting the information through a link on their Internet Web site. The broker is required to document with signed receipts that the individual shipper was provided those materials. HHG brokers are also required to provide the list of HHG

motor carriers for which it would arrange transportation to move a potential individual shipper's HHG, and that broker's identification information:

1. Assigned USDOT number; and
2. Address.

With this renewal, FMCSA makes minor revisions to the collection. First, a program adjustment of 19,522 annual burden hours is the result of the removal of first-year burden-hours that are no longer applicable. We also provide an updated estimated number of household goods brokers.

Title: Practices of Household Goods Brokers.

OMB Control Number: 2126-0048.

Type of Request: Revision of a currently approved collection.

Estimated Number of Respondents: 543 brokers.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize or include your comments in the request for OMB's clearance of this information collection.

Issued under the authority of 49 CFR 1.87 on: March 9, 2017.
